In attributing such vehable properties to this remedy, at rash or unwarrantable assertion is haste, but is simply stated a fact; proven undeniably and conclusively by the extraordinary cures, and benefits derived from its use, under the direction of its illustrious originator, br. Hoofland, among all classes of Suropean society, and from the immense may of testimony, from all parts of the American continent, excaminated during the last ten years, in the hands of the present proprietor. The prevalence of diseases to which this German Bitters are adapted, it is with sorrow we say it, is almost universal; indeed there is scarcely a family throughout the whole extent of our country in which there cannot be deriman litters are adapted, it is with corrow we say it, and the whole extent of our country in which there cannot be found among its members that peculiar sailow and language appearance denoting a diseased layer, or an emaciated and suffering byspeptic.

Then of what immense importance to thus class of invalid that a certain and reliable remedy should be placed with their reach; one in which no baneful or injurious drug enters into its composition; a remedy on which the patient can relia with the utmost couldence and certainty, and be assured rom actual and tangible proofs that the article he is using feally possesses the virtues attributed to it. Such a romedy as "HOOFLAND'S GERMAN BITTERS." Thousands o dollars have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor leads the greatest satisfaction in stating that there is no state, country, or even village, where the Medicine has been introduced, that there cannot be found numbers willing testify to its virtues.

It is used constantly in the practice of a large number of the most prominent Physicians in the country, who have the most prominent Physicians in the country, who have also added their written testimony in evidence of its great virtues. In conclusion, then, we would respectfully ask of all those smilected with any of the above diseases to give the

all those afficied with any of the above disease to give the Bitters a trial, and rest assured, it will nover be regretted. In proof of the statements above made, all are invited to read attentively the Almanac published annually by the proprietor, for Farmers and Families, containing a great number of useful receipt, in addition to the testimony in favor of the Bitters, from the most prominent and well known individuals in all parts of the Union. All Agents for the Bitters are authorized to distribute the Almanac greationally. sters are authorized to distribute the Almanac gratuitously.
