Respected Friend-I had for several years been afflicted cidentally tried thy medicine, Hoofland's German Bitters, in the first place upon a daughter, she having a severe spell of sickness. Thy Hoofland's German Bitters had such effect upon her general debility, that I was induced to try it myself. I then get a bottle, and used it according to the directions, and it relieved me more than anything I had before used, giving general tone and strength to the stomach and system. Last fall I had a very severe spell of the Diarrhæa, which continued for some time. My life, for a a time, was despaired of. Thy bitters again being used, acted very happlly upon the stomach and intestines, and soon relieved me from the great pain I suffered, and gave me general health to the system. I cousider it, doctor, one of the most valuable medicines I ever used, and shall take great pleasure

Respectfully thy friend, SAMUEL HUTTON.

Rather Romantic .- A young woman, who had grown weary of the monotony of this spring weather, donned the accourrements of a male biped on Wodneday evening, and with a companion in her own proper attire, went to the Theatre, and took a seat in the boxes. The bearing of the couple was the subject of general remark in the house, but increased when, etween the acts, she went to the saloon, drank freely, smoked cigars, swore like a trooper, &c., winding up by getting quite happy, and indulging in a good deal of noise. The eyes of the police officers had been upon her during the evening, and on her becoming disorderly, she was arrested and taken to the Mayor s office, where her sex was discovered. She was kept in the watch house all night. Yesterday morning the Mayor read her a severe lecture on her very improper conduct, and warned her that if she was again ound in male apparel she would be sent to jail to disorderly conduct. She was then discharged. is a character well known to the police.

Bome idea of the strength of these gams may be formed whom it is known one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without an y of its deleterions effects.
