Рикареврия, 3d mo., 20, 1850. Respected Friend-I had for several years been afflicted with Dyspepsia, and occasionally a General Debility. I accidentally tried thy medicine, Hoodand's Gorman Bitters, in the first place upon a daughter, she having a severe spell of sickness. Thy Hooffand's German Bitters had such effect upen her general debility, that I was induced to try it myelf. I then get a bottle, and used it according to the directions, and it relieved me more than anything I had before used, giving general tone and strength to the stomach and system. Last fall I had a very severe spell of the Diarrhoea, which continued for some time. My life, for a a time, was despaired of. Thy bitters again being used, acted very happily upon the stomach and intestines, and soon relieved me from the great pain I suffered, and gave me general health to the system. I consider it, doctor, one of the most valuable medicines I ever used, and shall take [great pleasure in

recommending it to others. Respectfully the friend. SAMUEL HUTTON, No. 5 Jennings Row, Catharine, above Third. To Dr. C. Jackson, 120 Arch street, Philadelphia.

Electing of Stockholders of the Pitts-burgh, Fort Wayne and Chicago Rail-road Company. Pursuant to notice, the first annual meeting of the Chicago Railroad Company was held at the Rooms of the Board of Trade, on Fourth street. Some inine or ten inches high, with sandy hair and red three hundred or more Stockholders were in atten-The meeting was organized by calling Gen. Les ter Bliss, of Delfhos, Ohio, to the President's chair, and appointing R. B. Sterling, Esq., of this city, and T. D. Messler, Esq., Auditor of the Company,

The first business before the meeting was the reading of the report of the Board of Directors, by Geo. W. Cass, Esq., the President of the Board. As we ublished the report entire in our issue of Saturday last, our readers are already familiar with it, and we shall not republish any part of it now.

Mr. Ferguson, of New York, moved that the report be accepted, and offered the following resolution,

be accepted, and offered the following resolution, which was unanimously adopted:

Resolved, That the thanks of the Stockholders be and hereby are presented to the President of the company, for his able and clear report, and that in accepting the same, undiminished condience in the successful result of the entriprise so soon as the line shall be finished and put in operation to Chicago is hereby expressed; that while they assent to and approve of the determination of the Directors to make all purchases of supplies for cash and prompt regular menthly payments to the employees of the company, they would enjoin upon them the duty and necessity of making provision at the earliest day possible for the payment of the arrears of wages due to employees on the line of the road, and with this view to carry to its furthest extent as stringent a system of retrenchimat and economy in the administration of its affairs as is consistent with the permanent interest of both creditors and shareholders of the company.

Mr. Magarge, of Philadelphia, offered the following resolutions:

Mr. Magarge, or Financipula, onered the lottowing resolutions:

Revolved, That this meeting instruct be new Board about
to be elected, or any Board hereafter elected, to discontinue
the payment of salaries or wages per diem to any of its
members, except@the chief executive officers, for services
rendered as Directors of this company.

Resolved, That this meeting instruct the Board of Directors to so modify the By-Laws of this company as to prevent the purchase of any supplies or materials for the road,
either directly or Indirectly, from any member of the Board,
officer or agent of the company.

Resolved, That the Board of Directors be instructed to
have a book with a litt of the stockholders of this company

As was also the following, offered by a stocknolder:

Resolved, That we recommend to the new Board of Di-

expenditure; to discharge all officers and agents not abso-lutely needed for the safe and efficient conduct of the company affairs, and to keep a watchful eye and stern hand over all the operatives and employees of the company, executive, financial and operative

Mr. Winslow, of New York, then offered an addiional resolution, which was, on motion, passed without opposition:

Resolved, That it is the opinion of this meeting, in view

of the future success, credit and presperity of the company, that it is of vital importance that the Board of Directors, should at all times be watchful in providing promptly for the interest as it falls due on the funded debt of the compuny, as well as for the sinking funds which are pledged for its liquidation, and for the payment of the other debts of the company.

A stockholders then proposed the adoption of the following, which was agreed to:

Resolved, That the names and places of employment of all persons in the employ of the company receiving a salary of six hundred dollars and upwards, be kept in a book in the office of the company, for the inspection of all the Stock-

holders.
Mr. G. W. Cass, President of the road, then arose and made a few remarks respecting the imperative necessity of a speedy termination of the road to Chicago, and offered the following preamble and Chicago, and offered the following preamble and resolutions on the part of the Board of Directors:

WHEREAS, The completion of the road of this company into Chicago at an early day, is of the highest importance to the Stockholders; and whereas, the Board of Directors are of the opinion, that while the assets of the company sreample in amount, they cannot at the present time be made fully available for the object, without the aid of cash means and other assistance from parties having no control over the management of the Board, and therefore without security for the fathful application of the means which may be furnished, therefore, by have the assent of the shareholders to make such contract or arrangement (as may legally be made) with parties fur-dishing cash or other means to an extent that shall secure

the completion of the road within eight months, as will fully assure to said parties the proper management of the business of the road and the injudicious expenditure of all means coming into the possession of the Company, whether from transportation receipts, saie of bonds or otherwise. Resolved, That, if necessary, the contract or arrangement may, at the discretion of the Directors, extend to a general but well defined supervision over the finances and operations of the Company, until all or such portion of the advances are repaid as may be stipulated for in the agreement, or until the net earnings of the company will insure a market value to the stock and bonds of the Company, that will appear to render certain the punctual payment of the interest on such securities as may be used in payment for the work to be executed. letion of the road within eight months, as will

family use.

Its advantages over other Scaps are:—lat. It is cheaper to use, one pound being equal to three of common rosin Scap. 2d. Half the time need only be occupied in washing wheh this Scap is used in place of other Scap. 3d. Labor in washing can be nearly dispensed with, as the clothes will require little if any rubbing, thus avoiding their wear on the wash-board. 4th. Eoling the clothes is unnecessary when this Scap is used, and hard or salt water answers equally as well as soft. 5th. Printers, Machinists, Painters and others, find it far superior to other Scaps. It speedily removes grease, tar, paint, printers' ink and dirt from the hands, leaving the skin soft, and free from chapping.

To avoid the labor of rubbing the clothes, and the use of the wash-board, the following directions should be followed:
For the washing of eight or ten of a family, take one pound of Scap, out it into shavings, and dissolve in one gallon of bot water; put the clothes into a tub containing about ten gallons of warm water; pour in the dissolved Scap, and stir thoroughly. Let them soak twenty to thirty minutes, wring out, and rines in warm water once, cold water twice. A very dirty wrist-band, or seam, or grease spets, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing or biling. Cold water may be used in place of hot, requiring about double time in scaking.

MEDICAL. OMLY ONE BOTTLE DR. SANFORD'S INVIGORATOR SALTPULED TO CURE ANY ONE troubled with Liver Complaints, unless the most desperate of cases, when the second bottle will, with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a phesician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gums.

ms practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gams.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without an y of its deleterious effects.

We know there is nothing now before the American public, prepared with such skill by a scientific man, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the world, simply because it rest on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such know of know remedy that will so surely cure them as the Invigorator.

The Invigorator cures Sick Headache. Take one or two teappoinfuls at each attack and it will soon disappear. For an overloaded stomach, or when food rises or some, take the Invigorator after eating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a teaspoonful once or twice daily. For Lose of Appetite, Languor or Listlezeness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, take a teaspoonful on retiring, and the demons of dream-land will all be fairies. After eating a hearty dinner, take a dose of Invigorator and it will relieve all oppression or fullness. The Invigorator is a Liver Remedy of unequaled virtue, acting directly on that organ, curing Dyspepsia, Jaundice, Billions Attacks, Dysentory, Piles, Worms, and all Female Obstructions, for which it has no equal.

We know there is nothing now before the American public prepared with such skill by a scientific man, particularly for diseases of the Liver, as 1 r. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the wor d, simply because it rests on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, was know of no remedy that will so surely cure them as the nylgorator.

There has lately teem brought to our notice a medicine that seems to possess wonderful, curative and healing properties in diseases of the Liver, Stomach and Digestive Organs. It came to us with so many testimonials in its favor that we have noted its effects is some of the worst cases of continual dibility, caused by deranged liver, and in every instance the effect was to relieve or give a permanent care, Dr. Sanford's Invigorator, or Liver Remedy is what we refer to. We always have been credulous about cures by patent medicines, but we are convinced that this medicine, for family use, is not overrated by the host of recommendation in thas. Our advice is, for all troubled with Indigestion, It billity or Bowel Complaint, to get a bottle and try it; our word for it, relief will be experienced.

BLESSINGS TO THE INVALUES Who use Dr. Sauford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the Invigorator is used, for it will assurely drive them away, as daylight will banish darkness, of this there can buse doubt to these whe try it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates from those who use it or have been cured by it, Try one bottle, it it does not benefit, then we are mistaken.
