PITTSBURGH THEATRE. port of family marketing, carefully corrected: FIGTSBURGH BOARD OF TRADE AND NEW Meeting of Stockholders of the Pitts-burgh, Fort Wayne and Chicago Rail-road Company. SECOND DAY. APPOINTMENT EXTENDED TO OUR FAMILY MARKETING. MERCHANTS' EXCHANGE. MISS KIMBERLY.....LYSSES AND MANAGERESS J. G. HANLEY......STAGE MANAGER. DR. SANFORD'S INVICORATOR JUNE FIRST. TS REQUIRED TO CURE ANY ONE TS REQUIRED TO CURE ANY ONE troubled with Liver Complaints, nules; the most desperate of cases, when the tecond bottle will, with scarce a single failure, resters the patient to health and vigor. We wish to call the attention of all to these faves, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a nuccess almost credulous, and that it is entirely vegetable, bring composed wholly of gams.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much strength as one hundred dozes of Calomel without any of its deleterious effects.

We know there is nothing now before the American public, prepared with such skill by a scientificman, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the world, simply because it rest on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of know remedy that will so surely cure them as the Invigorator. DRS. FITCH & SYEES would state that their treatment of Consumetion is based upon the fact that the disease exists in the blood and system at large, both before and during its development in the lungs, and they therefore employ Mechanical, Highento and Medical remedies to purify the blood and strengthen the system. With these, they use MEDICAL INSTRUCTION, which they value highly, but only as Fallications, which used alone have no Caratice effects, and Invalids are earnestly cautioned nealest wasting the precious time of curability on any treatment based upon the plansible, but false idea that the seat of the disease can be resched in a direct manner by Inhalation.

A list of questious will be sent to those wishing to consult us by letter. Address
