TRUE HANDS AND TRUE HEARTS.

BY FRANCIS A. CARLE. Give me the hand that is went, kind and ready, Give me the hand that is calm, true and missely. Give me the hand that will never deceive me, Give me the grasp that I may believe thee. Soft is the palm of the delicate woman, Hard in the hand of the rough, stardy yooman; Soft hand or hard hand—it matters not—never, Give me the grasp that is friendly forward. live me the grasp that is friendly forever.

Give me the hand that is true as a brother, dive use the hand that has not harmed another. Give me the hand that has not forsworn it. Give me the hand that I may adore it Lovely the palm of the blue-veined maiden, Ugly the hand of the workmen o'er gladen: Lovel or ngly—it matters not never, Give me the hand that is friendly forever. Give me the grasp that is hopest and hearts

Free as the treeze, and unshachled by party, fer is the treeze, and unshachled by party, bet friendship give me the grasp that becomes he close as the twine of the vine in summer. Give me the hand that is true as a brother, give me the hand that has not wrong another; off palm or hard hand—it matters not—never, this me the hand that is friendly forever.

THE DAILY POST. secret oaths not to breathe his mame even in solitude, and the strange figure cut in the stone, a mystery to all that saw it, at the spot where he met his death. His fate was not known, even to his brother,

for some years, when he was informed of it, in language uncouth but strikingly foroible, in an anonymous threatening letter. Up to that time he bulieved he had abscorded on the night after being denounced, as nothing was found in his cottage save the furniture, which was claimed for rent and taxes. But let us trace the after life of Edmund. He was successful in business to a siegularity; everything seemed to flourish with him, save that he had no children. But with all this no creature could give even outward evidence of being more miserable. It is remarked by all with whom he came into contact that he appeared a very picture of remorse and mental agony, and this especially evident after the period at which he became informed of the fate of his brother.
About this time he took to the private con-

sumption of opium, which he carried to such an extent that it brought him to the brink of the grave. He was confined to bed at last, dying with all the louthsome symptoms attendant on death from such a cause. A medical practitioner who was called to prescribe for him, on hearing the nature of the ease, at once completely stopped the opium. But deprivation of the stimulating drug seemed only to accelerate his dissolution, and at length in cented to breathe. He was buried in a vault beneath the church MAPITAL. 8197,026 ASSEIS, \$363,465 89. circumseribing the wood in whose limits Peeche of the parish in which his house was situated. "We managed to hend aside one limb of the crossed stanchion, and being all pretty elim fellows, got through the loophole into the vault with tolerable facility, and commenced digging by the light of a dark lantern, having proviously hung up a couple of great ocats, by way of blind, before the loophole by which we had entered. Presently we came to the coffin, prized open the lid, and turned aside the drapery to see what sort of a subject we were likely to have.

Then there was piecemeal we flung into the river that ran through piecemeal we flung into the river that ran through the town: nor was it ever suspected that he did taything but sleep undisturbed in his grave." The end of Mrs. Vasper was analogous in its misery. After the death of her husband, on whom she deted fondly to the last, it became evi-
