LOCAL AFFAIRS.

United States Circuit Court

Before Judge Irvin.

The Court met yesterday morning at ten o'clock, but no cases being ready for trial, it was adjourned until the next o'clock in the afternoon.

At that hour the Court re-assembled, the Grand Jury came in, and were called, and they reported three true bills against Lewis W. Bollard, for embezzlement of money in the United States mail at Beaver; three against Robert Arnold for making counterfeits of the United States, and two against Henry Moore for uttering the same.

At the request of R. P. Flenniken, counsel for Lewis W. Bollard, who stated that material witnesses on behalf of the defend at were absent, the case was continued until the present.

The cases of Robert Arnold and Henry Moore were called when R. Biddle Roberts, Esq., stated that neither party were ready for trial, and therefore asked for a continuance until the next regular term of this Court, which was allowed.

In the case of the United States vs. Bretsch, no bills had been found.

The Court adjourned until ten o'clock this morning, when the case of the United States vs. Lewis W. Bollard will be taken up.

Benefit of Mr. W. H. Bailey.

We know that it will be gratifying to a portion of our citizens to learn that Mr. W. H. Bailey is to take a benefit at Foster's Theatre this evening. He has hosts of friends who will cheerfully embrace the opportunity of contributing their mite to swell the house on this occasion. Mr. Bailey has, in a manner, become identified with the Pittsburgh stage, and though his reputation as a truthful delineator of his very different line of characters has spread far and wide, he still remembers the scene of his first triumphs and remains among us. In addition to his superiority as an actor, Mr. Bailey is a generous, genial, courteous gentleman, and wherever he goes he wins the admiration and respect of all who know him. The bill offered for this evening is one in which he will have ample scope for displaying his artistical powers. He appears as "Old Rapid" in the excellent English comedy of "Cure for the Heart Ache," and as Solon Shingle in the side-splitting piece of "The People's Lawyer." In both these characters he has been very successful elsewhere, and will doubtless be here. Singing and dancing will also be added to the attractions of the evening. We feel warranted in saying that "Old Bailey" will have a bumper, as the theatre-goers of our city seldom neglect to evince their appreciation of such a general favorite by turning out *en masse* on such an occasion; and we are sure that a substantial compliment of this kind could not be more worthily bestowed.

Country Items.

The Hollidaysburg "Standard" states that Elias Baker, Esq., proprietor of the Allegheny Furnace, in Blair county and reputed to be one of the wealthiest men in the State, has failed to a large amount. His liabilities, it is said, exceed two hundred thousand dollars. It is thought however, that his extensive property will cover all his debts and still leave him a handsome competence. Allegheny Furnace has been leased for a term of years to Messrs. Bell, Johnston, Jack & Co., who have purchased the personal property, and will in future operate the establishment.

The Mount Vernon (Ohio) "Banner" says of the crops in that vicinity: "Our information from all parts of Knox county in regard to the grain crops is altogether favorable. The wheat, especially, looks very well, and promises a heavy yield to reward the husbandman for his toil. From present indications we shall have a year of plenty.

Col William C. Lloyd, of Steubenville, has been appointed by Gov. Chase to fill the vacancy in the Judgeship of the Probate Court of Jefferson county, caused by the death of Judge Sutherland.

The Hollidaysburg "Standard" thus speaks of the fruit prospects in that neighborhood:—"From what we can learn, we are pleased to say that the fruit crop was not near so much injured as was anticipated by the recent "cold snap." A small portion of the blossoms of some of the earlier varieties of fruit were killed, but the remainder will be all the better for this. The standard of all fruits—apples—seemed entirely—of which, should nothing interfere, there will be an abundant crop.

Larceny from a Steamboat.

On Monday, Capt. George S. M'Clintock, of the steamer Henry Graff, made information, before Mayor Weaver, against Christian Musser and Christian Keller, two men who had been engaged as deck hands on his boat for some two years, charging them with larceny at various time. A search warrant was issued and on Monday evening Keller's house was searched and several articles which it was supposed had been taken from the boat were found, consisting of a piece of green cloth, one of calico, two of check, one of black satinett and a quantity of soap. Keller was not arrested yesterday morning. Christian Musser was captured at his boarding house in Allegheny, near the aqueduct, and in his trunk was found a piece of cloth, corresponding with the piece found at Keller's, also a piece of check, and other articles. Capt. M'C. states that articles have been missed from the boat quite frequently, for which they have been obliged to pay, and it is probable this system of plunder has been pursued for some time. Musser was held for further hearing.

Heavy Fine.

Tuesday night a notorious character named James On[illegible] was taken to the watch-house on a charge of disorderly conduct. It seems, from the statement of a German named Christop[illegible]er Peters, that as he was walking down Smithfield street in company with another person, they were accosted by M'Kee and another man. A few words passed, when Peters called the watchman to protect him from M'Kee, from whom he feared violence. After the watchman came M'Kee struck Peters and knocked him down. He was immediately arrested, make complaint watch house. Peters also went down to another blow and while in the captain's office dealt Peter[illegible]ed up until which filled him to the earth. M'Kee was lo[illegible] and was morning, when he was fined $26, which he paid and was released. He would have been committed to jail for assault and battery, but Peters was a stranger and could not remain to prosecute.

MANNY'S MOWER AND REAPER.—We examined yesterday one of the best and most complete machines for the purposes of mowing and reaping that we have ever seen. It is manufactured by A. Patchen, Wes field, N. Y., under the Manny patent. This machine has met with unparalleled success, both in this country and Europe, and the farmers in our vicinity who have seen it in operation, speak in high terms of its capabilities. The workmanship and finish of the machine is superior, and some important improvements have been added this season. We would recommend farmers visiting the city to call and examine it. One advantage possessed by this machine over others is that, while it is the best extant, it is sold at a much lower price. Mr. John Hart is the general agent for the sale of this valuable implement in Western Pennsylvania. He can be found at 97 First street, where he will be happy to exhibit the workings of the machine.

PENNSYLVANIA RAILROAD.—The Philadelphia "Ledger" states that the travel of emigrants over the Pennsylvania Railroad during the month of April, this year, was much greater than at the same period in 1857. The total number passing over the road the past month was 3 269, of which number 895 were way passengers, 691½ went to Pittsburgh, and 2,491 to points west of Pittsburgh. Of the whole number, 1,859½ were adults, with 34,190 lbs. extra baggage, were from New York, emigrants preferring this route, in consequence of the reduction of rates and reaching their destination without the loss of much time. The total number of passengers since the 1st of January is 7,960, while during the same period in 1857, only 5,865 emigrants passed over the road.

NEW LITERARY DEPOT.—We observe that a very neat little establishment in the shape of a periodical depot has been opened on Market street, two doors from First, by our young friend D. A. Boles. He has on hand a full supply of all the leading periodicals of the day, and will receive the novelties in his line as fast as they appear. Mr. B. is a young man of energy and enterprise, and we hope he may meet with the success he deserves. We would commend the attention of steamboatmen especially to this establishment, as he will devote particular attention to that branch of his business. Everything usually kept at similar establishments can be purchased there at reasonable rates.

FINE ESTABLISHMENT.—We invite attention to the advertisement of J. S. Shaffer, in this day's paper. Mr. S. has a large assortment of eastern-made carriages and harness of the best quality and of fashionable styles, which are sold cheap. Gentlemen from the country who may wish to supply themselves with neat and good articles of this description will be certain to find what they desire.

ETHIOPIAN ENTERTAINMENTS.—By an advertisement in another column it will be seen that the old Pittsburgh Theatre is to be opened next week, with one of the best companies of Ethiopian Minstrels now traveling, the "Morris Brothers, Pell and Trowbridge Minstrels." This is a class of entertainment very popular in our city, and we have no doubt this engagement will prove a good card for the management.

MAYOR'S OFFICE.—Matters about Mayor Weaver's office yesterday were very quiet. In the morning there were eight cases on hand—six were sent up, and two paid their fines.

IT MAY INTEREST strangers visiting Allegheny city, and others, to know that a superior article of Men and Boys' Clothing, White and Colored Shirts, Undershirts and Drawers, Gloves, Hosiery, &c., can be had at Carnaghan's, Federal street, near the Post Office, at low rates for cash. Every garment sold in the establishment is warranted well made.

☞ THE SUCCESS WHICH ATTENDS THE USE OF DR. J. HOSTETTER'S Celebrated Stomach Bitters evinces at once its virtues in all cases of debility and disease of the Stomach. Certificates almost without number have been published, attesting its almost miraculous power in removing those painful and fearful diseases. And at this time it seems idle to do more than call attention to the great remedy of the age, in order to awaken public attention to its excellence. It is the only preparation of the kind that is reliable in all cases, and it is therefore worthy of the consideration of the afflicted. The Bitters are pleasant to the taste, agreeable in their effects, and altogether valuable as a tonic or remedy for indigestion.
