Pawyer, re-ceives the preference over all other kinds ever offered for WILLIAM CLAYTON & CO., A SOAP, manufactured by B. C. & J. H. Pawyer, re-receives the preference over all other kinds ever offered for family uso. Its advantages over other Scaps are:-Ist It is cheaper to use, one pound being equal to three of common roain Soup. 2d. Half the time need only be eccupied in washing when this Scap is used in place of other Soap. 3d. Labor in washing can be nearly dispersed with, as the clothes' will require little if any rubbing, thus avoiding their wear on the wash-board 4th. Soiling the clothes is unnecessary when this Soap is need, and hard or salt water answers equally as well as soft. 5th. Printers, Machinlats, Painters and others, find if as superior to other Scaps. It speeding re-moves grease, tar, paint, printers' ink and dirt from the hands, leaving the shin soit, and free from chapping. To avoid the labor of rubbing the clothes, and the use of the wash-bo.rd, the following directions should be followed: Fer the washing of eight or ten of a family, take one pound of Scap, cut it into shaviags, and dissolve in one gailon of hot water; put the clothes into a tub containing about ten galous of warm water; pour in the dissolved Scap, and stir thoroughly. Let them soak twenty to thirty minutes, wring out, and rinas in warm water once, cold water twice. A very dirty wrist-hand, or seam, or grease ap tu, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing or boiling. Cold water may be used in place of hot, requiring about double time in scaling. AG Observe our name on each bar.
