THE UNDERSIGNED IS PREPARED TO COVER AND REPAIR ALL KINDS OF DES FITCH & SYMES would state that their treatment of Convention is based upon the fact that the disease excits in the blood and system of large, both byfore and during the descippenent in the lange, and they therefore employ Mechan-ical, Mygienic and Medical remedies to purify the blood and strengthen the system. With lass, they use MEDICAI. IN-HALATION, which they value highly, but only as Fallia-tries, which used along have no Curative effects, and Inva-lidis are examined and the discase upon the plansi-ble, but false idea that the scatt of the disease can be reached in a direct manner by Inhalation. AF No charge for consultation. A list of questions will be scat to those wishing to consult us by letter. Address A Roofs, with Russell's Mastic. This composition is adapted for all kinds of Roofs, flat or steep; it can also be applied on Thn, Iron, or O'd Shingles, making a perfect jeb. This composition is not affected by atmospheric changes; it will nrither crack nor run; it is impervious to water; FIRE PROOF and more durable than any other kind of Roof-ing. This roofing material is used in vas: quantities throughout the United States, on Houses, Bridgez, Rolling Mills, Railroad Cars, and Steamboats, giving entire satisfaction, and is considered a perfect protection from the elements. Although this roofing was only introduced here in 1856, it can be seen on many of the buildings in the city. Also, on most of the Railroads. BETWEEN WOOD AND LIBERTY STREETS, All kinds of Shawls, Dresses, Ribbons, and overy description of Silk and Woolen Goods executed at short notice, and on reasonable terms. [sp28:3m THE CHEMICAL OLIVE ERASIVE A SOAP, manufactured by B. C. & J. H. Eawyer, re-receives the preference over all other kinds ever offered for

A. SOAP, manufactured by B. C. & J. H. Eawyer, recreates the preference over all other kinds ever offered for family use.
 Its advantages over other Soaps are -1st. It is cheaper to use, one pound being equal to three of common resin Scap. 2d. Half the time need only be occupied in washing when this Soap is used in place of other Soap. 3d. Laber in washing can be nearly dispensed with as the clothes will require little if any rubbing, thus arolding their wear on the wash-board. 4th. Ecoling the clothes is unnecessary when this Scap is used, and hard or eait water answers, equally as well as solt. 5th. Printers' link and dirt from the hands, leaving the skin soit, and free from chapping.
 To arold the labor of rubbing the clothes, and the use of the wash-board, the following directions should be followed: For the washing of eight or ten of a family, take one pound of foap, cut it into shavings, and dissolve in one gallon of hot water; put the clothes into a tub containing about ton gallons of warm water; pour in the dissolved Scap, and stir throught. Let them soak twenty to thirty minutes, wring ont, and rinse in warm water once, cold water twice. A very dirty wrist-band, or seam, or grease specia, may require a slight rubing, but otherwise the clothes will come out clean and white, without rubbing or boiling. Cold water may be used in place of hot, requiring about double time in soaking.
 Age Observe cur name on each bar.
