Mr. Baslo, a gentleman who seems paculiarly qual-

All No charge for consultation.

A list of questions will be sent to those wishing to consult only has been in the possession of the present owner. The Carrots glass manufactured at this establishment is of good quality. glass manufactured at this establishment is of good quality.

In the window glass factory now in operation there are
Horseradish, ten pots in use, and there turn out from six to seven boxes five boxes daily, or about four hundred a week. In this branch of the manufacture about forty hands are employed,

A large proportion of these are mineral water bottles, and we are informed that the orders for this article this season have exceeded two thousand gross, one firm in St. Louis having ordered twelve hundred gross.

To those who do not understand the medus operandi o the manufacture of glass, a short description of the process will be acceptable, and we will give a sketch of its rationale, for the benefit of our country readers more especially. A mixture is made of sand, soda ash, lime and salt, in certain proportions, and to this is sometimes added a portion of cullet or broken glass. This mixture is placed in the pots in we stated yesterday, has been developed. One little bey the fornaces in the evening, and in the morning, from twelve to fourteen hours afterwards, it is melted into glass and ready to work. In the manufacture of glass, the blower takes a sufficient quantity of glass on the end of his pipe, the quantity varying with the size of the vial to be blown, and after rolling it over a few times on a smooth slab, drops it into the mould and blows it until it reaches the proper size and shape. The bottle is then detached from the pipe and the neck fluished with another instrument; a boy provided with a long fork immediately carries it off to an oven, in which it is placed for the purpose of being tempered. After being kept at a certain heat for some time, the oven is allowed to cool gradually, and the ware is completed. It is then transferred to the packing room, where it is sorted and tested,

and all ware not coming up to a certain standard is cast aside, and the blower is not paid for it. A good blower will make from three to four gross of bottles or six to eight gross of vials daily, the wages for which amounts to between sixty and eighty dollars per month. The manufacture of window glass is more complicated

The glass, which is differently proportioned from that used for vials, is first blown into cylinders from one-sixteenth to an eighth of an inch thick, about five inches in diameter, and from four to five feet long, open at both ends. After being allowed to cool, these cylinders are split from end to then carried to the oven room, where the cylinders are placed in a very hot oven, the split upwards; the cylinders are arranged at certain distances on a revolving wheel, and, as they reach a certain point, when partially melted, they are opened by a man, with a long iron instrument. Passing on to the next aperture they are now almost at a melting heat, and are flattened down by anot' er workman, with a heavy block of wood attached to a long handle. Moving on, to notice the increase on this valuable route. the now flattened glass passes into a cooler atmosphere, and is loaded by machinery on the first of a train of small iron cars, and, as car after car is loaded in this manner, the first passes on, till, on reaching the outside of the oven, it is larger. They are carried to the cutting room where two men, with diamonds, take glass, examine, select, and cut it into the different sizes, with an astonishing rapidity. It is then packed into boxes of fifty feet each, when it is ready on hand at J. B. D. Clark's News Depot, No. 4 Gira-d House for market. This factory turns out about twenty thousand boxes annually. They employ in their business about one cask of soda ash daily.

The number of hands employed in these works is about one hundred and seventy-five, when all the "houses" are gine now published. Call and supply yourselves. going. At present they employ about one hundred and thirty, sixty in the vial department, forty in the window glass factory, and thirty in the packing department. The average wages of each of these hands is about fifty dollars per month. The work only ten hours a day. Mr. John V. Auth, a fine mechanic, is foreman of the vial factory, and Mr. William Baye, who understands his department per-fectly, is chief of the "window house." are beare is the general manager and superintendent of the works. It is pleasant to see these "sturdy sons of toil" at their not upon the slippery basis of wild speculation, but on the

labors, and to know that the prosperity of our city is built, combined basis of labor and capital, and as long as we give due encouragement to the former, without allowing it to be hard pressed by the latter, we need have no fears for the future of our city. We shall, at an early day, pay a visit to other of our manufactories, and give the result of our ot-THE MINSTRELS AT MISS KIMBERLY'S THEATRE .- We hav not the least doubt but that two-thirds of all classes of our

citizens will go to hear the renowned troupe of minstrels who are now giving their Ethiopian entertainments at Mis Kimberly's Theatre. No kind of amusement draws so well in this city as that which is now fashionably termed Negro Opera. While first class dramatic performances are given to almost empty benches, a company of minstrels will come among us and fill a hall or a theatre nightly for weeks. The troupe now engaged at the old Theatre is composed of parties well known to our citizens. Lon Morris and his brother Billy, better known here as the "Mocking Bird," Johnny Pell, Trowbridge and Prescott, were for many years attached to Ordway's Æoleane, and Dick Sliter has performed many successful engagements, and by one and all bas been ac knowledged the champion female and jig dencer of the orld. Then, in addition, there are the little prodigies Master Rentz and Little Tommy, only eleven and thirtee years old, who really perform wonders. Of course all the young folks will want to see these little chaps, and we would suggest to the management the policy of giving a Matines on Saturday afternoon, so that families may be able to bring out all the children.

ENDED IN SMCKE .- On Tuesday afternoon Mr. John Herror who occupies a lot in the Ninth Ward, made complaint against a number of lumbermen for occupying more than thirty-two feet in width, with their rafts, which he alleged was a great inconvenience to him, and contrary to a city ordinance. Four or five of the parties were arrested and taken before Mayor Weaver, who examined the matter and held over a decision until yesterday merning, when he de. cided that the ordinance relative to the Allegheny wharfs under which this prosecution was laid, did not extend be youd the aqueduct, and that the case was therefore dis-

NEW BOOKS received this day at Clark's News Depot, No. 4 Girard House, Smithfield strest, corner of Third. Mr. Clark is fast filling up his shelves with the choicest gems of Amer ican litera ure, and intends hereafter to present to each and every patron who purchases a book of one dollar and upands a present of some kind, such as may be expedient to him, in no case less than one-tenth the value of the book nor more than one-half. By this means he is in hopes t isseminate at least one-third more than in the ordinary way, at the same time dividing his profits among his patrons a useful manner, he hopes to gain the favor of all. Call

THE LECTURE THIS EVENING -We hope none of our reader who desire to spend an evening in rational enjoyment, will neglect being present at the lecture of Rev. Dr. Moriarty, on India, in the basement of St. Paul's Cathedral, this evening. The doctor has had sufficient experience to enable him to speak knowingly on the subject he has chosen, and we hope a large audience may be present. The proceeds of the lecture are to be applied to the Mercy Hospital, and this

fact alone should draw many to the lecture. THE NATIONAL .- Mr Neafie apposted last night in his great character of Jack Cade, at Foster's National Theatre. This evening he appears as Harolde, the Merchant of Calais, in a new play of that name, and also as Don Cavar de Bazan As this : vening will be his benefit and last appearance, we terday merning, four of which he sent to jail, the rest paying their times. His other business was unimportant.

THE ORPHAN'S FAIR at City Hall closed last evening, having been moderately successful. Mr. Passavant is a philanthro pist, and his efforts for the good of the suffering should be warmly seconded by a generous public.

Boys' clothing for Spring and Eummer, made with neat-JACOB HUFFMAN, in the firm of Huff- | Federal street, Allegheny City. Boys' shirts, white and calored, boys' gloves, hosiery and under wear, and many little articles of boys' dress, such as are with difficulty obtained, will be found at his establishment for reasonable

THE SUCCESS WHICH ATTENDS THE USE OF DR. J. HOSTETTER'S Celebrated Somach Bitters evinces at JOUVIN'S KID GLOVES, GAUNTLETS, once its virtues in all cases of debility and disease of the Stomach. Certificates almost without number have been published, attesting its almost miraculous power in removing those painful and fearful diseases. And at this time it dy of the age, in order to awaken public attention to its exseems idle to do more than call attention to the great remecellence. It is the only preparation of the kind that is reliable in all cases, and it is therefore worthy of the consideration of the afflicted. The Bitters are pleasant to the And HEAD-DRESSES, AT taste, a creeable in their effects, and altogether valuable as a tonic or remedy for indigestion.

For cale by druggists and dealers generally, everywhere Hostetter & Smith, Manufacturers and Proprietors, 58 Water and 58 Front streets.

Pittsburgh Retail Market. We matched this morning our regular weekly re-

OUR FAMILY MARKETING

" Apples, Butter, Roll, Print, Eggs, ₽ doz ... THE ALLEGHENY MURDER.-We visited Allegheny again yesterday for the purpose of ascertaining whether any further developments had been made in the matter of the murder of Tuesday. In the vicinity of Evans' house considerable excitement still prevails, and though rumors of every kind, some of them ridiculous in the extreme, were freely circulated, yet nothing reliable, in addition to what makes a statement that he heard high words in Evans house, and that when he went there the door was slammed in his face; but the story is not generally credited. To-mor row the affair will undergo another investigation, when the additional facts will be made public. -The unfortunate victim was interred yesterday after-100n. She was followed to the grave by an immense nuni-

er of persons, and up to the departure of the funeral, the sidewalks in the neighborhood of the house were completely blocked up by an anxious crowd. For the information of those of our readers who may want to purchase carpets, we will say, a most excellent ssortment of these goods can now be seen at A. M'Tighe's, corner of Grant and Fifth streets; and as regards the prices, we suppose it is enough to make it known that M'Tighe

offers good, all wool, two ply, Ingrain Carpets at fifty to sixty-two cents a yard, and he tells us that all his other carpets he sells at proportionate prices. CONCERT.—A concert was given in the First Associate Re formed Church of Manchester on Tuesday evening, and reeated last night, for the benefit of the Sabbath school

attached to that church. The entertainments were under the direction of Mr. Slack, and the performance of the amateur musicians was such as to do credit to themselve end on one side, by means of a piece of hot iron. They are and their leader. The church was well filled on both evenings, and the proceeds must have been considerable.

FURNITURE — We refer our readers to the advertisement of Messrs. Fackiner & Irwin, in another column. Their estab. lishment is at No 103 Smithfield street, near Fifth, and they quite cool and thoroughly tempered. These sheets, when they come out, are about three feet by four, sometimes tured in their own shops, which will compare favorably with any in the city. We commend this firm to the patron-

CLARK'S NEWS DEPOT .- The budget of news for this week consisting of Ballou's Pictorial, the Weekly Novelette, Dol lar Newspaper, Leslie's Illustrated, Flag of Our Union, and the New York Weekly. He has also received Ballou's Monthly, one of the best and decidedly the cheapest maga-THE GREAT SUCCESS which has ever attended the

use of J. M. Olin's Celebrated Stomach Bitters, and the nu merous certificates which are daily received, in their favor show conclusively that they are the greatest and most relia ble preparation of the kind ever introduced to the public; and at this season, when loss of appetite is so prevalent, no them. The Bitters are pleasant to the taste and agreeable in their effects. As a tonic they are delightful; they are a reliable remedy for Dyspepsia, Costiveness, etc., and a sure preventive of most of the prevailing diseases of the day. For sale by J. M. OLIN, sole proprietor and manufacture No. 267 Penn street, Piltsburgh, Pa., and by dealers generally.

ECOPFINES.

CONSISTING OF CARVAG SATERATED WITH RESINOUS SUBSTANCES, ETC,

PATENTED IN 1886. THE UNDERSIGNED IS PREPARED TO COVER AND REPAIR ALL KINDS OF Recofs, with Russell's Mastic. The compassion is a lapted for all kinds of Recofs. fist or steep; it can also be applied on Tin. Iron, or 0 d Shin. less, making a perfect fob. This composition is not effected by atmospheric changes; it will neither crack ner run; it is impervious to water; VIRE PROF and more durable than any other kind of socialing. This routing material is used in vas—quantities throughout the United States, on Houses, Bridges, Rolling Mills, Italiroad Cars, and Steamboats, giving entire satisfaction, and is considered a perfect protection from the elements. Although this roofing was only introduced here in 1856, it can be seen on many of the buildings in the city. Also, on most of the Rallroads.

mest of the Railroads.

I here refer to a few places where this Roofing is in use, and can be seen—Cleveland and Pittsburgh Railroad; at Belle Air; Bridgeport; Martinsville; Portland; Lagrange; Steubenville; McCoy's; Wellsville; Liverpool and Rochester Stations, and the Manchester Depot; Penesylvania Central Railroad; Spruce Creek Astoria Station, Mill at Tipton and Parsonage at Alteona; Allegheny City, Westminster College, and many other Buildings; Pittsburgh, J. McCully's Warehouse; Ben. Trimble's Hotel; also, numerous others in this city. All orders left at No. 247 LIBERTY STREET, PITTSBURGH, (where samples of the ma-

terial can be seen,) will receive prompt attention, by MEDICAL. AUCTION SALES.

THE GREATEST OF THE AGE.

R. KENNEDY, of Roxbury, has discovered in one of our common to the contract of Every kind of Eumor, FROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over cloven hundred cases, and never failed except in two cases, (both thunder humor.) He hanow in his possession over one hundred certificates of it value, all within twenty miles of Easten.

Two bottles are warranted to care a pursing some month. Two bottles are warranted to cure a nursing sers mouth.
One to three bottles will care the worst kind of Pimple

If the face. Two or three bottles will clear the system of biles. Two bottles are warranted to cure the worst canker in th nouth or stomach.

Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the Two bottles are warranted to care running of the cars and lotches among the hair.

Four to six bottles are warranted to cure corrupt and unning ulcers.

One bottle will cure scaly eraption of the skin. Two or three bottles are warranted to cure the worst kind f ringworm.

Two or three bottles are warranted to cure the most ces perate case of rheumatism.

Three to four bottles are warranted to cure salt-Rheum.

Three to four bottles are warranted to cure sait-Rheum. Five to eight bottles will cure the worst case of scrouln. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROMBURY, MASS

DEAR MADAK,—The reputation of the Medical Discovery, in curing all kind of humors, is so well established by the unanimous voice of all who have over used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise. cians and the most careful bruggists in the country are an animous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of the curative power, in relieving all, and curing most of those diseases in which you are un fortunately so liable. That most excruciating disease to ar

NURSING SORE MOUTH, Is cured as if by a miracle; your own temper is rectored to its natural sweetness, and your babe from short and frotful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your hasband and bonesheld. In the more advanced stages of CANKER It extends to the stomach, co

KIDNEY8, eating a sinking, gone feeling, and an indifference even to RAW AND INFLAMED, RAW AND INFLAMED, your food distresses you, and you can early take certain kinds, and even of that your system does not get half the nourishment it contains as the scrimonous fluid of the canker east it up; then your complexion losses its bloom and becomes asslow or greenish, and your best day is gone. For want of nourishment your system becomes losse and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE; Delpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bond, and also, that most excrutire, irregularity of anting of diseases, the PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress oe your mind that good old proverb, "An ounce of prevention is better than a pound of care." In the MEDICAL DISCOVERY on have both the preventative and the cure, with this great ad good quality, that it will never, under any circumstances. nd good quanty, source or you can get on you any injury.

Ns change of diet ever necessary—eat the best you can get and enough of it.

DIRECTIONS FOR USE—Adults one table spoonful per day—
Children over ten veges dessert spoonful—Children from the

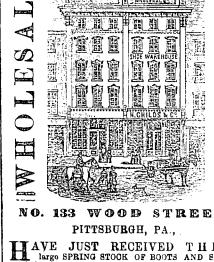

Dilidron over ten yease dessert spoonful—Oblidron from five of gipt years, tea spoonful—Oblidron from five of gipt years, tea spoonful. As no directions can be applicable; to all constitutions, take sufficient to operate on the powers twice a day. Yours truly,

DONALD KENNEDY. Price \$1,00 per bettle. For sale by

JOHN EIBER & CO., FANCY DYERS AND SCOURERS. No. 8 Sixth Street,

BETWAIN WOOD AND LIBERTY STRBETS. PITTSBURGH, PA. All kinds of Shawls, Dresses, Ribbons, and very description of Silk and Woolen Goods executed a hort notice, and on reasonable terms. THE CHEMICAL OLIVE ERASIVE A SOAP, manufactured by B. C. & J. H. Sawyer, re-eccives the preference over all other kinds ever offered for H. SOAP, manufactured by B. C. & J. II. Fawyer, rereceives the preference over all other kinds over offered for
family use.

Its advantages over other Soaps are:—lst. It is cheaper
to use, one pound being equal to three of common rosin
Soap. 23. Half the time need only be occupied in washing
when this Soap is used in place of other Soap. 3d. Labor
in washing can be nearly dispensed with, as the clothes
will require little if any rubbing, thus avoiding their wear
on the wash-board. 4th. Boiling the clothee is unnecessary
when this Scap is used, and hard or salt water answers
equally as well as soft. 5th. Printers, Machinists, Painters
and others, find it far superior to other Soaps. It speedlily removes grease, tur, paint, printers' ink and dirt from the
hands, leaving the skin soft, and free from chapping.

To avoid the labor of rubbing the clothes, and the use of
the wash-board, the following directions should be followed:
For the washing of eight or ten of a family, take one
pound of Soap, cut it into shavings, and dissolve in one
gallon of hot water; put the clothes into a tab containing
about ten gallons of warm water; pour in the dissolved
Soap, and stir thoroughly. Let them soak twenty to thirty
minutes, wring ont, and rinse in warm water once, cold
water twice. A very dirty wrist-band, or seam, or grease
spots, may require a slight rubbing, but otherwise the
clothes will come out clean and white, without rubbing or
bobling. Cold water may be used in place of hot, requiring
about double time in soaking.

As Observe our name on each bar.
