Dr. GEO. H. HEYSEK, Of all diseases the great, first cause Springs from neglect of Nature's laws.

SUFFER NOT WHEN A CURE IS GUARANTEED IN III A WOULD TO SEASES, Solf-Abuse, Nervous Debility, Strictures, Gleots, Gravel, Disbries, Diseases of the Kidneys and Bindder, Mercurial Rheumatism, Serofula, Pains in the Bones and Ankles, Diseases of the Langs, Throat, Nose and Lyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epiteptic Fits, St. Vita's Dance, and all diseases Throat, Nose and byes, Ulcers upon the Body or Limbs, Cancera, Dropsy, Epileptic Fits, St. Vita's Dance, and all diseases arising from a derangement of the Sexual Organs, such as nervous trembling, loss of memory, loss of power, general weakness, dimners of vision with peculiar spots appear in before the eyes, loss of sight, wakefulness, dyspepsia, liver diseases, cruptions upon the face, pain in the back and head, female irregularities and all improper discharges frem both soxes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent curw can be effected by any other treatment, even after the disease has baffled the shill of eminent physicians and resisted all the reason of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place theisasleves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the case falling into the hands of incompetent persons, who not only toil to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption. Consumption.

But should the disease and the treatment not cause death

BELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victins through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marrage, society, business, and all earthly happiness, and leaves the sufferer wretched in body and mind, predisposed to Consumption and a train of ovis more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Solf-Abuse that a permanent and specify can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health. igorous nealth.

A T THE BUFFALO PRIVATE HOSPI-

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious source in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions reined by the vite compounds of quack doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analysed many of these called Patent Medicines and flud that one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, have invented a most important in it: unent for the cure of the above diseases. It has been subjected to a feat by the most eminent physiciens in London. Paris, Philudelphia and sanctioned by thousands of the most remarkable cures.

Medicines, with full directions, sent to any part of the United States or Canadas, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address
