Proposals for Naval Supplies.

NAVY DEPARTMENT,
Bureau of Construction, Equipment, &c.,
May 13th, 1858.

SEALED PROPOSALS to furnish naval supplies for the fiscal year ending 30th June, 1859, will be received at this bureau until 12 o'clock, M., of the 10th day of June next. Those proposals must be endorsed "*Proposals for Naval Supplies, Hats in lieu of Contracts in kind*," that they may be distinguished from other business letters.

Blank forms of proposals and schedules may be obtained at this bureau, or at the navy-yards, to which parties desire to offer, on application to the [illegible] Bureau, or to the navy agents at those yards, and [illegible] to the commandants of the navy-yards, for information as to the quantities required at those yards.

Each proposal must be accompanied by the guarantee of two responsible persons, residents of the State or Territory in which the bidder resides, that if the contract be awarded to him, he will enter into contract with them for the faithful performance of the same, and that they will become bound in the sum required for that purpose. The guarantors must also certify that they are worth the amount required for bids. The commandant and navy agent of the station will have a copy of the guarantee for the bidder's examination only, from whom it will be withheld whether it will be desirable to take legal action for default.

Proposals will be received for delivery at such navy-yards as may be designated by the commandants of the respective yards, and will be paid by the navy-agent at the yard or depot of delivery, within thirty days after its presentation to him.

It is stipulated in the contract that, if default be made by the parties of the first part in delivering at any of the yards or depots designated in the class B for in the contract, of the quantity and at the time and place above provided, there, and in that case the said contractor and his sureties will forfeit and pay to the United States a sum of money not exceeding twice the amount of such class, which may be recovered from time to time, according to the act of Congress in that case provided, upon the delivery of one-fourth part on or before the 1st day of September next, one-fourth part on or before the 1st September next, one-fourth part on or before the 1st December next, and the remaining one-fourth part on or before the 1st April next, and the remainder at the times above named, unless earlier required by a notice of twenty days, comprising an entire delivery in such part or on or before the day or days specified in such notice. Lots to suit all following:

If additional quantities of any of the articles named therein are demanded, they are to be furnished on the same terms and at the same prices as the original, during the fiscal year, upon receiving a notice of fifteen days from the bureau, the commandant of the navy-yard, or navy-agent.

JAMES BUCHANAN.
