Court of Quarter Sessions. Before President Judge William B M'Olure, and Associate Judges Adams and Parke.

SATURDAY, June 12.

Several offenders who have been convicted during the week were brought in and received the sentence of the Court, as follows: Robert White, convicted of stealing a horse from Ephraim Morrow, of West Deer township, was sentenced to four years imprisonment in the Penitentiary. On two convictions for larceny sentence was deferred.

J. L. Mohr, with one or two aliases, convicted of grand larceny in robbing Dunlap's hardware store, who made such persistent efforts to escape, was sentenced to three

years in the Western Penitentiary. John Davis, convicted of stealing a horse from Neah Still, store of James L. Byrer, of Warren, was sent over for two and for all Female Complaints, continues his are nece with years on the former and one year on the latter charge. the Court taking into consideration the statement of the prison, that he had never before committed an oftense gainst the laws. He appeared very penitent. The remainder of the business was unimportant, and the

Court adjourned until ten o'clock on Monday morning.

In the District Court on Saturday, Judges Hampton and Williams on the Bench, a question of Bability was decided, of considerable importance. The case was that of M. Railroad, having two trunks, for which he held checks. | paid, 1.4 4 cents. Near the city he was called upon by an agent of the Omnibus Company, to whom he entrusted his checks, requesting and he wished them well cared for. This the agent prom-

Coroner Couch, of New Brighton, held an inquest on Sat arday last, on the body of a man who was found at th mouth of Crow's ran, on the Ohio river. The body wa lodged in the branches of an apple tree that had floated down the river. Deceased was about eighteen or nineteen years old. The only clothing he had on when found were a pair of pants and some pieces of a checked shirt-one sho on and sock on the other foot. The body was buried on the bank of the river, by the Coroner.

An extensive slide occurred upon the Cleveland and Pitts bergh Railread on fast Tuesday night, near Smith's Ferry carrying away the track for about six hundred feet, and in some places leaving a chasm forty feet in depth. A house was carried about seventy feet with the slide toward the river. It will take some days to repair it; meantime passengers are conveyed around it upon a ferry boat

The American House, kept by William Alexander, in Clarion, was struck by lightning during the storm of Monda of last week. A portion of the fire wall was knocked o and the fluid, in passing to the ground prostrated a little so of Mr. A., who was considerably stunned. He is now recov

On last Monday, Robert Woodward, a young son of Mr Milton Woodward, of Brownsville, came to an untimely death by drowning. He fell from a log, which extended some distance into the river. We have not lerrued whether the body was recovered

John Burns, tried and convicted last week at Wheeling for the murder of Mary Montany, on the 13th of April, was sentenced, on Monday, to be hung on Friday, the 3rd day of

HIGH WATER IN THE SMALL STREAMS.—The rainy weather of the last few days had a tendency to swell some of the streams, and come of them have become so unmanageable that their banks will not hold them. This is especially true of Chartiers creek. On Saturday morning it was said tha before. A large trust of country and a considerable quan tily of property was destroyed. Outhouses and burns washed away, bridges were torn down and carried off and the crops are much damaged. A house on Chartiers creek was carried off, during Friday night, with its owner nside, and he was saved with great difficuly Sheriff Paterson's burn, containing corn, teed and other articles to the value of a thousand dotter, was carried away, and two or three bridges errors the creek have disappeared. Turtle creek and Pine creek have outgrown their banks, and quite a loss from damaged crops. Our rivers have not a vet been very much affected by this inundation, though th river was high on Saturday, yet should the rain continue. we may expect more of a flood than we had last month.

CONTESTED ELECTION.—In the Court of Common Pleas, c Baturday, a contested election case was before the Bench. If seems that at the election for Justice of the Peace in Turen tum, on the 7th of May last, George Dupherne, (Democrat, the present incumbent, and James M'Call, (Republican were candidates. M'Call was an officer of the board of election, and was returned as elected by a majority of one vote. two electors having resided in the borough ten days be fore the election. The respondent claims that he is legally clected, inasmuch as the two voters had not resided in the borough six months, and were consequently not entitled to 1 BALE ANISEED, for sale by jet2 B L FAHNESTOCK & C.J. elected, inasmuch as the two voters had not resided in the suffrage under the borough election laws. We learn that the mail train coming west on th Pennsylvania Railroad on Friday night was delayed some hours by a part of the hillside coming down on the road, near Brinton's station. A gentleman informs us that in therty or forty places between here and Freeport, on the Allegheny Valley Railroad, the road is covered with stones, trees, stumps, earth, &c , washed down by the heavy rains. The trains are much delayed by these annovances.

NOSTRUMS AND DISPASES.—That class of diseases most com-

mon among the inhabitants of our latitude is undoubtedly that known as Lung and Throat complaints-Consumption of nostrums have been called into existence, but too often without banefit to the victim. WE HEREBY CAUTION THE PUBLIC against t e man; frauds perpetrated on our article HOF. TETTER'S CELEBRATED STOMACH BITTERS, in weich there is no imitation except the label, which, for a time may sell under our name, and when, to the detriment of health, the fraud is discovered, and the sale of the noxlous preparation ceases, another name is substituted and new energy applied to soil it at low prices, while other parties with an imitation label, are able in many instances to palm it off on the unsuspecting at a low price for the genuine "Hostotter Bitters." We, therefore, caution the public against all such outrages; and request them when purchasling, to see that our autograph signature is attached to the label, and the name of "Dr. J. S. S. Fitch, of New York, and feel it to be their duty also to caution the invalid pubised to do. One of the trunks reached the hotel, while the lic against impositions which seem daily increasing, or other was lost. The trunk was valued at \$780. The Com- cont developments in New Yora, of the frauds practiced by pany could not account for the loss of the trunk, but claim-"old Dr. H. Most of these traveling doctors take advantage of the precalent but eroneous belief that lung disease can be cured by

inhabitions; and either profess to be connected with ourselves, (some even having assumed our very names,) or some eastern physician of great repute, or else with some far off ind mythical) Hospital or University; and invalids in their exmestness to regain health forget to exemine proofs and results of treatment, but are persuated by bare assertions to place their health and lives in charge of incompetent and inprincipled men.
