ATTEMPTED SUGDE .- On Friday night a couple name Graham were arrested and lo ked up in the watch house in Allegheny. Soon afterwards a noise was heard in the cells and on going down it was found that Mrs. Graham had attempted self-destruction by endeavoring to hang herself by her shawl, having fastoned it to the bars of her cell. Sh was watched during the night, and ou Saturday morning she was brought over and taken to jail. On arriving there she was taken to the upper corrider, allotted to the women, and while being conveyed to her cell, attempted her life a second time by trying to jump over the balustrade. Fortunately, however, she was caught by the turnkey and preconted. She was then taken to a coll, and an hour later she was caught in a third attempt at suicide. She had an old case knife secreted on her person when she entered the jail, with which, when discovered, she was hacking away with the intention of cutting her throat. With a little care she might have succeeded in her wicked institution. She is now closely confined and a strict watch is kept over her, which, it is hoped, will prevent the accomplishmout of the dee which she seems so determined to execute.
