In attributing such valuable properties to this remedy, no rash or unwerrentable assertion is made, but it simply stated a fact; proven underfably and conclusively by the extraordinary curse, and benefits derived from its use, under the direction of its illustrious originator, Dr. Hoofland, among all classes of European society, and from the humenes many of testimony, from all parts of the American continent, accommisted during the last ten years, in the hands of the present proprietor. The prevalence of discesses to which this German Bitters are adapted, it is with corrow we say it, is almost universal; indeed there is scarcely a family throughout the whole extent of our contrivr in which there cannot be found among its members that peculiar sallow and languiz appearance denoting a diseased liver, or an emaciated and shiving Dyspoptic. appearance denoting a diseased Liver, or an emociate ahiveing Dyspoptic.

It matters not from what cause the disease originated, however long standing or obtained to the case, recovery is certain, and in a shaper time than a permanent cure can be effected by any other treatment, even after the disease has badied the skill of eminent physicians and resisted all the remained of cure. The medicines are pleasant without eder, casing no sickness and free from mercury or balsata. During twenty years of peacite, I have rescued from the laws of death many thousands, who, in the last stages of the allow mentioned diseases had been given up to die by their physicians, which warrants me is promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to healife, as they are the first cause of Consumption, Screenia and many other diseases, and should be a torror to the human family. As a permanent cure is scarcely over effected, a majority of the cases falling into the hands of incompotent persons, who not only fail to cure the disease bet ruin the constitution, filling the system with mercury, which, with the disease, hastens the miferer into a rapid Consumption.

But should the disease and is a treatment not cause death peedily, and the victim marries, the disease is entailed por the chaltren, who are born with feeble constitutions.
