Court of Quarter Sessions. Before President Judge William B. M'Clure, and

Associate Judges Adams and Parke. TUDSDAY, June 29. Commonwealth ve. Isaac Callahan, a colored man, charged with larceny in stealing a cloth coat from Garret Fitzgerald, during last April. The jury, after a short absence, returned a verdict of guilty, and the prisoner was remanded for sentence.

Commonwealth vs. Matthew Keep and John Giblin, charged with extertion in demanding and receiving money from Sarah Ann Neff, under protoxt of protecting her from difficulty on account of selling liquor. We have already stated the facts of this case at some length. Sarah Ann Neff testified to the same facts as Isid down in the information before Alderman Rogers, and also stated that Giblin had paid the money back to her, and made several attempts to settle the matter, endeavoring to make her believe that, if taken to Court, it would cause her much trouble, and put her to considerable expense.

Mr. Collier road the act of 1856, making it incumbant on police officers to return the names of all perovidence the return of officer Giblin under this Act, in which the name of Sarah Ann Neil did not appear. prove assertions tonds by the prosecuting witness, concerning Kaep, which he did to some extent. He also testified to the good character of Keep. Officers Berton and Maxwell corroborated the teatimony of the Alderman, and testified that Mrs. Neff's character for truth and volacity previous to this transaction was bad."

The Commonwealth introduced some rebutting evidence to show that Mrs. Neff had a good character among her noighbors, and the testimony closed. Hon. P. C. Shannon made a flowery speech, in which he appealed strongly to the sympathies of the jary for his client, Cliblin, dwelling at length on the supposed had character of the procedutiv.

Mr. Thomas M. Marchali followed in behalf of Keep in a speech of hulf an hour, and Mr. Coilier, the District Attorney, closed the case in a forcible and energetic summing up of the evidence, in his usual tailing manner. The charge of the Court will be delivered at nine

o'clock this morning, and the care will go to the jary. Giblia will in all probability to convicted, but the evidence against Reep is not so strong The Evans Oaze.

In the Court of Oyer and Terminer, yesterday, Thomas M. Mareball, counsel for David S. Evans. charged with the murder of his wife, read the following affidavit from the prisoner, as a sufficient cause for the postponement of the trial of the case Commonwealth Court of Oyer and

Terrible Accident. A shocking and most probably fatal accident cocurred at the rectifying distillery of J. & T. A part of the rectifying apparatus consists of a large reservoir, capable of containing about one hundred barrels, placed in the celler, the only communication with which is by up LEGITURE in the floor, about two feet long and fifteen inches in width, through which barrels are emptied into the reservoir. It is feared that he inhaled the burning vaper, which he could hardly escape while his mouth was open when calling for assistance Dr. Tindle was sent for and did all in his power to relieve the suffering man. His arms, breast and head are terribly burned, as he was in his shirt sleeves at the time so went down. M'Kee has been employed in the establishment for several years. He is an unmarried man, boarding at the corner of Webster and Tounel streets. The fire was extinguished without

injury to the building. The Jurisdiction of Magistrates. -The question of the legality of commitments by Aldermen for disor- furnished. derly conduct will probably be tested at the next term of Court. On last Saturday, Alderman Rogers. of the Sixth Ward, committed a married woman named Mugent for disorderly conduct. She remained in jail until she was released on payment of the costs. Her husband, Daniel Nugent, feeling himself aggrieved, has entered suit against the Alderman for false imprisonment, and a capias has been ireaed. Proceedings have also been commenced against officer Jones, Alderman Rogers' constable, and Mrs. Mary Bateman, the person on whose information Mrs. Nagent was arrested. Thomas Meladon and John M. Kirkpatrick, Esqs., have been employed as counsel by Mr. Nugent. This is a case of some importance, as it will probably be made a test as to the committing power of city Aldermen in cases of this kind.

To Experimenters .- It is too often the case that when afflicted by attacks of "cold," or diseases of the throat and lungs, men launch forth into a disor. dered system of experiments, trying this and that pretended curative, and getting worse as a general thing, in return for their trouble and expense. It gives us pleasure to recommend to all such "cases" the medicine known as Bowman's Vegetable Compound, which, we are well assured, is better calculated to effect a cure than any nostrum with which we are acquainted. We presume it can be had of McCandless, Means & CO., 1622

MARK ROXBURY, MABB Drain Minds,—The reputation of the Medical Discovery, in carring all hind of humors, is so well established by the quantmons roles of all who have ever used it, that I near hot say anything on the subject, as the most skirful physinot say anything on the subject, as the most akind physicians and the most careful Druggisls in the country are unchain and the most cateful praggists in the country are un-ammons in the praise.

In p. stenting the Stedical Discovery to your notice, I do it with a mil knowledge of the curative power, in relieving all, and curing most of those discoses in which you are un-fortunately so liable. That most exercitating discase to an affectionate mother,

NURSING SORE MOUTH,

Is cared as it by a minscle; your own temper is restored to its natural sweetness, and your babo from short and tretful naps to calm and sweet slumbers; and the Medical Discove becomes a fountain of blessing to your husband and Is the more advanced stages of CANKER it extends to the stomach, can DYSPEPSIA.

KAW AND INFLAMED, your food distresses you, and you can only take cortain binds, and even of that your system does not get half the nourishment it contains as the scrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows train of diseases which the Medical Discovery is peculiarly adapted to

How many thousands of poor women are suffering from this disease and pining away a miscrable life, and their next door neighbor does not know the cause. I wish to impress so your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the MEDICAL DISCOVERY you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any injury.

ANN ARBOR, Nevember 5, 1856.

Pade, O. J. Wood — Deer Bir:—I have heard much said of the wondertal effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one londly trumpeted quack remedies, until I met you in Lawrence county some months: since, when you gave me such assurance as induced the trial of your lectorative in my family—first by my good wite, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy upon, and outfiely over the head; she continues to use it, not simply because of its beautifying effects upon the hant, but because of its healthful influence upon the head and mind. Others of my family and riends are using your Restorative, with the happiest effects herofore, my skepticism and doubts in reference to its character and value are entirely removed; I can and do and most corduity and confidentially recommend its use by all who would have their hair restored from walse or gray (by reseal) your porce me was contained to their thair testored from the fair that beautiful and son of sickness or ago,) to original color and beauty, and be all young porsons who would have their hair beautiful an Yer, truly and gratofully yours, Fairso Wood It was a long time after I saw you at missfield before i got the bottle of Restorative for which some gave me an order upon your agent in Det roit, and when i got it we concluded to try it on Mrs. Mann's hair, as the
