j 6:1m-e-o d---sc CAUTION TO INVALIDS-BEWARE OF IM-POSTOR 3. - DRS. OALVIN M. FITOH & JOHN W. SYKES, (office 191 Penn street, Pittsburgh,) notice with much pleasure the above card of Dr. S. S. Fitch, of New York, and feel it to be their duty also to caution the invalid public against impositions which seem daily increasing. Re cent developments in New York, of the frauds practiced by "old Dr. H. James," the "retired physician, whose sands of life have nearly run out," and of "Dr. Uncas Brant," and others, seem to render it a more suitable time than usual, to expose such trickery, and vindicate our own character; and it is the more incumbent upon us to do so, inasmuch as the opinion prevails that the dishonosty is confined to the eastern cities; -- so far from this being true there are scores of itinerant doctors in this and the States farther West, wh literally rob invalids, not only of their money, but of their

vory lives, for they prevent them from procuring proper treatment in time. Most of these traveling dectors take advantage of the prevalent but eroneous belief that lung disease can be cured by inhalations; and either profess to be connected with ourselves, (some even having assumed our very names,) or some eastern physician of great repute, or else with some far off (and mythical) Hospital or University; and invalids in their earnestness to regain health forget to examine proofs and results of treatment, but are persuaded by bare assertions to place their health and lives in charge of incompetent and unprincipled men.

We have for some time been shrinking from this unpleas New York Stock Market.

And who that is gray would not have it restored to its former color, or bald, but would have the growth restored, or troubled with dandruff and itching but would have it removed, or troubled with scrofuls, scald head or other eruptions, but would be cured, or with sick headache, (neuragia,) but would be cured. It will also remove all pimples from the face and skin. Prof. Wood's Hair Rostrative will do all this, see circular and the following:

Ann Arson, November 6, 1856.

Prog. O. J. Wood—Deer Sir:—I have heard much said of the wonderful effects of your Hair Hestorative, but having been so often cheated by quackery and quack nostrums, hair dyea, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful and glossy upon, and entirely over the head; she continues to brown color, and had thickened and become heautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its heautifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects herefore, my skepticism and doubts in reference to its character and value are entirely removed; I can and do and most condially and confidentially recommend its use by all who would have their hair restored from while or gray (by reson of sickness or ago,) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,
SOLOMON MANN.

FRIEND Wood: It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it. Again, very respectfully and truly, yours,
SOLOMON MANN.

Carlyle, Ill., June 23, 1862.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and, I have no doubt, permanently so.
