In attributing such valuable properties to this remedy, no rash or unwarrantable assertion is made, but is simply stated a fact; proven undeniably and conclusively by the outractdinary curse, and benefits drived from its use, under the direction of its illustrious originator, Dr. Hooffand, among all cases of European society, and from the immense mass of testimony, from all parts of the American continent, accumulated during the last ten years, in the hands of the present proprietor. The prevalence of diseases to which the German Bitters are adapted, it is with corrow we say it, is almost universal; induct there is searcely a family throughout the whole extent of our country in which there cannot be found among its members that poculiar sellow and largeist appearance denoting a diseased Liver, or an emaciated and shivring Dyspeptic.

Then of what immense importance to this class of invalition to its compessition; a remedy on which the patient or rely with the utmost confidence and certainty, and be assured from actisal and tangible proofs that the criticle he is using teally possenses the virtues stributed to it. Such a remeny as "HOGFLAND'S GERMAN BITTERE." Thousands of dollars have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor feels the greatest satisfaction in stating that there is no state, county, or even village, where the Medicine has been

introduced, that there exenct be found numbers willing testify to its virtues.

It is used constantly in the practice of a large number of the most prominent Physicians in the country, who have also added their written testimony in evidence of its great virtues. In conclusion, then, we would respectfully sak of all those affilieted with any of the above diseases to give the Bitters a trial, and rest ensured lik will never be regretted. In proof of the statements above made, all are invited to read attentively the Alimanac published annually by the proprietor, for Fermers and Families, containing is great number of uneful receipts, in addition to the testimony in favor of the Bitters, from the rost preminent and well known hiddividuals in all parts of the Union. All Agents for the Bitters are authorized to distribute the Alimanac gratuitonsly. Principal Octoc and bianufactory, 23 Arch street, Philadelphia, Pa. Principal Outce and management,
