## ------The New Odd Fellows Hall.

This magnificent edifice, located on Fifth street, between Wood and Smithfield, is now nearly completed and rendy for occupancy, many of the lodges having taken possession of the rooms allotted to them, which they have fitted up in a handsome and appropriate manner

The building has been less than two years erecting, the corner stand having been laid in September, 1856, and is, in every respect, honorable to the tasto and enterprise of the fraternity of this city. It is and encerprise of the insternity of this city. If is one of the finest and inrgest (if not the largest) structures devoted to the purposes of Odd Fellowship in the country; and the design and general execu-tion do infinite credit to the architect and builders, C. Bartberger, Esq., and Messas. I. & A. Patterson. I has a fact of sight face fort on With street. run-It has a front of eighty-five foot on Fifth street, run-ning back one hundred and twenty; four stories (or eighty feet) in height, and constructed in the most whild end substration with fine or amounted solid and substantial manor, with fine ornamental iron facings to the doors and windows. Every story is provided with an unlimited quantity of water, with piscos to attach here at a minute's notice, and in all

piscos to attach ness at a minute s notes, and in all respects made completely secure from fire. The first or ground floor is fitted up with three store recurs, one of which is occupied by Davis & Co. as a bookstore; another by Mr. D. Barnard as a restenrnat.

The second story was leased a few months ago to Monager Foster, who has arranged it into one of the on Tuesday morning. handsomest and mest capacious theatres in the west; while the third and fourth are intended for the use of the various Lodges and Encampments of the

The third story has three Lodge rooms, with the necessary onte-chambers, a large reception room, committee room, and a fine chamber for the meetings of the Baard of Trosteee. Room No. 1, on this floor, is occupied by Iron City Lodge on Monday night, Day Spring on Tucsday night, Western Star on Wedzerday, Mechanics' on Thursday, and Zecco on Friday. Boom No. 3 is used on Monday night by Uco. 8. Morrie, on Tassday by Rhine (Gorman', on Wednesday by Angerona, on Thursday by Duquesson, and on Saturday by Mount Morlah. Room No. 2 is not occupied, being reserved for several Lodges that will not be able to take possession until the expira-

tion of their present leases. The fourth story has one large Encampment room, nearly sixty feat square, and two Lodge rooms. In the former, Pittsburgh Encampment meets on the first and third Tuesdays, and Moreantile Enoung. neat on the second and fourth Tuesdays, of each visitors. nonth. The latter will not be occupied for some months yot, for the reason montioned above. In a menns yor, for the resolution mentalized abres, of a r niche prepared for the purpose, on the outside of this story, will be placed a beautiful statue of Charity, as umblamatic of one of the first duties of Odd Fellownterred on Thursday.

The erection of this fine building was commenced under what were considered at the time very discournging circumstances, but through the foresight, energy and perseverance of the President and Secretary of the Board of Trustess, William M'Cague, Eeq., and Mr. John A. Myler, assisted by many highminded members of the fraternity, who were anxious to aid in the building of an edifice which would be a perpetual monument of the respectability and prosparity of the Order, it has progressed steadily through the "hard times," until now ready to be oc-It is contamplated, we believe, to have it ded
