LOCAL AFFAIRS.

The Cricket Match. The retorn match between the Union Cricket Club of Cincinnati, and the Olympic of our city, was played on Thursday, at the grounds of the latter, at Oakland The day was propitious and the game was witnessed by hundreds of our citizens, cricket dividing the interest with the races at Collins Park. Play was called at eleven o'clock, A M., and the Olympics having won the toss, sent their opponents

We append the result for three innings. The steady and efficient play of the veteran Bradshaw won shouts of applause, and the brilliant battling of J. Hattersly divided the honors. The latter scoring 21 by two fives, two threes and singles, and the forming scering 28 by two threes, six twos and singles. The play was very fine throughout, others deserving notice, which we omit for lack of room, and they closed with the great score of 108 as below.
The underhand bowling of M'Cabe and Loomis was good, the latter opening with two maiden overs, varied by a helf dezen "overs" by Burdett, "found arm." The fielding generally was very

After the first innings, the party, with numerous gnests, partook of a collation prepared by Ne'l Chessman, after which the Olympics tock the willow, and the brilliant opening of Thomas Loomis and Byron making of the first force of the first making off the first four overs of 4 balls each no less than 14 runs; the former scoring in all 20 runs by four three's, three two's and singles; the latter thirteen, by three three's and singles; a catch from the wrist of Loomis, and one of Bradshaw's wellpitched balls, disposed of the wicket of Byron; the story was a short one-Burdett, Diamond (deaf and dumb) and Simpson only making a brief stand, when the Olympics were out with 70 runs. The fielding of the Union Club was unquestionably good, and the round arm bowling of Bradshaw and the slow "teazer" of Wheelden something our club was not

The second innings of the Cincinnati club was attended with quite a different result, they only scoring 53 in all, leaving the Olympic Club with 92 to make, which is far above the average score, and will equire some good playing to achieve. The game was marked by the utmost good feeling on both sider, and the many spectators who witnessed the match were highly delighted with the day's sport.

More About the Supposed Murderer. It has been ascertained that the name of the man who is enspected of killing his wife in Chartiers who traveled with his family is Anna Maria Sutler This information was obtained from a German woman nemed Barbara Pfleistrer, who came to this country from Mains, Germany, in the same vessel. She states that Jacoba treated his wile very coldly on shipboard.

stranger in the city, should know that there was such a locality a: Troy Hill here. She, however, gives an explanation of this. On arriving at New York she was destitute of money, and requested Jacoba to pay her fare to this city, and she would repay him on her arrival here. He at first consented, but afterwards refused. She then asked him to go to a relative of hers on Troy Hill, Sebastian Ganz, on his arrival here, and inform him that she was in New York city, destitute of funds, which he promised to do. In this way he became aware of the locality. Miss Pfleis-trer arrived in the city yesterday. It has also transpired that Jacoba was in Pittsburgh once before, some eleven yests since.

No positive information has yet been received as to his whereabouts, but despatches from officer Hague state that they are on his trail. He will most probably be overtaken and brought back to this city.

mr22dly—lo Keep Clean. Notwithstanding the cool weather of the past

week the summer is not yet over, and it is necessary that our citizens should regard cleanliness about their premises, as it is the best preventive of disease.

And we would carnestly impress on all who have cases pools, barns or out-houses on their premises, where decaying matter, either animal or vegetable, is deposited, the necessity of at once applying some good disinfecting agent. There are many places in our city which require the attention of the Board of Health, especially the stagensh roads we alleded to a RPHANS' COURTECALE.

The Concert this Evening.—Quite a large number of tickets have been sold for the concert at Lafayette Hall, this evening, for the benefit of the widow of the late Prof. Bachr, and it is expected that a large and brilliant audience will be present. The attractions are great and should ensure success. Migg tions are great and should ensure success. Miss Scriba is said to be a very fine vocalist, and as for Henry Kleber, it is needless for us to say a word concorning his abilities. Several other artists of most are appropried and the formal stars appropried and stars appropried appropried and stars ap merit are announced, and the programme comprises several gens of melody. We hope that the occasion may be both pleasant and profitable.

Those who feel interested in this valuable labor-saving machine, should call at Hare's Hetel, on Liberty street, this moraing, where it will be in operation.

Speed Against Time. - The race against time, to be to the Kittanning bridge, will take place on the 20th inst., provided there is no rain. George seems senguine of performing the feat, and perhaps he can. Considerable side betting is being done as to the result. There will doubtless be a large crowd present to witness George coming in.

Prisoner Escaped .- On Saturday morning last a prisoner escaped from the Kittanning jail by leaping past the Sheriff, who had opened his cell door to give him his breakest. He beat a 2:40 retreat "over the hills and far away." Up to the present time he has not been heard of. He had been incarcerated upon a charge of stealing a skiff.

The Stabbing Affair.-Klein, the German who was 1622 stabbed on Tuesday evening, is still in about the same condition, and it is thought he will recover. The officers are on the look out for Dignam, who was one of the party. It is thought he is concealed somewhere in the city.

Disastrous Fire-Two Steamboats Burned to the Water's Edge.

About seven o'clock last evening the steamer Arctic, lying up at the Marine Railway, on the southern side of the Ohio river, about a mile and a half below the city, was discovered to be on fire. In a short time the whole upper works were on fire, and the wood work being as dry as tinder, the boat was soon a sheet of flames. In a few minutes the fire communicated to the Great West, lying outside of the Arctic, which was

also soon enveloped in flames. The fire engines were of no service whatever, as there are no fire plugs on that side of the river from which they could be supplied with water. The Luzerne was lying on the railway under repair, and was for some time in imminent danger, but by considerable exertion she was saved. A long shed or work shop, connected with the railway, in which was piled a large quantity of soa-

soned lumber, also took fire and was burned to the ground. The engine shop, which is of stone, was saved, though the roof took fire more than once from fragments from the burning boats.

The boats continued to burn until about nine as the week previous. The prices are about the same, or burnt through, she parted, and the heavy portion of her machinery sank under the water, while the wood work floated down stream. She was soon followed

vinny, of Steutenvi'le, her commander, Wm. Holmes, of this city, and others. She was valued at \$16,000, and insured for \$5,000. The Great West had also been running some time and was owned by her commander, Capt. Samuel McCullough; the clerk, A. McCurdy; the first engineer, Jas. Park, and John L. Darragh, of this city. We understand that she was in charge of one of the insurance companies, as she was recently sunk, and having been raised, was in the hands of the companay until placed in running order. The watchman on board was placed there by the company. Capt. McCullough's insurance on 5-16, was \$2,500. It is rumored that the fire was the work of an in cendiary, and circumstances seem to warrant the

conclusion, as the boats have been lying in the position in which they took fire for two or three weeks, with no one on board save the watchmen, and no fire in any part of them. When the fire was first discovered the watchmen of both boats were in Manchester, where they had gone for supper, and no one was visible in the vicinity of the boats.

DR. R. A. WILSON'S Tonic, Cathartic, and Anti-Dyspeptic PILLS, PREPARED AND SOLD BY

WHOLESALE DRUGGISTS.

No. 60 corner of Wood and Fourth Streets. PITTSBURGH, PENN'A. S AN EFFICIENT, safe and convenient tonic, cathartic and anti dyspeptic medicine, these Pills are recommended to the public by the former proprietor, (DR. WILSON) with a condence such as a long continued and confederations.

ctor, (DR. WILSON,) with a confidence such as a long continued and careful trial of them in an emple practice warrants. In their operation as a cathartic, they influence more the motory and less the secenting power of the bowels than any other combination in common use.

AS A TONIC—They agree with the most delicate stomach, removing nausea, pain, and debility from that organ, and through it impart tone and vigor to the whole system.

AS AN ANTI-DYSPEPTIO—They neutralize and interrupt the formation of gases from the food in the stomach,—the direct consequences of chemical action—an action which should never exist in the human stomach. From these peculiarities in the Pills, a person taking them may expect a free, full and natural evacuation of the bowels, without pain, nausea, local or general debility, or that disgusting sickness or costiveness—the usual effects which attend or follow the use of other purges.

Memphis, Tennessee, January 7,

From Colonel Wm. Hopkins, late Canal Commissioner.
Washington, Pa. Jannary 8, 1858—Dear Dector: I have been using your "Anti-Dyspeptile" Pills, when occasioned required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and head. They have never falled to relieve me from headache, and have always left my system in better condition they found it. I must confidently recommend your Pills as a safe and highly valuable medicine.

From Thos. Blackmore, Esq., Treasurer of Allegheny Co., Fa.
Tole. R. A. Wheon.—Dear Sir: I have been using your
Pills since 1840, and do decidedly say they are the best Pili
in use, or that I have any knowledge of. I first used them
for "sick headache," with which I suffered beyond description; I am happy to say, that they entirefy cured me. Since
then I use them as a family medicine: if I am billous, or
anything alls me, and I require medicine, I take a Pill, and
it cures me: they are my only medicine, and have been for t cures me; they are my only medicino, and have been fine last seventeen years.

THOS. BLACKMORE.

January 8, 1858.

Hear Dr. Keyser.

Massas. B. L. Farmsfrox e. Co—I have had considerable experience in the use of the extraordinary Pill compounded by Dr. B. Adams Wilson, of which you are now the proprietors, and have often felt their benign influence in my own case for "nervous headache," arising from a disordered condition of the stomach. I have likewise prescribed them for others, in cases of "hemicrania" and other forms of headache depending on a daranged and irritable condition of the stomach and digestive organs, of which they seem peculiarly adapted, being entirely free room any griping tendency. I regard them as a very valuable Pill, and one that purges without at all cebilitaring. Yours truly. without at all debilitering. Yours truly,

The main secret of preserving fruit in a fresh condition, consists in having it theroughly heated when sealed up, and in expelling all the air there may may be in the vessel, so that when the fruit cocle, it will form a vacuum. The undersigned having procured the right to manufacture these Jars, respectfully call the attention of dealers and others to them.

The great superiority of a verifications. and others to them.

The great superiority of guass over any other substance for the preservation of fruits, etc., etc. is so well known, that any comments upon it are entifely unnecessary, and the proprietors feel confident that any one, after having once seen these Jars, will never be induced to use any other.
