Stealing a Watch. Stealing a Watch.

On Thursday evening a young man named Joseph
Beckler was arrosted by the Mayor's police on a warrant for larceny, sworn out by Augustus Richards.
It appears that Richards boarded at the house of
Beckler's parents, on Third street. On Wednesday
night he was out until a late hour, when ho went
home and retired. In the morning he found that his
pocket book, which, however, contained no money,
had been abstracted from his next and a call layer.

He accordingly went to the house of Joseph Reinhart, in the Sixth Ward, in where possession the watch was found. Glass House in the Ninth Ward Burned.

About eleven o'clock on Thursday night, after our forms had been sent to the press room, a fire broke out in the Ninth Ward. The engines were soon on the ground, and it was discovered that the flames the ground, and it was discovered that the fiames proceeded from a glass house on the corner of Carson and Butler streets, cwned by John Agnew, Esq., and leased by Messrs. E. Wormsor & Co., who have been occupying it for two or three years. The fornaces have not been in operation for three weeks, but during the day a fire had been placed under one of the pots for the purpose of repairing it, from which the fire is supposed to have originated. In about two hours the entire building was destroyed, together with a large pile of lumber adjoining. There was no insurance either on the house or the inside fixtures belonging to Messre. Wormser & Co., the lesses. The loss was about \$6,000—of which Mr. Agnew loses about \$3,000, and Wormser & Co. the same amount. Two small brick houses in the vicinity were for some time in danger, but were with some

An Old Case on the Carpet Again. On the 29th of December, 1856, a man named James Thompson was arrested on a charge of larceny, preferred by Martin Woods, a barkeeper at the "Old House at Home," on Grant street, who charged at seventeen or eighteen dollars. He was examined before Mayor Bingham and discharged. Being destitute of money, the Mayor gave him some money, and told him to leave the city, which he did. He remained in New York for a time, and about a week since returned to this city. On Thursday he was again arcested and taken before Esquire Williams, charged with grand larceny in stealing forty dollars from William P. Larcey. He was held over for hearing. In the meantime the man who lest his coat, Mr. Woods, hearing of the presence of Thompson in the city, went before Alderman Steel and made another information against him for the same larceny. A warrant was issued in case he was discharged by Esq. Williams. He was discharged by the latter functionary, and immediately arrested and committed the horrid act. to jail on the charge made by Woods. He will have a hearing on Monday. Probable Infanticide.—A laboring man who was a work in the vicinity of West Common, Allegheny entered the mouth of the sawer running from the Common to the Allegheny river, resterday morning and distinguishing a very disagreeable odor, instituted an examination into its cause, when he found the dead body of an infant, which had first been whole company." placed in a carnet each, and then wrapped up in an old cost, for the purpose of concealing it. The body was in a very advanced state of decomposition, and ad apparently been there for some time. The Coroner was sent for and held an inquest but no close was obtained as to the person who deposited the body where it was found. As it had been there for some days, it is probable nothing concerning it will transpire, unless the coat and carpet sack can be identified.

Pic Nic in Birmingham.—Wo learn the ladies of St. John's church, Birmingham, are making very extensive preparations for a Pic Nic, which will be held on Thursday, the 29th inst., in the orchard of Mr. Geo. Baldaff, for the benefit of the schools attached to the church. The place selected is situated on the left hand side

of the pike, between Birmingham and Brownstown, and may be reached either by the ferry beats, leaving the foot of Grant street every quarter of an hour, or by the line of emnibusses, which start from the corner of Fourth and Market streets, and will convey persons to the gate.

The Birmingham ladies are determined to make

this the Pic Nic of the season. They will serve up all the luxuries that can be procured at this time. Dinner tickets, at fifty conts each, will be offered for sale. Those not having dinner tickets will be charged ten cents admission to the grounds.

The Dog Star Rages.—People should avoid jokes this hot weather—they are dangerous things. On Friday a very funny member of the bar met a very quiet disciple of Esculapius at the Monongahela House bar—the lawyer cracked a joke, and the doc bstter than the joke—both missed fire. During the dog days anything in the shape of a joke or witticiera should be indictable at law, and if perpetrated at the expanse of a doctor, the culprit should be sentenced to swallow anything short of strychnine which the physician might prescribe. The pistol was rather out of place. It is not on Esculapian weapon. Why did not the doctor draw a lancet?

Fatal Accident.—Robert Farnet, a constable of your own opinion. Allegheny township, Wortmoreland county, met with a horrible death on Tuesday night, 10th inst. Du-ring the day he hired a buggy and conveyed a pauper the Poor House. He started homewards after dark. On Wednesday morning about seven o'clock he was discovered by a mail boy lying in a woods, off the road, about a mile and a helf north of Greens burg, quite dead. It is supposed that he was over-come with sleep, fell-out of the buggy, and his legs becoming fastened in the wheels, he was dragged for about four miles to the spot where he was found.

Bail Piece .- One of the parties who entered into recognizance for the appearance of Isaac J. Wood, charged with dealing in bogus lottery tickets, becoming fearful that he might give him the slip, gave him up, and he was soon after arrested by the Sheriff on a bail piece. The Post has a large circulation in the various counties of Ohio, and the safe manufacturers of our city should advertise in it at once, if they wish to secure orders. Distressing Suicide. A terrible case of self-destruction occurred on the Pennsylvania Railroad on Friday morning. As the Blairsville Accommodation, due here at 11:15, approached Denny's curve, about two miles from the city, a woman rushed from the woods about twenty feet ahead of the train, and placing her hands over her face, threw herself across the track. The engineer observed her, and attempted to check up, but without avail, as the entire train passed over her, cutting off one foot at the ankle and the other below him with stealing from him a black cloth coat, valued the knee. She was conveyed to the Western Pennsylvania Hospital, where she received every attention, but died at two o'clock, having protested to the nurses that it was her determination to take her life. Shortly after her decease a Coroner's inquest was held, and after examining several witnesses, they concluded "that she had voluntarily placed herself on the Pennsylvania Railroad, near Denny's curve, and was run over by the Blairaville Accommodation train going west, and it was not possible for the

officers of the train to avoid it." Her name was Mrs. Margaret Doff. She was fortyfive or fifty years of ago-has a husband in Beaver county and a daughter residing at Lawrenceville married to a Mr. Kelly. No cause is assigned for

MEDICAL. DR. R. A. WILSON'S Tonic, Cathartic, and Anti-Dyspeptic

PILLS. PREPARED AND SOLD BY

WHOLESALE DRUGGISTS,

No. 60 corner of Wood and Fourth Streets, PITTSBURGH, PENN'A.

A SAN EFFICIENT, safe and convenient AS AN EFFICIENT, safe and convenient tonic, cathartic and anti-dyspeptic medicine, these Pills are recommended to the public by the former proprietor, (DR. WILSON,) with a confidence such as a long continued and careful trial of them in an simple practice warrants. In their operation as a cathartic, they influence more the motory and less the secenting power of the bowels than any other combination in common uss.

AS A TONIO—They agree with the most delicate stomach, removing nauses, pain, and debility from that organ, and through it impart tone and vigor to the whole system. AS AN ANTI-DYSPEPTIO—They neutralize and interrupt the fermation of gazes from the food in the stomach,—the direct consequences of chemical action,—an action which should never exist in the human stomach. From these peculiarities in the Pills, a person taking them may expect a free, full and natural evacuation of the bowels, without pain, nauses, local or general debility, or that disgusting sickness or costiveness—the usual effects which attend or follow the use of other purges.
