HE CHEMICAL OLIVE ERASIVE SOAP, manufactured by B. C. & J. H. Sawyer, re-receives the preference over all other kinds ever offered for family use.
Its advantages over other scaps are:—let. It is cheaper to use, one pound being equal to three of common rosin Scap. 2d. Haif the time need only be occupied in washing when this Scap is used in place of other Scap. 3d. Lubor
in washing can be nearly depended with, as the clothes will require little if any rubbing, thus avoiding their wear on the wash board. 4th. Boiling the clothes is unnecessary when this Soap is used, and hard or sail water answers
equally as well as soft. 5th. Printers, Machinists, Painters and others, find it far superior to other Songs. It speedily removes grease, tar, paint, printers' ink and dirt from the
hands, leaving the skin soft, and free from chapping.  To avoid the labor of rubbing the clothes, and the use of
the wash-board, the following directions should be followed: For the washing of eight or ten of a family, take one pound of Soap, cut it into shavings, and dissolve in one
gallon of hot water; put the clothes into a tub containing about ton callons of warm water; pour in the dissolved
Soap, and stir thoroughly. Let them soak twenty to thirty mlautes, wring out, and rinse in warm water once, cold water twice. A very dirty wrist-band, or seam, or greate
spets, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing of

out o	to Cold water may be used in place of hot, required touble time in soaking.  Observe our name on each bar. Sale, in any quantity, at our warehouse, No. 47 We and at our works, opposite the Bound House, Pet and at our works, opposite the Bound House, Pet
