Charge of Arson. Three boys from fifteen to eighteen years of age, named Phillip Hanck, John Ochse and John Hill, were arrested by the Mayor's police on Tuesday morning on a charge of areon, preferred by Augustus Schigo, proprietor of a confectionery on Fifth was held to bail to answor the charge.

Betreet. He sileges that these three boys, and another who has not been arrested, became incensed a him on Monday evening, from some trivial cause, and left his shop with some menacing expressions. About nine o'clock he saw smoke issuing from an skull. We were u adjoining house, one room in which he occupied as further particulars. sleeping apartment for himself and family. He also saw a light, and on entering the room he found a pile of sticks, under which was a piece of paper, and rear them a candle. The paper was burning. He trampled the fire out with his feet. Four boys were in the room, and the three arrested were recognized by him as being of the party. He swere out a warrant and had them arrested. They had an examination before the Mayor in the afterneon, and were hold to bail in \$1000 each for their appearance

ing in this room, which was unoccupied, and one or two other boys testified to having been there that evening. The boys who were arrested allege that state that Senigo wished to revenge himself on them cific, it is perhaps without a rival, and the people whom it they were telling each other's fortunes. They also for transferring their custom to a rival establishment, and took this method of doing it. If they can prove | ed by thousands. The Bitters bases its reputation more or this they may escape punishment, but we fear the finding of the burnt paper, sticks and candie, with friends to say for it. For Dyspepsia, Fintulen & Constinathe menaces, will be strong evidence again them.

----Apother Outrageous Proceeding. It seems as though the spirit of rowdyism to which we alluded at some length a short time since, has takon a fresh start in our city, from the occurrences of the past few days. On Monday evening, a man named John Fowler was arrested, charged with riotous and disorderly conduct. Another man, named John Hall, was in company with Fowler, but he was not identified with the transaction detailed below. It seems that on Friday evening as an omnibus laden with passengers returning from the emancipation celebration at Gienwood was passing down Sco-ond street, the driver was accosted by Fowler and another man, who wished to got in. He told them there was no room. Fowler then pulled the door open, got into the omnibus, and sat down in the lap of a female with her child in her arms. She to'd him not to abuse the child; he threatened to beat her, when she had the vehicle stopped and got out, leaving some articles of clothing behind. The driver asked Fowler's name, a lady inside told him, when Fowler struck her a blow across the mouth. He then soized her fan, which he would not give up until she paid him a "quarter." He took some articles belonging to the lady who had left the 'bus, and finding her outside made her pay fifty cents for

After hearing the evidence, the Mayor imposed a fine of twenty five dollars on Fowler, which he was unable to pay, and was committed in default. It did not appear that Hall had taken any part in the affair, and he was allowed to depart on paying a fine of five dellars and costs. There were no male passengers in the omnibus at the time, or Fowler would doubtless have received the chastisement which his cowardly conduct so richly deserved.

Shooting Affair in Wilkins Township. On last Sunday morning, two boys, or young men the blockberry patch of Leonard Yoo'e, in Wi'kins farnished. township, on his farm about eight miles from the city, near Ireland station, on the Allegheny Valley Railroad, for the purpose of gathering borries. Mrs. Yoble saw them and ordered them to leave, but they paid no attention to her. She then went into the house and sent her husband out, who took his pistol with him, and ordered them off the premises. Stewart and the other turned to go, but being a little dilatory in their movements, Yoble fired his pittol at em, striking Stewart on the back of the head, three slugs entering his skull. A gentleman from the vicinity informs us that Stewart was seriously injured, and doubts were entertained of his recovery. An information was made against Yoble for assault and betmation was made against Xobie for assault and battery with intent to kill. He was arrested yesterday garring by officer Reed, and has been held to bail in the sum of \$1,000 for his appearance at Court to garring by officer Reed, and has been held to bail in the sum of \$1,000 for his appearance at Court to garring the same carring to its depositors and customers. Taylor, the Faro Dealer, Up Again .- Wm. D. Taylor, whom we noticed a few days since as having been arrested with the party at the fare bank, on Saturday last, was again taken before the Mayor, yesterday, by officer Moon. On his first arrest, he was let off on payment of a fine of \$3, though he had been dealing at the time the descent was made, it being supposed that Erans was the proprietor of the concern. Evans having denied this, it was believed that Taylor owned the apparatus, and a warrant issued for his arrest. Ho gave bail for his apparance in the sum of \$1000. It is doubful whether the police have the right man this time, as yo understand that a third party lays claim to the "utensile." We imagine it will be very difficult to find the real owners of the trappings, so long as. their possession is likely to got them into serious

The wonderful success of the Manny Machine, both in
this country and in Europe, is well known. The best recommends from thousands of farmers who have used it, shows
that its popularity is deserved and permanent. For the
harvest of 1858, I have made such improvements in the
machine as to adapt it more perfectly to the wants of the
farmers of Western Pennsylvania. These improvements
were thoroughly tested by sample machines used during
the last harvest. None but the best selected materials has
been used in the construction of the machines for the combeen used in the construction of the machines for the com-ing harvest, and every care has been taken to render the ing narvest, and every care has been taken to render the workmapship superior, making this the Most DURABLE AND LEAST EXPENSIVE MACHINE TO REEP IN REPAIR, as well as the most perfect for either Mowing or Reaping, now in use. tinued and careful trial of them in an smple practice warrants. In their operation as a cathartic, they influence more the motory and less the secerning power of the bowels than any other combination in common use.

AS A TONIC—They agree with the most delicate stomach, removing nausea, paint and debility from that organ, and through it impart tone and vigor to the whole system.

AS AN ANTI-DYSPEPTIC—They neutralize and interrupt the fermation of acids, check fermentation, and prevent the elimination of gases from the food in the etomach—the direct consequences of chemical action,—an action —the direct consequences of chemical action,—an action which should never exist in the human stomach. From which should never exist in the human stomach. From these peculiarities in the Pills, a person taking them may expect a free, full and natural evacuation of the bowels, without pain, nausea, local or general debility, or that disgusting sickness or costiveness—the usual effects which attend or follow the use of other purges.
