The Morning Post. JAMES P. BARB, Editor and Proprietor.

PITTSBURGH: WEDNESDAY MORNING::::AUGUST 11, 1858 DEMOCRATIC STATE NOMINATIONS.

FOR SUPREME JUDGE, WILLIAM A. PORTER, OF PHILADELPHIA.

FOR CANAL COMMISSIONER WESTLEY FROST,

OF PAYETTE COUNTY. Missouri Election. The official returns for Congressman in St. Louis county foot up as follows:

Samuel M. Breckinridge, American.... Francis P. Blair, Jr., Free Democrat.......6,452 J. Richard Barrett, National Democrat 7,214 giving the latter a majority of 762 over Blair, the Emancipationist.

Kentucky. We have official returns from 70 counties in Kentucky. In these Revill gets 48,800, and McKee 43,792 votes, and Revill's loss in the same counties is 946, as compared with the race of Garrard and Jones in 1857. In the 31 counties to hear from the vote for Garrard was 16,263, and for Jones 9,566. Should Revill lose nothing in these counties, his majority would be 11,705. We apprehend there has been a comparatively small vote cast in the First District, which may occasion a further loss. Revill's majority will, however, certainly exceed 10,000, and may reach 12,000. Who doubts the Democracy of Kentucky?

Senatoriai Elections in Ohio A correspondence appears in the Cincin nati Enquirer between several gentlemen and the Hon. Geo. E. Pugh, asking the opinion of the latter upon the constitutionality and le gality of an election of Senator by the pres ent legislature of that State, whose term shall commence at the expiration of Mr. Pagh's, which will occur on the 3d of March, 1861. He gives the opinion that the election will properly devolve upon the legislature to be chosen in October, 1859, as that will be the legislature actually in existence in March, 1861, when the senatorial term expires. Mr. Pugh argues the point at some length, alleging that the present legislature, neither uns der the law of the State of Ohio, nor according to the constitution of the United States, has the power to make an election for the term to commence in 1861.

The Hatters Bank Robbed of \$86,000. BETHEL, Connecticut, August 10 .- The Hatnight of \$86,000, chiefly in its own bills. The officers caution the public against taking the bills at present.

What is the necessity for such caution. Will the bank refuse to redeem its own notes? The case has been decided over and over own notes, whether issued to a thief or for

The New York Evening Post goes off on the Atlantic Cable, and calls it the "Umbilical Cord." We do hope Queen Vic. will hurry up that little inaugural to the "favorite son," for if she ever sees this New York paper she

will give way for the private despatches.

The Moral Rectitude of John Covode. The Blairsville American, in an article devoted to Mr. Covode, says that his representation in Congress has been one of "unbounded national popularity—an example of moral rectitude which spreads its brilliant light and vivifying influence from the Atlantic to the Pacific ocean and from the Frigid to the Torrid zone-an example of statesmanship, unflinching integrity and persevering industry, for which his fame has already reached to the centre of every civilized nation

It is said Covode wrote the above, but didn't like to put it on thick, for fear people might imagine he was a candidate for the Presidency-of some Westmoreland Coal Company.

A Disappointed Editor. There is excellent sense in the following, from a late number of the Pittsburgh Morning Post, the editor of which was a candidate for the post office of that city. It is full of the right spirit. Barr, you had better be independent in the Post than dependent in the post office. It will teach your children that it is a great deal better to set up and distribute their own letters than to be made slaves by distributing the letters of others.

All very fine talk, Mr. Forney, but just think of those four thousand a year, without sacrificing "nary" principle. On the contrary, it would have assisted our expression, nerved our arm for the fight, and made us just as impudent as the statute admits. We feel convinced the President is very sorry for what he has done, and was often heard to repeat, before he made his sign manual at Bedford, after a big drink of iron rust-magnesiabarr-beate water, "If it were dunn, when 'tis dunn, then 'twere well it were dunn quickly," and down it went. We never did cry over spilt milk, but we don't like to see the cream wasted, and the only thing that consoles us is, that the President says he won't do it again.

THE Chronicle of yesterday, pitches into the True Press editors in classic style. Perhaps the Chronicle editor is not aware of the conspiracy on the part of the True Press men, to write down the newspapers of Pitts burgh. The very Cataline of the group is John Beefhead Kennedy.

An Excellent Suggestion. The New York News has the following, the Vestrymen of Trinity have determined on celebrating the event of the first successful working of the Atlantic Telegraph Cable, by ringing a merry peal on their bells for an hour after the transmission of the first message. We would suggest that all the churches await a requisition from the Governor of Louisithroughout the country should follow the ex- and to answer for the murder, which was of Continent. The suggestion is worthy of gen- for Judge A uir, through whose action only eral attention. May not the entire suggestion | could the prisoner be given up. The 60 days

undertakings." North Carolina. Judge Ellis, Democrat, is the Governor

elect of North Carolina. WE have some important news relative to Cen-

taken up the matter spiritedly.

[Correspondence of the Pittsburgh Post.] St. PAUL, Minnesota, July 28, 1858. Dear Post: -A few day's experience of this city, exaggeration is used when it is spoken of in such the Telegraph across the Atlantic will be work- as the paper is dragged beneath a dot is impresssuperlative terms by the inhabitants, for its appear- ed:ance is certainly calculated to create admiration and enthusiasm in the mind of any one. The natural ceauties of the landscape that greet one on every the magnificent prairies, together with the clear, invigorating atmosphere, combine to render it the

Each spark is really a considerable fragment of the metal absorbed into itself by the electrical agent, so to speak, and passed through here to Pembina, the northern fron- flown away with by it. To avoid this danger, in ingenious contrivance of the Electrician of the Company will be used. First he arranged a set of twenty brass springs, something of the form and appearance of the keys of a musical nstrument in opposite pairs, so that a round horizontal bar, turning pivot-ways on its centre, and flattened at the top, could lift by an edge either of the sets of ten springs; right or left, as it was turned. This enabled the contact to be distributed through the entire length and preath of the brass springs, and the course of the current to be reversed accordingly as the right or left edge (the bar being worked by a Ditto upon those who "live loose." -- Chicago of the springs-the right set, it will be understood, being the representatives of one of the poles of the battery, and the left set of the other pole. By this arrangement four-fifths of the sparks were destroyed, simply on account of sion of questions relating to literature and art, | the large surface of metal through which the

electrical current bad to pass when contact was completed. Still there remained enough to constitute a very undesirable residue. This was and placing it in a porcelain vessel of water, and then leaving this fine platinum coil in constant communication with the opposite poles sidering the amount of service it is able to perform. It is calculated that the cost of maintaining the ten-celled lattery in operation at the terminal stations on either side of the Atlantic, in

NEW ADVERTISEMENTS.

ALLEGHENY VALLEY RAILROAD. COMMERCIAL PRINTING, TARENTUM CAMP MEETING, OMMENOING WEDNESDAY, AUGUST 25th, 1858. Regular trains will leave daily from Pittsburgh (Sundays excepted) at 7:15 A. M. and 5 P. M.
On Wednesday, the 25th inst., an extra train will leave Pittsburgh at 9:15 A. M.
On Faturday, the 28th inst., extra trains will leave Pittsburgh at 1:30 and 8:30 A. M.; returning, leave Tarentum for Pittsburgh at 1:30 and 7:29 Monday morning, 3cth inst. On the last day of the meeting trains leave Tarentum for Pittsburgh at 7:29 A. M., 2 and 6:40 P. M.
Excursion tickets good during the encampment can be had at the depot on Carson etreet at 60 cents each; also at the Methodist Book Depository, Fourth street.

Passengers obtaining tickets before taking seats in cars will save ten cents.

BY OF CARNON COMMENTS.

Madame Appoline Tetedoux's FRENCH AND ENGLISH BOARDING AND DAY SCHOOL FOR YOUNG LADIRS, 148 Third street, Pittsburgh, Pa. This School, designed on the plen of French Schools in France, and modified as to the Hinglish departments on the plan of French Schools, in the United States, offers to young ladies, besides a full English course, the best opportunity of theroughly acquiring the French language and literature, the Principal having resided several years in France, and being assisted by Mr. Tetedoux, a native of Paris, and a graduate of the "College Charlemagne."

Charlemagne."

French and Latin will be integral parts of the course.
The Fine Arts will be taught under the superintendence
of Mr. Tetedoux, a pupil from the Conservatory of Paris.
Arrangements have been made for young ledies who, having already gone through a regular course of studies, still
may wish to know English literature more thoroughly
acquire more facility in speaking the French language, and
typerval in the Fine Arts. improve in the Fine Arts.

School will open on the second Monday of September.

Exponses by the term of Five Months:—Board \$100; Tution \$30; Vocal Music \$25; in classes \$16; Piano \$25; use
of instrument \$5; German and Italian, each \$25, in classes
\$10; Drawing, in classes \$10; Oil and Water Colors at the
Professor's price. All charges payable in advance.
For circulars and further particulars apply to the
Principal.

Editor of the Morning Post:—You will very much subserve the interests of the Democratic cause as party by announcing the name of Col. JOSEPH E. M'CABE of South Fayette, as a candidate for the State Legislatu The Colonel is eminently auxlified and competent: a Dem crat of the old Jeffersonian stamp, and sound on all the isms of the present contest, and the very kind of a man ANTI TAX. August 9th, 1858.

is; the recording instrument has for them an in telligible articulate language. They understand its speech. They can close their eyes, and listen to the strange clicking that is going on close to the Tonage Tax, under Rallroad influence, the bribery to the strange clicking that is going on close to and corrupt party management, and in favor of inaugurating a thorough Legislative reform, and securing an honest and commical administration of the efficient fiths county and the two cities, are requested to meet in Convention at the Court House, in the city of Pittsburgh, on Wednesday, the 26th day of August, at 11 o'clock, A. M., for the purpose of deliberation and the research gials in our affeirs of such their ear, while the printing is in progress, and at of deliberation upon the present crisis in our affairs, of uni-ting for mutual protection and defence, and of nomicating A NCKET IOR THE PROPLE to be supported by them at the ap proaching election.

The primary meetings for the election of delegates to be held at the usual place, between the hours of 1 and 7 o'clock.

held at the usual place, between the hours of 1 and 7 o'clock P. M., on Saturday, the 21st day of August next. ault: SUMMER CLOTHING.-

Pittsburgh, Pennsylvania. CARD FROM DR. JAMES M. JAR-RETT, OF THE NEW YORK LUNG INFIRM ARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Gure of Pulmonary Conumption and its kindred diseases, together with my univalled opportunities and advantage of pathological research—aided not a little by a perfect system of Medical Inhalaton—has enabled me to anive at a decisive, direct and successful course of treatment for the positive and radical one essful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs, and Air Passages. By Inhalation, the vapor and curative properties of medicines are directly adressed to the diseased organs and the integu-ment. Ldo not advise the use of Medical Inhalation of any

ment. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any enlegy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic and the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experiments and treatment within the reach of all, and not confine myself, as herecfore, to those only who entered the Infirmary, or who were able to visit attend. [au11] T. J BIGHAM, President. only who entered the Infirmary, or who were able to visit me at my office. Heping therefore that the arrangement will give entire satisfaction, both to my processional broth will give entire satisfaction, both to my processional broth conditions and the satisfaction of the satisfaction will give entire satisfaction, both to my protessional order-en and the public, I would respectfully announce in con-clusion, that I can now be ensulted personally or by letter, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. Inhaling Vapors, bledical Inhalers, &c., &c., will be forwarded by express to any part of the United States or the Canadas. Terms—My terms of treatment by letter are as follows, viz. \$12 per month for each patient which will include medicine sufficient for one month's use; also, In haling Vapor, and an ! nhaling Apparatus. Payment as for

> further particulars, address i. JARRETT, M.D., No. 82) handway, cor. Tweifth St., N. Y.
> P. S.—Physicians and others visiting the day are tospectfully invited to call at the Infirmary, where many
> interesting cases can be witnessed, and where our improved apparatus for the inhalation of medicated vaporcan be seen and inspected. DIRST INTROJUCED JULY, 1849.— A. L. ARCHAMBAULT'S Portable Steam Hoisting and Pumping Engine.
