The Weather .- The following is the range of the thermometer and barometer, as kept by George E. Shaw, optician, Fifth street:

Barometer 29 1.10. Special Meeting of the Common Conneil. A special meeting of the Common Council was

held last evening for the purpose of considering the application of the Connellsville Railroad Company for the right of way across Second, Ross and Try streets, and the ordinance changing the grade of President M'Kelyy in the Chair. The President stated that the object of the meeting was to receive the report of the Street Committee on the Connells-ville Railrond.

Mr. Sergeant wished to know if this was the proper Council for that Committee to report in. The President said it was. Mr. Sergeant—Does the Chair so decide. President—It does.

Mr. Sergeant—Then I appeal from the decision of The vote was taken on the appeal, and the Presi dent was sustained by a vote of 15 to 2.

Mr. Darlington offered an ordinance without any report from the Street Committee, stating that the Committee had met in conjunction with the City Solicitor and City Regulator, and had agreed upon the

ordinance presented. The ordinance provides that the railroad shall pass under Second, Ross and Try streets; and that the Councils shall prescribe the motive power and fuel to be used on the read, and also to make any necessary laws and regulations for the protection the lives and property of the citizens. After some few amendments, the ordinance passed to a third reading and final passage, when Mr. Sorgent objected. A suspension of the rules was called for and lost, and the ordinance was laid over under

The ordinance authorizing the construction of a sower in Union alley, from Select Council, which had been read three times and passed, was brought up, and the action of the latter concurred in. A petition from citizens of the First Ward, asking for a repeal of the ordinance relative to the Allo gueny wharf was offered, road and referred to Allaghony Wharf Committee. Mr. Errett moved that the City Solicitor be requested to delay action against petitioners until the committee had acted on the petition, which motion

Mr. Thompson effered a remonstrance from citizens of the Fifth Ward against the changing of the grade of Liberty street, and praying for the removal of the Pennsylvania Railroad to Quarry street. The remonstrance was fied. The ordinance for changing the grade of Liberty street was then read by the President. It provides

for the grading of the street upon the Pennsylvania Railroad Company paying all damages arising from the change, and the filling up of the canal. Mr. M'Candless offered a petition from residents on Liberty street for the change of grade from Wayne is heir to, but leaves them to test their own merits, and the to O'Harn streets, numerously signed by merchants doing business on Liberty street. Professor Huey.—This gentleman, very favorably known as a teacher of vocal music here, has opened a singing school in Greensburg. The Demecrat says:
Mr. Huey's abilities as a teacher of vocal music are extensively appreciated, and the readiness with which scholars were obtained gives the most reliable ovidence that his labors here on tormer occasions, in this department, had given complete satisfaction. We understand that the number of scholars is but little, if any, less than a hundred.

Charge of Libel.—We learn that a suit for libel against Charles M'Knight, Eq., editor of the Chronicle, was commenced before Alderman Lewis, of the Third Word, yesterday. The prosecutor is a Gorman named Henry Stiefel, who is the proprietor of a saloon in Lawrenceville. The ellegad libel consisted in the publication of a statement in that paper that the prosecutor kept a disorderly house. The alderman has taken no action as yet in the matter.

Fatal Railroad Accident.—A watchman on the Pennsylvania Railroad was killed on Sunday evoning near the Blairsville intersection. He was sitting on the track when the night express going east came upon and ran over him, mangling his body terribly and causing his death instantly. It was thought that he was seleep, but this fact has not been setisantorily ascertained. We did not learn his name.

Madame Harper.—Notwithstanding her power of looking into the future and seeing "which seeds will grow and which will not," and her prediction that the Mayor would discharge her, this astrological semals was yesterday held to ball for her appearance at Court to answer a charge of false pretences, the iroumstances of which we noted last week.

Another Suicide. Another case of suicide occurred in the Third Ward yesterday morning. George Silverman, a man about forty-five years of age, proprietor of a salt manufactory on the Kiskeminetas river, living in a manufactory on the Kiskeminetas river, living in a house on Federal street, near Wylie, in the Third Ward, has for some two weeks been laboring under a fit of melanchely, imagining that he was about to lose all his property. His bodily health was also poor, and Dr. M'Cook was attending him. Yesterday morning he retired to his room, and directed his family to admit no one except the Doctor. About helforest far Dr. M'Cook called, and finding the half-past ten Dr. M'Cook called, and finding the room locked, knocked at the door repeatedly. No answer being returned, the door was burst open, and Silverman was found lying on the floor, quite dead, two torrible gashes in his throat, one on each side, severing all the main arteries, and nearly separating the head from the body. A large pool of blood was

near him, and an open razor with which the deed had been committed lay on the bed, where he had evidently consummated the act, and then fell on the Quite an excitement was occasioned in the vicinity when the fact became known, and the house was be-sieged by the curious. An inquest was held by Al-derman Rogers, in the absence of the Coroner, and a verdict rendered in accordance with the facts. The deceased leaves a large family.

Wenter for assault and battery on one Lavier White-hair. Whitehair foeling aggrieved, made an information against him, and had him arrosted and dealt with as above.

AS AN EFFICIENT, safe and convenient tonic cathartic and anti dyspeptic medicine, these Pills are recommended to the public by the former proprietor, (DR. WILSON,) with a confidence such as a long continued and careful trial of them in an ample practice warrants. In their operation as a cathartic, they influence more the motory and less the secenting power of the bowels than any other combination in common use.

AS A TONIC—They agree with the most delicate stomach, removing nausea, pain, and debility from that organ, and through it impart tone and vigor to the whole system. AS AN ANTI-DYSPEPTIC—They neutralise and interrupt the formation of acids, check fermentation, and prevent the elimination of gases from the food in the stomach,—the direct consequences of chemical action,—an action which should never exist in the human stomach. From these peculiarities in the Pills, a person taking them may expect a free, full and natural evacuation of the bowels, without pain, nausea, local or general debility, or that disgusting elschness or costiveness—the usual effects which at tend or follow the use of other purges.

MESSRS. B. L. FARINESTOCK & CO.—We were the first to increduce Dr. R. Adams Wilson's Pills here many years ago. They were the best Pill ever in this market. We use no other in our own families, and secured for them a high tharacter by our recommendations. Yours, traip,

Extract of a letter from G. W. Irwin, Nathville, Tennessee, Fibruary 15, 1858.

MESSRS, B. L. FAHRESTOCK & CO.—Dear Sir: I have seen Dr. R. A. Wilson's Pills used for the ague with good effect; I have used them myself, and believe them to be the best Pill use of hother in relieving me from affections of the stomach and head. They have never faulted to relieve me from headache, and have always left my system in better condition they found it. I must confidently recommend your Pills as a safe and highly valuable medicine. IFAAC JONES....JNO. L. BOYD.....WM. McUULLOUGH dently recommend your Pills as a safe and highly valuable medicine.

Dr. R. Adams Wilson. Very respectfully, etc.

Dr. R. Adams Wilson. Eq., Treasurer of Allegheny Co., Part Tole R. R. A. Wilson.—Dear Sir: I have been using your Pills since 1840, and do decidedly say they are the best Pill in use, or that I have any knowledge of. I first used them for "sick headache," with which I suffered beyond description; I am happy to say, that they entirely cured me. Since then I use them as a family medicine: if I am billous, or anything ails me, and I require medicine, If a take a Pill, and it cures me; they are my only medicine, and have been for the last seventeen years.

MESSES. B. L. FAUNESTOCK & Co—I have had considerable experience in the use of the extraordinary Pill compounded by Dr. R. Adams Wilson, of which you are now the proprietors, and have often felt their benign influence in my own etors, and have often felt their benign influence in my own cuse for "nervous headache," arising from a disordered condition of the stomach. I have likewise prescribed them for others, in cases of "hemicrania" and other forms of headache depending on a deranged and irritable condition of the atomach and digestive organs, of which they seem peculiarly adapted, being entirely free rom any griping tendency. I regard them as a very valuable Pill, and one that purges without at all cebilitaring.

ANN ARBOR, November 5, 1856.

PROF. O. J. Wood—Dear Sir:—I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nottrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudiy trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as poted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thekened and become beautiful and glossy upon, and entirely over the heat; she continues to use it, not simply because of its beautifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happlest effects herefore, my skepticism and doubts in reference to its character and value ero entirely removed; I can and do and most conditive and confidentially recommend its use by all who would have their hair restored from whise or gray (by reason of sickness or age,) to original color and beauty, and by SH.—

Very truly and gratefully yours,

FRIEND Wood: It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Datrofs, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration won claim for it. laim for it.
