A Besideratum Supplied --- The Quaker City Sewing Nachine. We observed at our friend Daly's, on Fifth street, corner of Market alley, a new Sewing Machine—the "Quaker City." The characteristics which commend it are important to the public when business is buoyant and times are good, but doubly so during this season of mercantile prostration. Why should a man invest \$100 to \$150 in a sewing machine for his vife or daughter when one can be had for \$20 er \$40, complete, which "works equally well and is superior in point of simplicity?"
We have closely examined the "Quaker City,"

and find it a model of simplicity; so much so, indeed, that it is a wonder in itself—performing its work in the most perfect manner without the complicated machinery and liability to get out of order which all other machines are liable to. But the great desideratum heretofore has been a good cheap machine. We are happy to announce that this important want is supplied in the "Quaker City." It is manufacturers cannot supply machines, so great is the demand. Mr. Daly being overrun with orders dditional buildings, and introducing in proved machinery, expressly for their production-a portion of which they were daily bringing into play, and everything looked fair to enable them in a short time to sow the "Queker City" "broadcest over the land."
Our lady readers will of course call at Mr. Daly's. will satisfy the most skeptical.

Child Beating. A woman named Mrs. Milligan, rosiding on the corner of Pennsylvania Avenue and Vine street, was arrested by the Mayor's Police at a late hour on Friday evening. Pills are recommended to the public by the former proprietor, (DR. WILSON,) with a confidence such as a long continued and careful trial of them in an ample practice warrants. In their operation as a cathartic, they influence more the motory and less the secerning power of the bowels than any other combination in common use.

AS A TONIO—They agree with the most delicate stomech, removing nausea, pain, and debility from that organ, and through it impart tone and vigor to the whole system.

AS AN ANTI-DYSPEPTIO—They neutralize and interrupt the formation of acids, check formentation, and prevent the elimination of gases from the food in the stomach,—the direct consequences of chemical action,—an action which should never exist in the human stomach. From these peculiarities in the Pills, a person taking them may expect a free, full and natural evacuation of the bowels, without pain, nausea, local or general debility, or that disgusting sickness or coetiveness—the usual effects which at tend or follow the use of other purges.

Extract of a letter from H. F. Furnavorth & Co., Druggists, Messus, B. L. Fahnsmoox s. Co.—We were the first to incroduce Dr. B. Adams Wilson's Pills here many years ago. They were the best Pill ever in this market. We use no other in our own families, and secured for them a high tharacter by our recommendations. Yours, traly,

MESSUS, B. L. FAHNSSTOCK & CO.—Dear Sir: I have seen Dr. R. A. Wilson's Pills used for the ague with good effect; I have used them myself, and believe them to be the best Pill in use I have no doubt they will cure many other complaints when properly used, and I cheerfully recommend them to the public. From Octonel Wm. Hopkins, late Canal Commissioner.
Washington, Pa. January 8, 1858—Dear Doctor: I have been using your "Anti-Dyspeptio" Pills, when occasioned required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and head. They have never failed to relieve me from headache, and have always left my system in better condition they found it I must confidently recommend your Pills as a safe and highly valuable medicine.

Very respectfully. etc. dently recommend your Fine Management of the last seventeen years.

Dr. R. Adams Wilson.

From Thos. Blackmore, Esq., Treasurer of Allegheny Co., Pa.

To I's. R. A. Wilson.—Dear Sir: I have been using your Pills since 1840, and do decidedly say they are the best Pill in use, or that I have any knowledge of. I first used them for "sick headache," with which I suffered beyond description; I am happy to say, that they entirely cured me. Since ther I use them as a family medicine: if I am bilious, or anything ails me, and I require medicine, I take a Pill, and it cures me; they are my only medicine, and have been for the last seventeen years.

THOS. BLACKMORE.

he last seventeen years. January 8, 1858. January 8, 1858. Hear Dr. Keyser.

Messes, B. L. Farnistock & Co—I have had considerable experience in the use of the extreordinary Pill compounded by Dr. R. Adams Wilson, of which you are now the proprietors, and have often felt their benign influence in my own case for "nervous headache," arising from a disordered condition of the stomach. I have likewise prescribed them for others, in cases of "hemicrania" and other forms of headache depending on a deranged and irritable condition of the stomach and directive organs, of which they seem poculiar. tomach and digestive organs, of which they seem peculia atomach and algestive organs, of which they seem pecuniary adapted, being entirely free rom any griping tendency I regard them as a very valuable Pill, and one that purges without at all debilitaring. Yours truly, GEO. H. KEYSER, 140 Wood street. Pittsburgh, March 5, 1858 jyl:lydaw
