The Ocean Telegraph.

We publish below a correspondence between a number of our citizens and the Mayor, from which it will be perceived that a meeting will be held this morning at ten o'clock, for the purpose of concerting measures for the appropriate celebration of the connection of England and America by the Atlantic telegraph. Let all good citizens attend, and aid in getting up a suitable demonstration:

PITTSBURGH, August 17, 1858.
To His Honor, Henry A. Weaver, Mayor of iantic Telegraph Cable. Yours, very respectfully,

David Campbell, Th. Umbstaetter, W. P. Baum, Reymer & Anderson, Jas. M'Candless & Co., Wilson, Payne & Co., Jas. Rerdman, Chas. H. Paulson. Joseph Dilworth. R. H. Hartley & Co., Jos. Mayon's Office, Pittsburgh, August 17, 1858. To MESSES. TH. UNBSTARTIER, W. BAGALEY, I. M. PENNOCE & Co., and others:—In accordance with the above call, the citizens of Pittsburgh are respect fully invited to attend a public mosting at the Board of Trade Rooms, Fourth treet, on Wednesday morning, 18th instant, at ten c'clock, to take measures for a suitable demonstration in honor of the success of

the Atlantic Telegraph Cable.

H. A. WEAVER, Mayor. It is proposed to make the demonstration as general as the short time for preparation will admit, by closing the doors of all the business houses, at four o'clock on Thursday afternoon, at which time a sa lute of a hundred guns will be fired, and the church bolls in the city, as well as those of the steamers at the landing, will be rung, and all citizens who feel to disposed will illuminate their dwellings after sundown. Fireworks will be set off, and the public buildings will also be illuminated. We learn that the County Commissioners are making preparations for lighting up the Court House, and that cartridges are already being made to be fired from cannon on the river bank. Lot all join in the celabration of this great event, and in rendering henor to whom honor is due."

Successful Experiment on the Penneylvania Central heilroad.—On the heavy grade from Altoona to Cresson, which is ninety five feet to the mile, it has been customary to attach an additional locomotive to the train, but on Tuesday last the experiment was point. Suffice it to say, the attempt was highly somewhat reduced; this, however, caused no inconvenience to the passengers, who had, thereby, abundant enportunity of observing the magnificent teenery—too grand bayond measure for an attempted description—and were only delighted to be able to tarry a little longer in this unprecedented and un-rivalled enjoyment. The train was an unusually large one, there being seven full cars in it. Lovers of the grand and picturesque in nature and of the gigantis and marvellous in art, should not fail to take a ride over this interesting line of travel. ----

A Suggestion.-We would suggest to the different beat clobs of the city that they add to the effect of the proposed general illumination in honor of the boat and barge, appropriately decorated, turn out, lit up with torches, and row in regular order, without se acted upon, as we know the gentleman amateurs siderthe matter?

The Grasshopper Visitation.—Within a space of about three weeks, says the Fredonia, Chautauque county, N. Y., Advertiser, myriads of grasshoppers have appeared in almost every section of the country. The swarms in our immediate locality exceed in number and destructiveness those of any previous year for a long period of time. Their depredations are not confined to any particular crop. Everything green is liable to their consumption, even from corn and potatoes down to onions and tobacco. Much inhas already been done, and infintiely more will be, unless something interposes like a cold rain, or a disease, which will cripple and destroy them, some evidences of which latter are now apparent. These unwelcome visitors are also said to be devastating some of the northern counties of Pennsylvania,

Accident .- Mr. Peter Wallace, of Kanawha county, Wa, and another man were engaged in digging a well. Soon after they went down, his companion was observed to drep, when Mr. Wallsee called his wife to his assistance, and immediately descended, fastened a rope around Slater, and Mrs. Wallaco drew him up. By the time he was drawn up the mophitic air in the well had so acted upon Wallace burning in all kinds of that he occame senseless. Slater had not recovered, and Mrs. Wellace was there without assistance, and none could be procured until the went to a neigh. THOMAS, SUPERIOR PATENT IMPROVED LAMP ber's house, about a quarter of a mile distant. By the time assistance arrived, and Mr. Wallaco was drawn up, he was dead. He was a good citizen, and much respected in his neighborhood.

Attempted Suicide.-In Mount Vernon, Ohio, on Sunday morning last, a young man named Columbus Johnson, while crazy with passion, superinduced by excessive drinking, made two violent attempts to destroy his life by cutting his throat. The wounds be inflicted were immediately under the chin, where the isw bone interfered to prevent the consummation of his terrible purposes. Although unsuccessful in his designs, Johnson declared during the day that it was still his intention to destroy his life, and would allow no one to dress or attempt to heal his wounds.

Arrested .- We noticed some time since that a man named Glossing had hired two gray horses from man named clossing has lined at two gray, hotees from a livery stable keeper named Christman, in Danville, Montour county. He was arrested on Monday evoning last at a hotel in Easton. > Scarce.—There was a great dearth of local items in the cities yesterday—nothing of importance transpiring during the day. Business was almost at a stand still, and the public mind seemed to be absorbed with the cheering news received from the Atlantic Telegraph, and the contemplated celebration in honor of the crowning event of the present century.

The Teachers' Institute of this county will meet on next Monday, in the Third Ward School House. A large attendance is expected, and as the amount of business which will come before them is considerable, they will probably be in session the entire week. firing of one hundred guns on the occasion of the proposed Telegraph celebration. In the cases of the Commonwealth vs. J. S. M. Young, Esq., editor of the Eric Dispatch, for libel upon J. MESSES. B. L. FARNESTOCK & CO.—We were the first to increduce Dr. R. Adams Wilson's Pills here many years ago. They were the best Fill ever in this market. We use no other in our own families, and secured for them a high tharacter by our recommendations. Yours, truly, H. F. FARNESWORTH & CO.

Extract of a letter from G. W. Fruin, Natwille, Tennessee, February 15, 1858.

MESSES. B. L. FARNESTOCK & CO.—Dear Sir: 1 have seen Dr. R. A. Wilson's Pills used for the ague with good effect; I have used them myself, and believe them to be the best Pill in use I have no doubt they will cure many other complaints when properly used, and I cheerfully recommend them to the public. Respectfully, yours, G. W. IBWIN.—From Cilonel Wm. Hopkins, late Canal Commissioner.

Washington, Pa. January 8, 1858—Dear Doctor: I have been using your "Anti-Dyspeptic" Pills, when occasioned required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and head. They have never fulled to relieve me from headache, and have always left my system in better condition they found it. I must confidently recommend your Pills as a safe and highly valuable medicine.

From Thos. Blackmore, Etq., Treaturer of Allegheny Co., Fa.

To Ir. R. A. Whison.—Dear Sir: I have been using your Pills since 1840, and do decidedly say they are the best Pill in use, or that I have any knowledge of. I first used them for "sick headache," with which I suffered beyond description; I am happy to say, that they entirely cured me. Since then I use them as a family medicine: if I am billous, or anything alls me, and I require medicine, I take a Pill, and it cures me; they are my only medicine, I take a Pill, and it cures me; they are my only medicine, I take a Pill, and it cures me; they are my only medicine, I take a Pill, and it cures me; they are my only medicine, I take a Pill, and it cures me; they are my only medicine, I take a Pill, and it cures me; they are my only medicine and have been for the last neventeen years.

Hear Dr. Keyer.

MESSHS. B. L. FAHNESTOCK & Co—I have had considerable experience in the use of the extraordinary Pill compounded by Dr. R. Adams Wilson, of which you are now the proprietors, and have often felt their benign influence in my own case for "norvous headache," arising from a disordered condition of the stomach. I have likewise prescribed them for others, in cases of "hemicrania" and other forms of headache depending on a deranged and irritable condition of the stomach and digestive organs, of which they seem peculiarly adapted, being entirely free 'rom any griping tendency, I regard them as a very valuable Pill, and one that purges without at all oeblilitaring. Yours truly,
