Arrival of Jacobi, the Murderer On Monday evening the Chicago officers arrived by the nine o'clock train of the Pittsburgh, Fort Wayne and Chicago Railroad, having in charge Christian Jeachi charged with the murder of his Christian Jacobi, charged with the murder of his wife in the vicinage of this city, on or about the 7th of July last. The train was met by Mayor Weaver, Sheriff Patterson, Jailor Philips, several police offi-cers and citizens. The prisoner was placed in a close carriage, carefully guarded by officers, and driven speedily to the jai. Much curiosity was manifested to got a fight of him, but he was placed safely in charge of Jailer Philips with all possible despatch, to avoid the danger from the collection of a mob. We understand that his gramination will not take allow understand that his examination will not take place until Wednesday. The girl Sutler, with whom he fled, Is in the city, and Jacobi's children are at the Orphan Asylum. It is probable that he will be tried at the ensuing October term of the Oyer and Termi-

gall Business. There never was a time when the morebants and manufacturers of Pittsburgh were in sounder condition than at the present time. The amount of capital at present unemployed is undoubtedly greater than ever before known in the history of the financial matters of our city. After the experience of the last year our business men men move cautiously. They have fair stocks of manufactured goods on hand and prefer to sell mainly for eash. This will prevent the fall business being as large as usual, but hit will be sound, safe and healthy. There will be a firm and steady demand for Pittsburgh erticles, for the stocks in the west are already pretty well exhaustid, but it is not probable that large sales to sizgle individuals will be made as in "credittimes." Things are gradually improving, and as stroks decrease, and orders come in, the amount manufactured increases and employment is given to large numbers of workmen. We have all the elements of prosperity, and they are working in a natural and safe channel. What is now gained is a cortain gain.

LEGISTILE, Ky., July, 1856. THE RELIEF AFFORDED BY DR. J. HOSTIT-TER'S STOMACH BITTERS in all cases of Dyspejsix and similar affections has given that valuable preparation a wide popularity among these who for years suffered from such silments. It is excellent as a tonic, and beneficient in its effects on the system. Its history is one almost of miracles, one to which Dr. Hostetter can point with confidence and credit. Indeed, no remedy, perhaps, in the on this street. some period has attained such an extended popularity as the Ecctor's Bitters, which are ever regarded as a certain cure for distress of stomach. Those who have tried it speak praisingly of its effects, and therefore, we can commend it to getterature. DR. R. A. WILSON'S Tonic, Cathartic, and Anti-Dyspeptic PILLS

PREPARED AND SOLD BY Corner of Smithfield and Front Streets, B. L. FAHNESTOCK & CO., WHOLESALE DRUGGISTS,

No. 60 corner of Wood and Fourth Streets

PITTSBURGH, PENN'A.

S AN EFFICIENT, safe and convenient touic, cathartic and anti-dyspeptic medicine, these Pilis are recommended to the public by the former propretor, (DR. WILSON,) with a confidence such as a long continued and careful trial of them in an ample practice warrants. In their operation as a cathartic, they influence more the motory and less ihe secerning power of the bowels than any other combination in common use. As a Tonio—They agree with the most delicate stomach, removing nauses, pain, and debility from that organ, and through it impart tone and vigor to the whole system. As An Anti-Dyrepptio—They neutralize and interupt the fermation of acids, check fermentation, and prevent the elimination of gases from the food in the stomach,—the direct consequences of chemical action,—an action which should never exist in the human stomach. From these peculiarities in the Pills, a person taking them may expect a tree, full and natural evacuation of the bowels, without pain, nausea, local or general debility, or that disgusting sickness or costiveness—the usual effects which at tend or follow the use of other purges.

Entract of a letter from G. W. Punin, Nathmills February Co.—Dear Sir: I have seen the seen with son's Pills used for the agne with good effect; I have used there myself, and believe them to be the best Pill in use. I have no doubt they will cure many other complaints when properly used, and I cheer rully recommend them to the public. Respectfully, yours,

G. W. IRWIN.

From Oslonel Wm. Hopkins, late Ounal Commissioner.

WABHINGTON, Pa. January 8, 1858—Dear Doctor: I have been using your "Anti-Dyspeptio" Pills, when occasioned required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and head. They have never failed to relieve me from headache, and have always left my system in Letter condition they found it. I must confidently recommend your Pills as a safe and highly valuable medicine.

From Thos. Blackmore, Esq., Treasurer of Allegheny Co., Ps.,
To i E. R. A. Wilson.—Dear Sir: I have been using your
Pille since 1840, and do decidedly say they are the best Pill
in use, or that I have any knowledge of. I first used them
for wick headsche," with which I suffered beyond descrip-

in use, or that I have any knowledge of. I first used them for "sick headache," with which I suffered beyond description; I am happy to say, that they entirely cured me. Bince then I use them as a family medicine: if I am billous, or anything alis me, and I require medicine, I take a Pill, and it cures me; they are my only medicine, and have been for the last seventeen years.

THOS. BLACKMORE.

January 8, 1358.

Missus. B. L. Farnestock & Co—I have had considerable experience in the use of the extraordinary Pill compounded by Dr. R. Adams Wilson, of which you are now the proprietors, and have often felt their benign influence in my own case for "nervous headache," arising from a disordered condition of the stomach. I have likewise prescribed them for others, in cases of "hemicranta" and other forms of headache depending on a deranged and irritable condition of the stomach and digestive organs, of which they seem peculiarly adapted, being entirely free from any griping tendency. I regard them as a very valuable Pill, and one that purges without at all debilitering. Yours truly,

GEO. H. KEYSER, 140 Wood street.

PROF. O. J. Wood—Dear Sir:—I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful and glossy upon, and entirely over the head; she continues to you claim for it.

Again, very respectfully and truly, yours,
