LOCAL AFFAIRS.

[For the Pittsburgh Morning Post.] Mr. Editor:-I see and learn that the late financial panic has caused a serious stagnation in all departments of the business of this great Birmingham of the West. It is only too well known that there are now thousands in this city who are in extremely straightened and indigent circumstances. The fact of but few of the manufacturing estab.

poverty and want. The present exigency makes a strong appeal to such of the inhabitants as Providence has blessed with a surplus, to extend the hand of charity.

The approach of cold weather, with the large num ber unemployed and destitute, with prospect of the number increasing, by the means and resources of many becoming exhausted, and the absolute necessities of every one expanding as the white column in the thermometer contracts, should admonish every the thermometer contracts, should admired duty de-humane citizen that a high and imperative duty de-humane citizen that a high and act, regarding volves on them to consider, devize and act, regarding or not. It is expected to have a very pleasant t me. the indigent pertion of this community. I know it was the custom for many years for the Board of Trade and other institutions, to adopt salutary and efficient measures, in the dead of winter, to relieve the poor. It was very rare, however, that any efficient messures were adopted before a large amount of want and suffering had been experienced

The suspension of operation by so many mannfacturing establishments, large lesses in steam boat interests, with the general and almost universal derangement of the currency and credit of the whole country, by roughishly managed banks and shaving shops, has brought ruin and desciation all over the cities. Here, the decolation the coming winter must be wide spread.

Consequently, the Board of Health, and all charitable institutions and individuals that can, should commence consideration and action for the relief and support of the poor of the city immediately. Judicious arrangements should be made to procure, in soven years of age, toll keeper at the first gate on the most economical way, stone coal, provisions, the Perrysville Plank Road, died suddenly on Monclothing, &c., and have the same placed in the most convenient and proper places for distribution. Now, when so many of the clear-headed business, men and financiers of the city have leisure, it may be | family to mourn his loss. hoped that they will exercise their transcendant tal ents, and some of the abundance of their means, in the organization and practical execution of a comprehensive, humane and generous plan, that may efford, unostentatiously and judiciously, assistance and relief to the needy of this city. It may be hoped too, that the judicious and wise action of the intelligent gentlemen of this city, may induce early and effective organization and action elsewhere, which

may thereby contribute widely to a great and good chiect. Police Items .- Alderman Rogers sent John Grounds to jail for disorderly conduct, on complaint of a woman, whom John declared to be Mrs. Grounds, but the lady denied the soft impreschment, and alleged that she had only premised to become Mrs. Grounds John Grounds, having no grounds of defence for his had behaviour, and having evidently drunk some thing strenger than coffee grounds, remained perfect ly silent while Mrs. Grounds gave him a tengue lashing, for which she evidently thought she had

good grounds. A woman, named Ann Connelly, was sent to prison by Alderman Daft, for larceny. It appears that the girl had been living in the family of Mr. Ralph Reed, of Pitt township, and had left for a few days, to visit some friends. On Tuesday morning when he arose Mr. Reed was astonished to find the doors of his house open, and on looking about he saw the girl going away. He thought he recognized some o his daughter's clothing upon her person, and charged her with stealing it, which she denied, and was suffored to depart. Upon examination a silk dress. tonnet, shawl, and some other articles belonging to Mr. Reed, were found to be missing, and officer M'Coy being put on the track, arrested her on Wylie street, with a portion of the goods alleged to be sto-len, on her person. She had the silk dress on over another dress, and was disrobed at the Mayor's office. She will have another trial tomorrow.

Alderman Perkinson sent Martin Kinsey to prison for disordery conduct. Alderman Daft committed James Morgan to jail for five days, on complaint of his wife, for drunkenness, and curring and swearing at a most terrible Donaldson committed Alex. Savilla and John M'Alley for an utter incompetency to judge how much whisky they could hold. Alderman Wilson committed Richard Dougherty one day as a vagrant, and Adolph F. Dietrich and

The Mayor sent up the customary number of com-Taking the Pictures.

At the corner of Fifth and Wylie streets Mr. Slatter had a deguerreotype gallery, which, as he has another on Wood street, he employed a man named Clark to attend. Mr. Slatter had occasion to go to Cincinnati and during his absence. Mr. Clark went to the Wood street gallery and obtained possession of quite a number of daguerreotype cases. On Fri-day last Mr. Clark, being piously inclined, announced that he was going to the camp meeting at Tarentum. On Tuesday, as he did not come back, suspicion was aroused that all was not right, and on breaking open the door of the gallery at Fifth and Wylie, it was as-certained that Mr. Clark, in his journey to camp-meeting, had carried off the instrument, cases, pic-tures and materials, in all amounting to about one hundred dollars in value. It is needless to say that he has not been seen at camp meeting or anywhere else about the city since Friday. Apparently, there is room for repentance in his case, and we should not surprised if some of our police officers should bring him up to the anxious seat.

Two Men Suffocated in a Coal Pit. About four o'clock on Tuesday afternoon two Ger ns incaptionaly went into one of the coal pits of the Little Saw Mill Railroad Company, in Temperanceville, and were almost instantaneously deprived of life by the foul air which had accumulated in the pit. It had been the custom to work the pit by using face to drive out the bed air, but they had not been operated for a day or two past, and the unfortunate Germans, not approhending danger, entered the pit, and were at once prestrated by the damp, mephitic vapors which had filled the pit. Coroner Alexander Hent over last night for the purpose of holding an inquest upon the bodies. We did not learn the names of the unfortunate men, but they were both coal diggers, employed at the works.

-----The Cable Illumination.—To-day all the principal cities of the Union suspend business and celebrate the day by illuminations, processions, &c., in honor of the successful laying of the sub-sea cable. In London also, and the chief cities of England, the celebration of the event is to be simultaneous with that in America. We are sorry to say that Pitts burgh is behind in this matter, and that no general arrangements for celebrating the day have been made. Individuals, however, are determined not to et the occasion pass unnoted, and, among others, Mr. Gallagher, of the Symposium, on Fifth street adjoining the Theatre, will have his house illuminated in splendid style. If others are content to re-main in the dark, he, for one, is determined to

Presentation.-Last evening a set of silver plate was presented to Robert Anderson, Esq., late Post-master, by the assistants in the Post Office. The presentation took place at the residence of Col. Anrson, where a pleasant social gathering of his friends took place. The compliment from those who have been for so many years employed under him to Mr. Anderson was well deserved. The duties in the post office are arduous, but he has never been a hard task-master, being always ready to do a fair share of the labor himself, and at all times treating those about him with the courtesy of a gentle lishments being in operation for sometime past, man. This presentation was not a formal ceremony but a mark of true respect and esteem.

PILLS PREPARED AND SOLD BY .. Corner of Smithfield and Front Streets, B. L. FAHNESTOCK & CO.

WHOLESALE DRUGGISTS.

No. 60 corner of Wood and Fourth Streets, PITTRBURGH, PENN'A. S AN EFFICIENT, safe and convenient tonic, catuartic and anti-dyspeptic medicine, these Pills are recommended to the public by the former proprietor, (DR. WILSON,) with a confidence; such as a long continued and careful trial of them in an ample practice warrants. In their operation as a cathartic, they influence more the motory and less the secerning power of the bowels than any other combination in common use.

rants. In their operation as a cathartic, they inducate more the motory and less the secarning power of the bowels than any other combination in common use.

AS A TONIO—They agree with the most delicate stomach, removing namean pain, and debility from that organ, and through it impart tone and vigor to the whole system.

AS AN ANTI-DYSEPETIC—They neutralise and interrupt the formation of acids, check fermentation, and prevent the elimination of gases from the food in the atomach,—the direct consequences of chemical action,—an action which should never exist in the human stomach. From these peculiarities in the Pills, a person taking them may expect a free, full and natural evacuation of the bowels, without pain, names, local or general debility, or that disgusting sickness or cositveness—the usnal effects which at tend or follow the use of other purgea.

Prom Oslonel Wm. Hopkins, late Canal Commissioner.
Washington, Pa. January 8, 1858—Dear Doctor: I have been using your "Anti-Dyspeptio" Pills, when occasioned required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and head. They have never failed to relieve me from headcache, and have always left my system in better condition they found it. I must confidently recommend your Pills as a safe and highly valuable inedicine.

Dis. R. Adams Wilson. Wery respectfully, etc.,
From Thos. Blackmore, Esq., Treasurer of Allegheny Co., Pri.
To i n. R. A. Wilson.—Dear Sir: I have been using your
Pilis since 1840, and do decidedly say they are the best Pili
in use, or that I have any knowledge of. I first used them
for "sick headache," with which I suffered beyond description; I am happy to say, that they entirely cured me. Since
then I use them as a family medicine: if I am bilious, or
anything alis me, and I require medicine, I take a Pill, and
it cures me; they are my only medicine, and have been for
the last seventeen years.

THE GREATEST

OF THE AGE.

R. KENNEDY, of Roxbury, has discovered a romedy FROM THE WORST SOROFULA DOWN TO A COMMON PIMPLE. He has tried it in over eleven hundred cases, and never tailed except in two cases, (both thunder humor.) He has now in his possession over one hundred certificates of its value, all within twenty miles of Beston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples at he face. Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst cauker in the Three to five bottles are warranted to cure the worst kind one bottle will cure scaly eruption of the skin.

Two or three bottles are warranted to cure the worstkind CARRIAGES,

Two or three bottles are warranted to cure the mosifies of ringworm.

Two or three bottles are warranted to cure the mosifies perate case of rhemmetism.

Three to four bottles are warranted to cure sait-Rheam. Five to sight bottles will enre the worst case of scrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity in taken.

BOXBURY, MASS

DEAR MADAM.—The regutation of the Medical Discovery, in curing all kind of humors, is so well catablished by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise. clain and the most careful proggisse in the country are an animous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of the curative power, in relieving all, and curing most of those diseases in which you are un fortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

Is cared as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet alumbers; and the Medical Discovery becomes a fountain of blessing to your hesband and bussehold.

which is nothing but canker of the stem intestines and KIDNEY8, reating a stuking, gone feeling, and an indiffer the cares of your family. Your stomach is RAW AND INFLAMED, your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains as the scrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes lose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, tregularity of the bowels, and also, that most excudiating of diseases, the CUBE;

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress ce your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the MEDICAL DISCOVERY you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, Ne change of diet ever necessary
and enough of it.

DERECTIONS FOR USE—Adults one table spoonful per day—
Children over ten yeaes dessert spoonful—Children from five
to eight years, tes spoonful. As no directions can be applicable; to all constitutions, take sufficient to operate on the
bowels twice a day.
