Her body was brought to the city, and Cor. admitted him, and asked where his wife was. H oner Alexander held an inquest upon it last night. The jury returned a verdict of accidental death un-

der the circumstances stated. The train was in charge of Conductor Alexander, who bears the reputation of being one of the most careful railroad men in Ponnsylvania. It is evident that no foresight on his part could have prevented

the accident. We append a list of the injured as far as there names could be ascertained last night at midnight, woman. Mr. Herwig said the entire family had which we helieve includes all who received injuries clothing similar to the dress shown, but neither of which, we believe, includes all who received injuries on the train:

Mr. I. N. M'Creary had an arm broken and was otherwise badly bruised. Mrs. M'Creary, his wife, had one arm badly

John Rockeby's skull was fractured badly. The following received slight injuries, some them being bruised in the limbs and others injured about the head and body :

Mr. and Mrs. Kinkead, father and mother of the young lady who was killed. Mr. and Mrs. Robert Donaldson.

Mr. and Mrs. John Cowell. Rev. Wm. H. Lynch and lady.

Mr. and Mrs. John Shidle. Mr. and Mrs. James Wright and daughter. Mr. and Mrs. H. Lehman. Mr. and Mrs. - Meyer.

Mr. Edward Hearloton. Dr. John Perchment. Mrs. Kanfiman.

The locality of the accident was about fourteen illes from the city, about one mile and a half from Hulton's Station, and below Johnston's Station. The conductor and Rev. G. B. Russell were sitting in the car next to the one thown off, which was in the rear, when they felt a trembling motion of the car. The train was stopped, and on looking out they saw the rear car rolling down the embankment.

Fragments of the car were lying scattered about and the wounded were laying about in every direc. His counsel, however, may produce other witnesses tion. Mr. Russel states that he saw Mr. Kinkead holding the head of his daughter, who was quite dead, lamenting piteously, and endeavoring to replace the brain which was exposed by the fracture. He describes the scene as being terrible in the ex-

Grover & Baker's Celebrated Sewing Machines .-Elliott, the shirt mar, on Fifth street, who is agent for the sale of this most capital machine in this city. is selling them in surprising numbers. Invoice after invoice goes off as fast as received, and still the cry is for more. In purchasing a sewing machine which is calculated to last and do its work well, it is not generally the lowest priced one which is the cheapest in the end. It is better to pay a good price for a first rate article than to give one half as much for an article which is of little use. Grover & Baker's machine is all that it claims to be. It is adapted to c-wing woolen, linen or cotton goods, it finishes its work, it is easily kept in order, does sowing better sad more evenly than it can be done by hand, the work will not rip, it does not require responling of the thread, and is in all respects a very superior article. These machines have met with the most unbounded popularity, for they need only to be seen to e appreciated. Every family should have one, as a matter of labor saving, domestic economy. Mr. El-licit, the agent, is exactly the man to have charge of the sale of such a machine in this city. He is a tractical workman at them, and can show the customer all their advantages by actual demonstration They cannot but believe their own eves, sided by Elliott's pleasant manner of pointing out the excellen cies of the machine. Call at Elliott's Shirt Store, and see the machine operated, and you will not res entished until you have purchased one.

Preliminary Examination of Christian Jacobi for the Murder of his Wife.

At ten o'clock on Wednesday morning, notwiths standing the morning papers had announced that the examination would not take place until eleven, quite a large concourse had assembled at the Mayor's office to listen to the examination of Christian Jacobi for the murder of his wife, on the night of the 7th of July. A large assemblage had congregated in the rear of the office, awaiting the time when the prisoner should be taken from the tembs to the office. orisoner should be taken from the tombs to the office when they could get a glimpse of his person. A few minutes after ten, Jacobi was taken into the office and placed inside the barricade, when immediately ately a dense mass filled the office, while the yard was alive with spectators who watched the proceed

DR. R. A. WILSON'S Tonic. Cathartic, and Anti-Dyspeptic PILLS PREPARED AND SOLD BY

Corner of Smithfield and Front Streets, B. L. FAHNESTOCK & CO. WHOLESALE DRUGGISTS

No. 60 corner of Wood and Fourth Streets, PITTABURGH, PENN'A. A S AN EFFICIENT, safe and convenient tonic catherete and antidament

S AN EFFICIENT, safe and convenient tonic, cathartic and antidyspeptic medicine, these Pills are recommended to the public by the former proprietor, (bR. WILSON.) with a confidence such as a long continued and careful trial of them in an ample practice warrants. In their operation as a cathartic, they influence more the motory and less the secerning power of the bowels than any other combination in common use.

AS A TONIC—They agree with the most delicate stomach, removing nauses, pain, and debility from that organ, and through it impart tone and vigor to the whole system. AS ANATI-DYSPEPTIC—They neutralise and interrupt the formation of acids, check fermentation, and prevent the elimination of gases from the food in the stomach,—the direct consequences of chemical action,—an action which should never exist in the human stomach. From these peculiarities in the Pills, a person taking them may expect a free, full and natural evacuation of the bowels, without pain, nauses, local or general debility, or that disgusting sickness or costiveness—the usual effects which at tend or follow the use of other purges.

Washington, Pa January 8, 1858—Dear Doctor: I have been using your "Anti-Dyspeptic" Pills, when occasioned required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and head. They have never miled to relieve me from headache, and have always left my system in better condition they found it. I must confidently recommend your Pills as a safe and highly valuable medicine.

Dr. R. Adams Wilson.

From Thos. Blackmore, Esq., Treasurer of Allegiany Co., In.

To I'r. R. A. Wilson.—Dear Sir: I have been using your Pills since 1840, and do decidedly say they are the best Pill in use, or that I have any knowledge of. I first used them for "sick headache," with which I suffered beyond description; I am happy to say, that they entirely cured me. Since then I use them as a family medicine, if I am billions, or anything alls me, and I require medicine, I take a Pill, and it cures me; they are my only medicine, and have been for the last seventeen years.
