The Railroad Accident .- Since our issue of yesterday we have heard of some other persons who were injured by the accident on the Allegheny Valley Railroad on Wednesday evening, whose names we have not reported. We give a few additional names, with the injuries sustained:

William W. Mair, of the firm of Leech & Mair, residing in Allegheny, was quite seriously injured. The lower part of his nose and his upper lip being out nearly off. Dr. Cote dressed his wounds. His Miss E. Wright, of the Sixth Ward, had her arm t rribly lacerated in two or three places.

Mrs. Al'en Kramer was also much injured; her spine and back being the parts effected.

A Miss Wilson had her face badly cut, and Miss Holmes, of Alteghony, was similarly hurt.
Mrs. Dr. Perchment, Peter Shostz, of Alleghony, Mrs. Thompson and two children, and Mrs. Lewis were all slightly bruised.

Gross Outrage. about six miles from the city, near Beltzhoover's tav- the patient. ern, came to Pittsburgh. About dusk she was walk-ing up Smithfield street, when she was accosted by John Beatty and two other men, who entered into conversation with her, and under pretence of getting liquor and succeeded in getting her intoxicated.

They then prevailed upon her to go to Allegheny

Her screams attracted "Plumper" Graham and William Bowden, who obliged the bastisl villain to design The three men escaped, but an accurate description being given by the girl, Beatty and another young men were arrested by Mayor Stuckrath's polica yesterday morning. She fully identified Beatty, but could not be positive as to the other man. He was consequently discharged, while Beatty was committed to jail to answer the charge.

Police Items .- John Loslie, who was recently comfore Alderman Wilson. Ann Conwell, charged by Ralph Reid, Esq., with grand larceny, in stealing a silk dress and other valuable articles from his house recently, was examined before Alderman Daft resterday, and committed to

Benjamin Parker was before Mayor Weaver, charged on oath of his wife, Clara Parker, with assault and battery with intent to kill. The parties reside near Oakland, and Mrs. Parker slleges that on Wednesday of last week her husband beat her bru-tally with a club, inflicting serious bruises. The valorous man was committed to jail to answer the

charge.

It will be remembered that some two weeks since a woman, named Jane Freden, and for the larceny of several pounds of batter, by Mayor furnished. Stuckrath. During the time that she has been in prison, a man, named Oliver Moore, took possession of the goods in her house, valued at \$75. He was arrested and taken before Alderman Lewis yesterday, who committed him to fail for farther hearing.

Johnstown .- The Allegheny Mountain Echo says that a number of affears have recently occurred in Johnston. On Sunday ovening a riot occurred at a drinking house, in which the assailing party struck the preprietor several times on the head with a hatchet. On the same evening a man was shockingly beaten, near the Iron Bridge, by some person unknown. The wounds indicted are said to be quite zerious. Several other affrays had occurred, in one of which the gentler sex figured conspicuously, but from this no serious results are anticipated. We imagine that the inhab tants of this usually quiet town has imbined the spirit manifested by the residents of some of the larger places in the State.

Who Can Tell?-We have a letter before us making minute inquiries about a man named William r. moore, whose birth-piece and whereabouts are sought for. He is supposed to have been born in this Robes a Deux Jupes. vicinity, or further up the Monongahela. He is supposed to have gone down the river on the "Cha mois," "Osceola," or "Irington," as steward, cook, or cabin boy, in 1835 or 1836, at which time he was some sixteen or seventeen years of age. His iden. tity is a question of very great importance in a suit in Kentucky, involving a large amount of property. If any of our old river men can give any informa-tion as to the person in question they will confer a favor by calling at this office and communicating it

Fine Watermelons .- Cal. Joseph Fricker, of Walnut Hall, who always has the earliest and best of the good things for the gratification of the laner man, has just received a fine lot of the largest and best Jersey watermelens that has arrived in the city thi coason. He is daily in receipt of fine peaches and sweet potatoes, and is prepared to furnish them in any quantity. Col. Fricker keeps the most popular establishment in the city, his larder being supplied with the choicest "fish, flesh and fowl" that can be furnished. His attendants are courteous, and always on hand to serve up the good things which he furnishes to his numerous patrons.

Tomatoes .- A correspondent of an agricultural paper states that the sinching off of the leading shoots of the tomato pibnt soon after the fruit on the lower A TICLIAGAT OFF branches is half grown, will largely increase the quantity of fruit. It will be found that two thirds of the fruit is on the lower part of the vines, and the loss from pruning is therefore inconsiderable. In this way the forces of the plant are directed chiefly to maturing the fruit. By leaving a part of the plants untrimmed, a succession of the fruit is obstained till the frost comes. tained till the frost comes.

Fire in Butler .- On last Friday night the stable of Messrs. Vogley and Bell, in the rear of the Voglay House, Butler, was discovered to be on fire, and was soon destroyed. It was feared that the fire would communicate to the adjoining buildings, but fortunately it did not. The loss of Messrs. Vogley and Bell is considerable, and they had no insurance. The fire was supposed to be the work of an incen-

New Equipments.—We learn that the Duquesne Grays have just received from the United States goverpment a complete new set of arms and accountremen's, consisting of muskets, bayonets, cartridge boxes, balts, etc. The new arms are said to be of beautiful workmanship, combining the latest im-provements of grooved barrels, elevated sight, etc. The Grays will shortly turn out with the new arms

Contracts Awarded .- On the 25th of August contracts for the grading and masonry of the twenty-two sections of the Sunbury and Eris Railroad, beween Parrandsville and the mouth of the Sinnemahoning, were given out at Farrandsville. A large number of contractors were present, and it is said the kid for the work were remarkably low.

Presentation,-On Monday next a banner is to be presentation the Gorman Turner association, of Allaghan. The occument is to take place at Troy Hill. We have not learned who is the donor.

Examination .- Professor M'Lean was engaged reserded in re-examining the applicants for admission to the High School. The examination will be concluded to-day in the High School building.

The camp meeting at Tarontum, which has been

going on for some days past, broke up yesterday, and those who had been in attendance, returned to their homes. It has been largely attended.

We learn that Mr. John Bissell, of the firm of Birsell & Co., received a gun-shot wound in the arm on Thursday, near Harmony. We could not learn the particulars of the accident.

We learn that the Allegheny Valley Bailroad Company intend running accommodation trains to the German camp meeting, to be held at Deer 1324
