Allegheny Schools -- Report of Dr. Brown, Chairman or Committee on Writing. The following report was presented to the Board of Control of Allegheny City, by a special committee appointed to inquire into the respective merits of employing a Acacher on writing or music in the Public Schools, and at a subsequent meeting of the Board Messrs. Boyd and Farley were appointed a committee to procure a copy for publication in the city papars:

respectfully report that two meetings were called, the first of which but two members attended; the same end was attended by three out of the four. We considered it proper, having a majority, to fulfil as far as we could, the duty assigned us, and we now desire to present the result of our deliberations. You can believe that we were appointed with the impression that the funds were not sufficient to pay either a teacher of music or writing. But having had an opportunity of examining the accounts of the Finance Committee, and assured by them that we have ample means to employ both, we would recommend that in addition to the music you would employ two or more thorough experienced practical Believing that a person whose attention has been especially given to penmanship, and who s apt to teach and instruct other would throw around it such a degree of interest as to enlist the attention of pupils, and excite among them a spirit of lauda-ble enulation which cannot be so effectually done by a tencher whose mind is necessarily occupied with a variety of other studies. Basides, an experienced, practical penman would teach his pupils to write with an ease, freedom, and rapidity far superior to teachers engaged in various studies.

But we would especially urge you to employ ex-perioused, good writers, because we believe in the windom of the saying of Ageselaus, the Spartan Eing, who, when asked, "What it was in which youth ought to be principally instructed?" replied,
That which they have to practice when they be oemo men." So, particular attention ought to be given to writing, because it has to be practised by every one in every situation of life. Besides, it it not lost optional with the Board whether they will have it taught or not, the law requires it to be taught, and it is presumed that you will have it taught by the most competent persons within your reach, and according to the most approved method. Your Committee, believing that we have ample means to continue the music, and also employ teachers of writing, did not consider it necessary to carry out the strictly literal instructions of the Board, and discuse the respective merits of each, believing that you would cencur with us if the funds are sufficient. Let us employ both. In this recommendation the members of the committee who had an opportunity of interchange of sentiment unanimously agreed although there was a difference of opinion respecting the merits of each, some preferring music on account of its sublime pathos and soul-stirring melody. But others, so far as the Public Schools are concerned, are inclined to occupy the time in less ethereal things in this mundant sphere, and urge rather the acquisition of athese qualifications which fit the young for the practical duties of life, which was the grand design for which the Common School system

But, happily, the favorable condition of the finances removed all ground of discussion and saved your honorable body having your patience afflicted with lengthy arguments, pro and con, buildes majority and minerity reports. Music is a very important accomplishment, and

ought to receive your fattering care. It is healthful to the body and pleasing to the mind, and if daily will conduce to the development of the mental and physical organization of the young, and premoto cheerfulness and good humor by the harnony of sweet sounds. But it is not for these purposes that you employ

rejessor of unusic, so much as to instruct our youth the knewledge of music. It is to teach them the rudiments, or, if you will, the A, B, C, and direct them how to sing, not by the ear only, but by the book, according to the rules laid down in it, and so teach them, step by step, until they are able to read or sing a piece of music which they have never seen But we are informed that our vonth have not ad-

vanced so far in the knowledge of music; and if not it is for you to determine whether the time or manner of teaching it are such as to produce the very impor tant desideratum in music.
We would recommend that a committee be ap-

pointed who are skilled in music, and that they be requested to visit the schools, and report monthly to is respectfully submitted by your committee.

The circumstances attendant upon a marriage recently consummated in Allegheny City, have incidentally reached us, and as they are of a romantic character, we will give them without mentioning any names. Some eight years since, a lady of Alle gheny, with her daughter, then only eleven years of age, took a pleasure trip to Ireland, her native country. There she encountered a friend of her youth, who had grown with time to be an old bachelor. She playfully twitted him concerning his single blessedness, when he replied that, although richly nached with this world's goods, he had never found of the softer ser who struck his fancy, adding that he would finally be obliged to come to America to get a wife. The lady answered that she would raise her little girl, then present, for him. He said he would one day claim the fulfillment of the promisa, and the party separated. The lady returned ome, and the girl has in the meantime ripened into comanhood. Her mother kept her studiously soolu I from young society, and some three weeks since the Irish bachelor to whom she had promised her used eight years before, arrived here and claimed his bride. The nuptials were celebrated, and the young lady roturned with the venerable, but wealthy friend of her mother, to his home in Green Erin, having met him but two or three times previous to becoming his wife. We alluded briefly yesterday to the fact that Mr. John Bissell had met with an accident near Harmony, Butler county. We regret to state that we have since learned that the accident resulted fatally.

It seems that on Thursday morning, Mr. Bissell, in company with another gentleman, started out on hunting excursion with their guns and dogs. They

hunting excursion with their guins and dogs. Iney stopped for breakfast at a house on the road, when their dogs began to quarrel. Mr. Bissell, in endeavering to separate the animals, placed his gun between them, when both barre's went off. The contents of one barrel took effect close to the arm pit of his one barrel took enest close to the arm-pit of his right arm, and the other in his shoulder near the breast. The arm was shookingly mutilated, and amputation being necessary, Mr. B., unwilling to trust the physician who was at hand, sent to the city for Dr. Dickson. During the absence of the messenger efforts were made to staunch the bleeding, but withcut success, and when Dr. Dickson arrived, Mr. B. was so much exhausted from loss of b'ood that he died in a short time afterward. Mr. Bissell was only thirty years of age, and was a worthy man and an esteemed citizen. He leaves a wife and two children to mourn his loss.

(For the Morning Post.) TO THE NATIONAL DEMOCRACY OF ALLE-GHENY COUNTY :- WHEREAS, A so-styled Demo cratic Convention, which assembled at the Court House, on the 18th of August, ult., falled to give that satisfaction truly represent them. In this, that disregarding a timehonored usage of Democratic Conventions, they have re-

fused to recognize either our National or State administrations, or the platforms on which they were elected. In bringing forward new issues, not recognized in the Democratic creed, and evidencing a spirit of intolerance towards other Demograts, who choose to differ from their views of new dogmas not essential to Democratic faith. Moreover, as the action of this Convention has gone before the country as the action of a Democratic Convention of Allegheny County, Pennsylvania, and has been re-echoed from one end of the Union to the other as orthodex by pa pers hostile to our cause.

It is therefore recommended that an election be held on Saturday, the 11th inst., at the usual places of holding primary elections, to elect two delegates to represent each ward, borough and township, in a County Convention, to meet at the Court House, on Wednesday, the 15th inst, at 10 o'clock, A. EVERY FAMILY NEEDS ONE

THE "QAKER CITY," ANEW

FAMILY SEWING MACEINE,

Works Equal to the High-Priced Machine,

SUPERIOR IN POINT OF SIMPLICITY

N introducing this new, novel and highly valuable invention to the people, and in reply to the numerous inquiries respecting it, we will he re give a brief description of its general utility:—
The "Quaker City" is emphatically the FAMILY SEWING MACHINE,

Unsurpassed for sewing any kind of fabric-Silk, Linen, Muslin or Broad Cloth, using MFROHANTS, Wholesale Dealers in Produce, Flour and Wool, No. 114 Second street, Pittsburgh, Pa. and Wool, No. 114 Second street, Pittsburgh, Pa.

mySi:tf TWO THREADS From the ordinary spool, with all retaining, of Silk, Cotton or Lines, who equal facility and forming the celebrated Elastic and Durable

POUBLE LOOK STITCH, Similar to that produced by the "Grover & Baker machine Ju its construction the "Quaker City" is MORE SIMPLE Than any other effectual machine offered to the public, and it can be worked with the GREATEST RAPIDITY,

By any person of ordinary intligence. It is HIGHLY ORNAMENTAL In its external appearance—forming a handsome piece of parlor furniture, without the liability of damaging carpets or the goods sewed, by oil, as is the case with many other mathines.

A GRAND FEATURE Is its noiseless movement—scarcely exceeding that of an Electric Telegraph Machine.

We hold that the "Quaker City" is destined to become in every household as common as Yankee Clocks, and quite as indispensable. None can doubt that the

SEWING MACHINE; SOLD AT A REASONABLE PRICE—is a great blessing to the age in which we live—ameliorating as it does, the condition of mankind. But, heretofore, the PRICE OF EFFECTUAL MACHINES Has been beyond the reach of the masses. Now, fortunate ly, they have been simplified to such a degree, by the untiring energy of Yankee ingenuity, as to bring a practical machine within the reach of

Every Family in the Union! Of its whole merits we have not room here to discuss, bu respectfully invite all interested, to call at our rooms, and witness its operation and examine the machine and its work. DALYS ONLY STOOKING STORE, 1s on the corner of the alley, on FIFTH STREET.

I do most earneatly hope that you will adopt some plan to supply us with your most excellent Anti-Dyspeptic Pill.

I have been in the nabit of using it myself, and in my family, from the time you first brought them into use in our neighborhood, and upon all occasions have found them to not write the purpose for which they were administered. My wife has been very much afflicted with sick headache, and, by using one-half of one of the pills, has uniformly found relief. I think it superfluous to enumerate the different complaints for which all have administered these pills. Suffice it to say that, a far as the numerous complaints set out complaints for which a have administered these pills. Suf-face it to say that, a far as the numerous complaints set out in the wrapper have fallen under my notice, the pill has had the desired effect in removing the same; and so far as my self have been concerned, I can say that they leave the bowels in better order than the use of any other cathartic that I have used
