United States District Court. The United States Circuit Court for the Western District of Pennsylvania met at ten o'clock yesterday Morcover, as the action of this Convention has gone before morning, Judge Irwin presiding.

The first case taken up, after the names of the

grand jurors had been called, was that of the United from one end of the Union to the other as orthodox by pa States against Henry Moore, indicted for manufactures against Henry Moore, and the same against Henry Moore, against Henry Moore, and the same against Henry Moore, and the sam turing counterfeit coin of the United States. Moore was arrested, our readers will remember, on the 9th of April last, at his residence near Minersville, where a number of moulds for making the mary elections, to elect two delegates to represent each coin, and some nitric acid and metals used in the ward, borough and township, in a County Convention, to manufacture of the bogus coin were found. Some meet at the Court House, on Wednesday, the 16th inst, at of the latter was, we believe, found on his person at 10 o'clock, A.M., to take into consideration matters of vital the time of his arrest. He has been in prison ever

einco until yesterday.
United States District Attorney, R. Biddle Rob. erts, Esq., conducted the prosecution, and Marshall vartzwelder and R. P. Flenniken, Esqs., appeared for the defence.

After the empanneling of a jury, Mr. Roberts opened the case briefly, and then proceeded to the examination of witnesses. Robert Arnold, who was arrested at the same time, charged with dealing in the counterfeit coin, was the principal witness. He testified that he had known the prisoner when he resided in Allegheny, and had purchased some twenty-five or thirty dollars worth of the coin from him while he lived there, paying him twenty-five cents on the dellar for it. He had purchased from him afterwards, while he lived at Minersville, fifty dollars worth. When he bought this lot Moore was finishing a lot of thirty dollars, which he was to dispose of the next day. Moore denied that he had any begus coin when witness first applied. Ar-neld stated that he bought the coin for the purpose of laying traps to catch dealers in the article, he being a Justice of the Peace in Reserve township. feere told him that he made sales to others. On being cross-examined, Arnold stated that Moore was not at home when he first called, but he explained his business to M's wife and told her to send her husband to his house. He did not get the money for some six months after his first application. n his house, which the police got. He also testified to having get begus money from Mrs. Moore, before grace our waters. s purchased any from her husband. Robert Hague testified to having arrested Moore,

Officer Patterson stated that he searched Arnold's a curboard and put it in her pocket. He obtained it from her and gave it to Hague. It proved to be a

packago of bogus toin.
Officer Hamilton assisted in scarching Muore's and a number of flasks, in which the plaster of paris Officer Hagne was recalled and testified that Patterson gave him the money, and producing the coin in Court, certified to its identity.

Otto Kunz, a chemist, examined the money in nary tests had no effect on it, but on scraping on an outer coaling, it exhibited itself readily. He said begus menoy was usually made of tin, copper and begus menoy was usually made of tin, copper and Mr. Anshutz, and the singers from the Academy of Mr. Anshutz, and the Mr. Anshut

John S. Kennedy, a watchmaker and jeweler, also examined the coin. He melted one piece in the flame of a candle in a very short time, and bent several of them with ease. He thought they were composed of tine and antimony, with a coating of silver. Ho also exemined a pieco of metal found in Moore's house, which he pronounced to be the same material. Here the testimony for the United States rested, and Mr. Swartswelder opened briefly for the defense, that the evidence of Arnold was utterly worthless, and they would show that he had acknowledged to buying and solling the begins coin.

Mayor Weaver was called to the stand and their

buying and solling the bogus coin.
Mayor Weaver was called to the stand, and testi fied that on the evening of Arnold's arrest, he had a conversation with him, in which he admitted that he had dealt in counterfeit money, stating that he wished to catch some other parties. The conversa-tion was at Arnold's request, and he had held out no inducement to him to make the acknowledgements. Some fifteen witnesses were called to testify to the good character of the prisoner. Some of them had known him for ten years, others not so long. Ho followed his occupation of puddler at a rolling mill, but few of them had known him to work for from Ex to two!vo menths previous to his arrest.

Mr. Spertzwelder stated that he had one or two

witnesses, not in attendance, whom he wished to examine, and the hour of adjournment baving early arrived, the case was continued until ten clock this morning, when, after the examination of the remaining witnesses and the arguments of couni, it will go to the jury. Police Items .- Thomas Mattern, who was one of

to gang of colored gamblers discovered by Aldern Rogers' police on Sunday, but who escaped by bing out of the window, was captured yesterday ing out of the window, was especially joined you have before that magistrate. A fine of twenty-lars was imposed upon him, which he was o pay, and was accordingly committed to fault. He says that his sudden exit through ow caused quite a commotion among the tanding on the side walk, "but," he added, inin' and got off-jest as e a s-y."

He was engaged at the time in cutting bolts at a circular proper medical aid was at once procured, but with out avail, and after enduring great suffering, he died on Sunday morning. The affliction of the father has been great, indeed, having but a few weeks ago lost his wife, and now out of a numerous family of children, two only are left to him.

Fatal Accident.—On last Wednesday evening a party of young persons attended a wedding in Hollidageburg. After the coromony a Mr. Wortz, in company with Miss Caldwell, (daughter of Hon. David is heir to, but leaves them to test their own merits, and the Caldwell, of Hollidaysburg,) started for home, in a buggy, and when opposite Confer's Hotel, in Gaysport, the tirres became frightened at a light, and one of the reins broke. Mr. Wortz immediately jumped out and endeavored to catch the horse, but did not succeed. The affrighted animal then turned and ran about a hundred yards, when Miss Caldwell jumped out, foll on her head, and was so badly burt that she never spoke, but died about two o'clock the following

He states that they have had a very successful sea son. They are now in Detroit, where they will re main until Friday, give a concert in Cleveland on Saturday night, and arrive here Sanday morning. They will meet with deserved success here.

Fire.-The alarm of fire at noon yesterday originated in a brick house on Third street, situated in a court between Wood and Smithfield, occupied by family of colored persons, the building having taken from the grate. The engines were on the ground in a cheef time, but the flames were extinguished without calling them into requisition.

Porter's Theatre.—Miss Cordelia Cappell appeared to a good audience at this establishment last evening, in the character of Julia, in the Hunchback. The representation of this arduous role was excellent, and the other characters were well sustained by the company. She appears again this evening as Mis. Hailer, in the "Stranger."

THE first place in public estimation is now justly accorded to the GROVER & BAKER MA-CHINE, for family Sewing, for the following reasons:-1st. It is MORE SIMPLE and EASILY KEPT IN ORDER than any other machine. 2d. It makes a seam which will NOT RIP or RAVEL,

though every third stitch is cut. 8d. It sews from two ordinary spool, and thus all trouble of winding thread is avoided, while the same Machine can be adapted, at pleasure, by a mere change of spools, to al varieties of work. 4th. The same Machine runs silk, linen thread and spool

cotton, with equal facility. oth. The seam is as elastic as the most elastic fabric, so that it is free from all LIABILITY to BREAK, in WASHING, IRONING, or otherwise.

6th. The stitch made by this Machine is more BEAUTI-FUL than any other made, either by hand or machine OPINIONS OF THE PRESS. Grover & Baker's is the best.—[Amer. Agricu To all of which the Tribune says, amen.—[N
