Death of Rev. Andrew W. Black. It is our painful duty to record this morning the death of one of our most esteemed citizens-the Rev. Andrew W. Black, who died at his residence in Sewickley last evening, of dysentery. He was the son of Rev. Dr. Black, who for many years was esteemed one cathe most learned and eloquent divines times in which he lived, and he left a family of children who honored their father, and whose talents bore testimony to the excellence of his instructions. The subject of the present notice was a most useful man-beloved and respected by all who know him. For many years, in addition to his other clarical duties, he occupied the position of Moral Instructor in the Western Penitentiary, in which his labors were most acceptable and useful. He was a warm friend, an unobtrusive but practically useful citizen, and a true Christian gentleman. as by his fellow-citizens of the community, his less will be deeply and sincerely mourned. Their senior in years, he has been as a father to his brothers-Hon. Samuel W. Black, United States Judge of Nebrasks, and Dr. Alexander Black and Will Black, of this city. He was a man-noble, generous and affectionate in his family and social relations, whose

His funeral will take place to day, at haif-past ten o'clock, at his late residence in Sewickley. Sad Casualty --- Two Ladies Injured by Being Thrown from a Buggy. On Friday, Mr. John Gray, a drayman residing in the Fourth Ward, with his wife and Mrs. Ahl, the wife of Joseph Ahl, who is employed in the ware house of James Parker, liquor merchant, on Liberty street, went to the anniversary pic nic at Glenwood About six o'clock in the evening, as they were re turning home on the Braddock's Field Plank Road, they were overtaken by a wagon drawn by a pair o the buggy was crowded to the edge and thrown down an embankment of some eight or ten feet. The three were thrown out, and the buggy broken to pieces. Mrs. Gray and Mrs. Ahl were picked up

and carried to the lock-house; a messenger was sent to the city for Dr. M'Cook, who reached the spot as soon as possible, when it was ascertained that the collar bone of Mrs. Gray was broken. She was also bruised somewhat, but her injuries are not serious. After the bone was set, she was brought to her home in the city. Mrs. Ahl is more dangerously hurt. She has an external contusion on the left side of her head, and Dr. M'Cook states that concussion of the brain was produced by the fall. She remained insensible at a late hour last night, having spoken only twice after the accident. She was not in a condition to be brought home, and remains at the lock-house, where she was conveyed after her fall. The Doctor, who rendered all the aid in his power, thinks the result extremely doubtful. It is to be hoped she Mr. Gray escaped with only a few slight bruises

Dedication of Odd Fellows Hall. This interesting ceremony, which is to come off on the 28th inst., will be an era in the history of the Order in this city. We understand that arrangements of the most complete character are being made, and that nothing will be left undone by the committee having the matter in charge, to insure an almost unanimous turn out of the fraternity of the two cities and vicinity, in addition to those who may come from a distance. Invitations have been extended to the various Lodges of this State, eastern Ohio, western Virginia, and other places. Many of these have clearly signified their intention to be precent, and as the facilities for reaching here are exceedingly ample, through the liberality of the railroad companies, who issue excursion tickets at one half the usual fare, every town within a reasonable limit will undoubtedly be represented by large delegations. The Funks blamed Osburn and his sons for the theft, and forbid them to visit the spring, although allowing his wife and daughters to do so. On Sunday morning the old man Osburn visited the spring as usual. The Funks ordered him off, but he refused to go until he obtained water. They then attempted to shoot him, but the gun would not go off. The Funks, anticipating Osburn's return to the spring, made preparations for his reception. A Prisoner Stabbed in Jail. Last evening a prisoner in the county jail, named same cell on a commitment for drunkenness from Mayor Stuckrath. The other occupants of the cell, two in number, state that Rasp, without any provecation whatever, attacked Maioney suddenly, with an old rusty case knife, and inflicted several wounds on him. The alarm was given and Rasp removed to another cell. Dr. Geo. L. M'Cook was immediately called in and dressed Maloney's wounds. He found one 1-rge gash on the right temple, three inches in length, a wound in the back, two on the right shouler, two on the left wrist, and several other small flesh wounds. From these numerous gashes Maloney bled profusely, and was quite weak from loss o blood. None of the injuries are serious, with the exception of the wound in the temple, and Dr. M'Cook does not think it dangerous.

The German is said to be insane, and states tha in the country. Indiana county informs us that there are no less than thirty cases of it at the present time in the borough of Indians.

A gentleman who has tested the remedy in his own family gives us a certain preventive of this disease. Where one member of a family has the fever, the others, by the use of this remedy, have invariably escaped. It is worth a trial.

A storm of wind and rain passed over the city yes terday afternoon. On the wharf it created quite commotion, dismantling several steamboats of th ornaments, such as globes, arrows, &c., on their flag staffs. The chicken coop of the Arizonia was blown overboard. Attempted Suicide in Jail .- On last Wednesday night a man named James Irwin, confined in the county jail on a charge of adultery, attempted to put Allegheny Cemetery, where his remains will be inmidnight and found him suffering from intense pains the stomach. He had, however, overshot the mark by taking too large a dose, and the poisonous sub stance was thrown off his stemach. He has been quite ill from the effects of his imprudent attempt, but is now better and likely soon to recover. Dr Baldwin is attending to his case.

Washington County Bonds .- The Washington Re ew states that a man named M'Coy, of Wheeling has brought suit against Washington county in the United States Circuit Court to recover the interest horses, near Dam No. 1, about a mile from the city; on coupon bonds issued by that county in favor of the driver attempted to pass them on the road, and the Hempfield Railroad. Messrs. Braden, Montgom. case will probably come up at the next term of the Court. We believe the county resists the payment of the interest on the ground that they are not bound to pay it until the road is completed.

> Acquitted .- David Jones, of this city, was tried during the present week in the Lawrence county court, at New Castle, for breaking into and robbing a confectionary at Enon, and honorably acquitted Quite a number of respectable witnesses from this city were present, and testified to his good character. Mr. Jones is a respectable colored man, and no one who knows him would believe him guilty of the charge. They will be glad to know their judgment is sustained by an intelligent jury and bench. ····

A limited extent, been before the public in this section of the country for a period of over twenty years, and from the fact of their not being more generally known throughout the length and breadth of the land, it might, perhaps, be inferred that they are lacking in some of the great essentials of a family medicine, or that there are other Pills their supply from a want of disposition or ability, on the part of the original proprietor, (Dr. Wilson), was always limited to such an extent as at times to render it difficult to fill home orders, but with even this disadvantage wherever used they have never falled to call forth the strongest testimony in their tavor—testimony in many instances ansolicited—not gotten up expressly for publicity—but freely profiered to the inventor as expressions of gratitude for the great benefits derived from the use of these truly wonderful Pills, in proof of which we subjoin the following:—

We, the subscribers, Ministers of the Gospel, and members of the Pittsburgh Annual Conference of the Methodist Episcopal Church, having each and all of us, during the past few years, had frequent opportunities of learning and trying the character of Dr. R. A. Wilson's Tonic, Cathartic, and Anti-Dyspeptic Pills, are prepared to, and now state with pleasure, in this communication, that we know them to be an excellent medicine, and, as such, recommend their use to our friends and acquaintances, not only as a specific for Sick-Headache and Dyspepsis for which they are recommended, but as a safe family remedy among children, and for the prevention and removal of Bilious attacks, etc.

WILLIAM REEVES.

From the Rev. I. S. Hubbard, Ohio, Oct 27, 1839.

Ds. Wilson:—I feel myself a thousand times obliged to you. I have for some years been afflicted with the dyspepsia and, from the good effects already produced by your pills in my case, I am persuaded that the continued use of them will finally effect a thorough cure; I therefore, wish you to send me four boxes by the bearer of this, and oblige yours, etc.

Extract of a letter from Col. Camp, an elderly gentleman of Virginia, who has raised a numerous family, of some medical reading, and much experience in the use of medicine.

medicine.

I do most earnestly hope that you will adopt some plan to supply us with your most excellent Anti-Dyspeptic Pill. I have been in the nebit of using it myself, and in my family, from the time you first brought them into use in our neighborhood, and upon all occasions have found them to answer the purpose for which they were administered. My wife has been very much afflicted with sick-headache, and, by using one-half of on of the pills, has uniformly found relief. I think it superfluous to enumerate the different complaints for which I have administered these pills. Surface it to say that, s, far as the numerous complaints set out the it to say that, s. far as the numerous complaints set on the wrapper have fallen under my notice, the pill has ha the desired effect in removing the same; and so far as my self have, here exercises. elf have been concerned, I can say that they leave the lower in better order than the use of any other catharti bat I have used,
