TERRIBLE AFFAIR IN THE FIRST

A Young Lady Shot by her Lover.

The First Ward, in the vicinity of the corner of Liberty and Second streets, was thrown into a state f great excitement on Saturday morning, by a rumor that a young girl named Eleanor Henry had been shot by her lover, Thomas Smithson. The crowd soon collected around the house of Mrs. enry, on the corner of Liberty and Second, where the wounded girl lay, anxious to hear the story, which we give as we received it. My experience is not as extensive as the expression in the above certificate; but as far as my opportunity of teating the virtues of Dr. Wilson's Pills has occurred, I cheerfully endorse the sentiment of their superior value.

From the Bev. I. S. Hubbard, Obio, Oct. 27, 1839.

Da. Wilsom:—I feel myself a thousand times obliged to you. I have for some years been afflicted with the dyspepsia and, from the good effects already produced by your pills in my case, I am persuaded that the continued use of them will finally effect a thorough cure; I therefore, wish you to send me four boxes by the bearer of this, and oblige yours, etc.

Extract of a letter from Col. Camp, an elderly gentleman of Virginia, who has raised a numerous family, of some medical reading, and much experience in the use of medicine. mr26:1y-is PITTSBURGH, PA. ... D. B. BOGEB D. B. ROGERS & CO., MANUFACTURERS OF ROGERS' IMPROVED PATENT STEEL CULTIVATOR TEETH. I do most earnostly hope that you will adopt some plan to supply us with your most excellent Anti-Dyspeptic Pill. I have been in the nebit of using it myself, and in my family, from the time you first brought them into use in our neighborhood and upon all occasions have found them to answer the purpose for which they were administered. My wife has been very much afflicted with sick headache, and, by using one-helf, of one of the pills, has uniformly found rellef. I think it superfluous to enumerate the different complaints for which I have administered these pills. Suffice it to say that, so far as the numerous complaints so out in the wrapper have fallen under my notice, the pill has had CORNER ROSS AND FIRST STREETS,

Illimited extent, been before the public in this section of the country for a period of over twenty years, and from the lact of their not being move generally known throughout the length and breadth of the land, it might, perhaps, be inferred that they are lacking in some of the great essentials of a family medicine, or that there are other Pills their superior, etc.; but such, however, is not the case, their supply from a want of disposition or ability, on the part of the original proprietor, (Dr. Wilson.) was alwaye limited to such an extent as at times to render it difficult to fill home orders, but with even this disadvantage wherever used they have never failed to call forth the strongest testimony in their favor—testimony in many instances unsolicited—not gotten up expressly for publicity—but freely proferred to the inventor as expressions of gratitude for the great benefits derived from the use of these truly wonderful Pills, in proof of which we subjoin the following:—

We, the subscribers Ministers of the Gospel, and members of the Pittaburgh Andual Conference of the Methodist Epis copal Church, having each and all of us, during the past few years, had frequent opportunities of learning and trying the character of Dr. R. A. Wilson's Tonic, Cathartic, and Anti-Dyspeptic Pills, are prepared to, and now state with pleusare, in this communication, thai we know them to be an excellent medicine, and, as such, recommend their use to our friends and acquaintances, not only as a specific for sick-Headache and Dyspepsia for which they are recommended, but as a safe family remedy among children, and for the prevention and removal of Billsons attacks, etc.
