THESE PILLS HAVE NOW, TO A Jimited extent, been before the public in this section of the country for a period of over twenty years, and from the fact of their not being more generally known through-out the length and breadth of the land, it might, perhaps, be inferred that they are lacking in some of the great essen-tisis of a family medicine, or that there are other Pills their superior, etc.; but such, however, is not the case, their app-pily from a want of disposition or ability, on the part of the original proprietor, (Dr. Wilson.) was always limited to such an extent as at times to render it difficult to fill home orders, but with even this disadvantage wherever used they have never failed to call forth the strongest testimony in their favor—testimony in many instances unsolicited—not gotten up expressly for publicity—but freely profered to the in-ventor as expressions of gratitude for the great benefits de-rived from the use of these truly wonderful Pills, in proof of which we subjoin the following — We, the subscribers, Ministors of the Gospel, and members of the Pittsburgh Annual Conference of the Methodist Epis-copal Church, having each and all of us, during the past few years, had frequent opportunities of Ioarning and trying the character of Dr. R. A.
