Arrest of a Supposed Thisf It will be remembered by our roaders that some weeks since we published an account of the robbery of the United States Mint, at Philadelphia, by thre men, two of whom were arrested, while the third eecaped. The name of the third party was supposed to be James Moore, alias Henry Thompson. A desiption of his person was sent all over the country, and for some time after the robbery our police kept close watch over every train which came into the city from the East, but without success. They had long since given up the chase, when information was received that the object of their gearch was in the city. After renewing the scarch, he was found, on Thursday night, at Ben Tramble's hotel, Penn street, where he was arrested by officer Patterson, of the Mayor's police. He was taken to the Mayor's office, where he remained until this evening, when he was sent to Philadelphia with a guard of honor. The articles stolen from the Mint were slugs, coins d medals, only a part of which were recovered from the captured thieves. It was thought the re-

mainer would be found in Moore's possession, but acquired at any other in this country. Pittsburgh Fairs.-The Groone County Fair will be held at

Inited extent, been before the public in this section of the country for a period of over twenty years, and from the fact of their not being more generally known throughout the length and breadth of the land, it might, perhaps, be inferred that they are leading in some of the reactions.

the fact of their not being more generally known throughout the length and breadth of the land, it might, perhaps, be inferred that they are lacking in some of the great essentials of a family medicine, or that there are other Pills their superior, etc.; but such, however, is not the case, their supply from a want of disposition or ability, on the part of the original proprietor, (Dr. Wilson), was always limited to such an extent as at times to rouder it difficult to fill bone orders, but with even the deadvantage wherever us at they have take of field to call to the stronges' restinony in their favor—testinony in many instances unsolicited—not gotten up expressly for publicity—but freely proffered to the inventor as expressions of gratitude for the great benefits derived from the use of these truly wonderful Pills, in proof of which we subjoin the following:—

We, the subscribers, Ministers of the Gospel, and members of the Pittsburgh Annual Conference of the Methodiat Episcopal Church, having each and all of us, during the past few years, had frequent opportunities of learning and trying the character of Dr. It. A. Wilson's Tonic, Cathartic, and Anti-Dyspeptic Pills, are prepared to, and now state with pleasure, in this communication, that we know them to be an excellent medicine, and, as such, recommend their use to our friends and acquaintances, not only as a specific for Sick-Headsche and Dyspepsia for which they are recommended, but as a safe family remedy among children, and for the prevention and removal of Bilious attacks, etc.

DR. WILLIAM REEVES.

DR. WILSON:—I feel myself a thousand times obliged to you. I have for some years been afflicted with the dyspensia and, from the good effects already produced by your pulls in any case, I am persuaded that the continued use of them will finally effect a thorough cure; I therefore, wish you to send me four boxes by the bearer of this, and oblige yours, etc.

medicine.
I do most earnestly hope that you will adopt some play I do most earnestly hope that you will adopt some plan to supply as with your most excellent Anti-Dyspeptic Pill. I have been in the nebit of using it myself, and in my family, from the time you first brought them into use in our neighborheed, and upon all occasions have found them to answer the purpose for which they were administered. My wife has been very much afflicted with sick headache, and, by using one-half of on of the pills, has uniformly found relief. I think it superfluous to enumerate the different complaints for which I have administered these pills. Suffice it to say that, so far as the numerous complaints set out in the wrapper have fallen under my notice, the pill has had the desired effect in removing the same; and so far as myself have been concerned, I can say that they leave the bowels in better crede than the use of any other cathartic that I have used.
