A Good Joke About that Premium at Wheeling .-In reply to an article that appeared in your papel yesterday morning, in relation to Grover & Baker's Sewing Machines, Mr. Bend comes out in yesterday avening's Chronicle in an article that is not only ridiculous, but absurd. He states that the idea of comparing the two machines is "ridiculous;" but at the same time we know to a certainty that Mr. Read would on no account stand a fair trial of the two machines, as he has repeatedly acknowledged to state to the public that the machines I sell are never returned, and persons who have purchased would not resell at double the price. Not so with Wheel r & Wilson's, as it is a well known fact that Mr. Reed bas had to take back more than one of the aforesaid machines, for the simple reason that they would not work. Another fact, equally important to the public, & Wilson's, or any other sewing machines. Persons desiring to examine Grover & Baker's, can do so by calling at my shirt store, No. 21 Fifth street.

THESE PILLS HAVE NOW, TO A limited extent, been before the public in this section of the country for a period of over twenty years, and from the fact of their not being more generally known throughout the length and broadto of the land, it might, perhaps, the fact of their not being more generally known throughout the length and broadto of the land, it might, perhaps, be inferred that they are lacking in some of the great essentials of a family medicine, or that there are other Pills their saperior, etc.; but such, however, is not the case, their supply from a want of disposition or ability, on the part of the original proprietor, (Dr. Wilson), was always limited to such an extent as at times to render it difficult to fill home orders, but with even this disadvantage wherever used they have never falled to call forth the strongest testimony in their favor—testimony in many instances unsolicited—not gotten up expressly for publicity—but freely profilered to the inventor as expressions of gratitude for the great benefits derived from the use of these truly wonderful Pills, in proof of which we subjoin the following >—

We, the subscribers, Ministers of the Gospel, and members of the Pittsburgh Annual Conference of the Methodist Episcopal Church, having each and all of us, during the past few years, had frequent opportunities of learning and trying the character of Dr. R. A. Wilson's Tonic, Cathartic, and Anti-Dyspeptic Pills, are prepared to, and now state with pleasure, in this communication, thai we know them to be all excellent medicine, and, as such, recommend their use to our friends and acquaintances, not only as a specific for fick-Headsche and Dyspepsia for which they are recommended, but as a safe family remedy among children, and for the prevention and removal of Billoma strakes, etc.

My experience is not as extensive as the expression in the above certificate; but as far as my opportunity of testing the virtues of Dr. Wilson's Pills has occurred, I cheerfully endorse the sentiment of their superior value.

WILLIAM BREVES.

From the Bev. I. S. Hubbard, Ohio, Oct. 27, 1839.

Dr. Wilson:—I feel myself a thousand times obliged to you. I have for some years been afflicted with the dyspepsia and, from the good effects aiready produced by your pills in my case, I am persuaded that the continued use of them will finally effect a thorough cure; I therefore, wish you to send me four boxes by the bearer of this, and oblige yours, etc.

BEARL SHARP.

Extract of a letter from Col. Camp, an elderly gentleman of Virginia, who has raised a numerous family, of some medical reading, an i much experience in the use of medicine.

I do most sarreatily hone that you will adort some place.

I do most earnestly hope that you will adopt some plan I do most earnestly hope that you will adopt some plan to supply us with your most excellent Anti-Dyspeptic Pill. I have been in the nabit of using it myself, and in my fami ly, from the time you first brought them into use in our neighborhood, and upon all occasions have found them to answer the purpose for which they were administered. My wife has been very much afflicted with sick headache, and by using one-half of on of the pills, has uniformly found relief. I think it superfluous to enumerate the different complaints for which I have administered these pills. Suffice it to say that, so far as the numerous complaints set out in the wrapper have fallen under my notice, the pill has had the degreed effect in removing the same; and so far as myself have been concerned, I can say that they leave the bowels in better order than the use of any other cathartic that I have used.

With a patronage commensurate with the heavy expenses of this undertaking.
