LOCAL AFFAIRS. The Murder at Williamsburg. We stated in Friday's issue that a serious affray had taken place, ab we the encampment, at Williams-burg, in which a man named Charles Maguire was seriously injured as to endanger his life. At a late hour on Thursday night, too into for publication, we learned that Maguire had died from the injury

inflicted, having been quite unconscious from the time of its infliction. The Coroner was sent for immediately after his decease, and an inquest held on his body. From the evidence taken before the jury, it would seem that James Cahoe and Maguire were quarrelling, when John Cahoe came up and struck Maguire with a hatchet, club, or other wearon, which he held in both hands. Dr. Walters testified that the wound on the head was produced by a club, stone, or smooth iron instrument, fracturing the skull, breaking it into n number of pieces, which were forced in upon the

brain. He had no doubt that his death ensued from | boys' the wound. The jury returned a verdict that Maguire came to his death from the effects of a blow on the head, inflicted with some heavy weapon in the hands of John As we have before stated, Cahoo fird immediately after the striking of the fatal blow, and has not been

seen since. The officers despatched in pursuit of him have been unable to obtain any trace of his hereabouts, or the direction he took. It is more than probable that he will be captured. on the river, loaves a family.

Trimmings, dec .- It is with pleasure that we refer our readers to the advertisement, in another column, of Joseph Horne, No. 37 Market street. He has just replenished his stock, and it embraces all artisies usually sold in such establishments, from the cheapest ribbon to the most expensive dress patterns. To our ladies in the city, it useless to say a word in his favor, but to strangers visiting the city we can cordially recommend this old and well known establishment, assuring them that any article purchased of Mr. Horno will be exactly as represented, and that n prices he is undersold by none.

Theatre.-The Hutchinson Brothers are still exciting the wonder of all visitors at the Theatre by their most extraordinary gymnastic performances. Other attractions in the dramatic way are also prosented. For the young folks and ladies Governor Porter offers an attractive bill this afternoon, and we think will take advantage of the oppotunity afforded them to see these great acrobats. To night is the Sacred Orntorio to be performed by he Formes Troupe, with full crohestra. It is an era among lovers of sacred song, being the first Oratorio ever performed entire in Pittsburgh. We have had societies who have performed parts of it, and the late Philharmonic gave nearly all, but with only an apology for an orchestra, with-out which no Oratorio is complete. Now, we have a skillful conductor—a perfect orchestra—a fine chor-us of our own amateur vocalists, and a quartette for solos of unsurpassed excellence.

To hear Perring with the opening recitative

"Comfort ye my People," is but to soften the feelings to a proper appreciation of the rejoicing at Christ's advent, and prepare them for the suc ing events of his life. We know not how Miss Andem will render the sole 'I Know that my Redeemer Liveth," but we feel ntidence in her refinement of taste and feeling. Of Formes, in the magnificent solo, with trumpe accompaniment, "The Trumpet Shall Sound," we can only wish the moment had arrived to hear it. Madame Schuman has also her impressive solo. We here state a feature in Oratorio music-an e ablished rule-that there be no repetition. The

length of the subject forbids it. ----Clothing .- An old and well regulated establishmen is that of Mr. R. Chester, on Wood street. WHOLESALE DRUGGISTS,

AND PROPRIETOR OF

THESE PILLS HAVE NOW, TO A limited extent, been before the public in this section of the country for a period of over twenty years, and from the fact of their not being more generally known throughout the length and breadth of the land, it might, perhaps, be infarred that they are lacking in some of the great essentials of a family medicine, or that there are other Pills their superior, etc.; but such, however, is not the case, their supply from a want of disposition or ability, on the part of the original proprietor, (Dr. Wilson.) was always limited to such an extent as at times to render the difficult to fill home orders, but with even this disadvantage wherever mad they have but with even this disadvantage wherever used they never failed to call forth the strongest testimony in favor—testimony in many instances unsolicited—not g

We, the subscribers, Ministers of the Gospel, and members of the Pittsburgh Annual Conference of the Methodist Episcopal Church, having each and all of us, during the past few years, had frequent opportunities of learning and trying the character of Dr. R. A. Wilson's Tonic, Cathartie, and Anti-Dyspeptic Pills, are prepared to, and now state with pleasure, in this communication, that we know them: to be an excellent medicine, and as green recommend their research. Anti-Dyspeptic Pills, are prepared to, and now state with pleasure, in this communication, thai we know them; to be an excellent medicine, and, as such, recommend their use to our friends and acquaintances, not only as a specific for Sick-Headache and Dyspepsia for which they are recommended, but as a safe family remedy among children, and for the prevention and removal of Billions attacks, etc.

DB. WIRCON:—I seel myself a thousand times obliged to you. I have for some youre been afflicted with the dyspepsia and, from the good effects already produced by your pills in my case, I am persuaded that the continued use of them will finally effect a thorough cure; I therefore, wish you to send me four boxes by the bearer of this, and oblige yours, etc.

Extract of a letter from Col. Camp, an elderly gentleman of Virginia, who has raised a numerous family, of some medical reading, and much experience in the use of medicine.

I do most earnestly hope that you will adopt some plan I do most earnestly hope that you will adopt some plan to supply us with your most excellent Anti-Dyspeptic Pill. I have been in the nabit of using it myself, and in my family, from the time you first brought them into use in our neighborhood, and upon all occasions have found them to assure the purpose for which they were administered. My wife has been very much afflicted with sick headache, and, by using one-half of on of the pills, has uniformly found relief. I think it superfluous to enumerate the different complaints for which I have administered these pills. Suffice it to say that, so far as the numerous complaints set out in the wrapper have fallen under my notice, the pill has had the desired effect in removing the same; and so far as myself have been concerned, I can say that they leave the bowels in better order than the use of any other cathartic rels in better order than the use of any other catharti that I have used. I am, sir, your friend and well-wisher,
