LOCAL AFFAIRS.

The Weather .- The following is the range of the thermometer and barometer, as kept by George E. Shaw, optician, Fifth street, yesterday:

THERMOMETER. 6 P. M.,

Barometer, 29 2-10. The Shaw Kidnapping Case. As had been announced, the Shaw case, which has nesday morning, before a full bench. We have alrapdy given our readers all the facts in this case, matter as may come out during the trial.

At ten o'clock, the prisoner, Georgo Shaw, who has been in prison some time, was brought into court.

A jury was empannelled with some difficulty, and the camination of witnesses commenced.

Mrs. Msry Ann Ferris, wife of George W. Ferris, the slave alleged to have been abducted, testified to having been married to Ferris nearly six years ago. for St. Louis, from Albany. James Digman, councilman, knew Forris and Shaw. In September or October, 1856, had a conversation with the latter, in which he wished witness

take Ferris to Virginia, under pretence of giving him a job. On reaching that State, Shaw would have him arrested; said he would pay all expenses. Shaw told him he had known Ferris as a slave in J. R. Nessler, a Justice of the Peace in Mahonin railroad car, coming to this city. Had a conversa-

county, Ohio, sat in the same reat with Shaw in a tion with him, when he said he had just returned from the South, where he had done a good job; he had got five hundred dellars, his expenses paid, and a dollar and a quarter a day for taking Ferris back; the raward had been out for him a long time. He said no one in Pittsburgh knew Ferris was a slave suits in cases of Dyspepsia, loss of appetite, weakness of the back and left the city. Shaw said he followed and from the stomach, assists digestion, and imparts a healthy John Rodgers, who had employed Shaw, related a conversation with Shaw, in which he saw a letter,

containing an offer for the returning of a fugitive slave, not nemed. The letter stated that the fugitive was a good furnace builder and frequently took job in the slave States, and instructed Shaw to watch him until he get into a slave State, and then arrest him. Witness did not recollect the exact amount offered for the slave; thinks it was several hundred dollars. Catharine Smith, who lives near Rogers' new house

on Fifth street, saw Shaw with a letter, and asked her if she knew Ferris, or where he was working; also, whether he was a colored man. He said that the letter would prove Ferris to be a slave, and that it offered him a certain sum to look after Ferris. Told her if she would get Ferris to sleep in her house, she smould have a reward of fifty dollars; Ferris could get chloroform there. She refused to take any part in the affair.

John B. Kennedy said Shaw sent for him when this suit was instituted, having worked for him on the Ohronicle building. He said that he had received a letter from George Ragian concerning Perris, pro-posing to give him five hundred dollars to get a man named Julian to assist in returning Forris. Shaw described the arrest of Ferris; said he made no resistance. They took him to Tuscumbie, Alabama, where he was joyously received, Raglan treating him very kindly. Shaw admitted having received the Said he knew Ferris in Alabama, and though it his duty to assist Raglan in securing his property. They took Perris at Branswick.

John Brennan swore that Shaw wished him to try and induce Ferris to go into Virginia, telling him he might offer him any wages, however high, so he got

Alfred Kesvil had a conversation with Shaw last July; he said they could prove he took Ferris away. He learned Ferris was a slave from a description in Uncle Tom's Cabin. Here the testimony for the prosecution closed, and Mr. Swartzwelder, as counsel for the defense, opened the case on his side. John M. Kirkpatrick, Esq., is

Louis, then went to Hannibal, Missouri, with witness; stayed a short time, and then returned to St. witness remained at Hannibal. Court adjourned till pine o'clock this morning.

A Colored Girl from Fittsburgh Commits Suicide in Cleveland. On last Saturday morning, a colored girl, named Ann Wheeler, from this city, about twenty-two years of age, died in Cleveland from the effects of poison. The Plaindealer gives the following statement:— Ann Wheeler came to Cleveland about a year since from Ann Wheeler came to Gleveland about a year since from Pittsburgh, where her parents reside. For the past six months she has lived on Oregon street, rooming over a grocery store and taking her meals at a colored boarding house near by. Some of the colored people on the street easy that she was "a sporting woman," and others say that her character was good. A colored man named Theodore January had been very intimate with her for several months, calling upon her every day, and, it is thought, providing for her support. Per a-few weeks previous to her death his visits had been lest frequent, and this colored people in the neighborhood noticed a coldness on the part of January towards the girl. One night, not long since, it is said, the girl went to a house on Scheca street and found her faithloss lover in to a house on Street street and found her faithlors lover in company with a frail Quadroon girl. Maddened with Jeal-ousy, the returned to her lodgings in Oregon street, procured ousy, the returned to her ledgings in Oregon street, procured a rezor and returned to Senes street for the purpose of killing the false pitl who had enticed January from her. The doors were berred against her, and sho went back to her lodgings. Sho was subsequently heard to say that she had lived long enough; that she wiched she were dead, and that she wanted somebody to procure her some argent. On Friday she was taken very ill and physicians were called in to see her. One of them, Dr. Eddy, Informs us that she exhibited all the symptoms of having taken opinm. On Saturday morning size died as above stated. The colored woman who was with her at the time says she was delirious just before her death, calling wildly for her father and mother.

iother. Coroner Hartman held an inquest on the body Saturday (ternoon, and the jury rendered a verdict that the girl died from opinm.

On Thursday night the girl attended a party given by some colored people in the neighborhood and drank some whisky, bone of the neighbors think she was poisoned at the party, but we are unable to learn any good reasons for this supposition. Others of the girl's acquaintances think she was poisoned by an eld colored woman who frequently she was poisoned by an eld colored woman who frequently e her, and who claims to be a fortune teller. They want to see her, and who claims to be a fortune tener, and who claims to be a fortune tener, any she had faraned a wicked eye upon the ellist, jewelry and furniture of the deseased and that she is capable of putting po-pis out of the way whenever she takes a notion to do se. But this rumor, like numerous others, has probably no foundation, only in the weird fancies of the said colored people, who are characteristically mysterious and superstitues. Our.
The girl is said to have been quite handsome, dressed elegantly, and had been well educated. Her parents are quite well off. It is not known why she loft them

The Opera Troupe,-Owing to the eminous ap postunce of the heavens yesterday and the disagreeable weather last night, the andience at the Pitts burgh Theatre was not as large as it should have been on the first appearance of the English Opera Troupe. The opera of the "Batoer of Sevine was, notwithstanding, produced with fine effect by the excellent company. Miss Rosalie Durand has lost none of her attractiveness since her last appearance here, and Miss Georgia Hudson has a very sweet voice. Messrs. Lyster, Swan and Warrie are also fine artists. The beautiful opera of the "Bohomian Girl" will be produced this evening, and we hope to see a better attendance. Of the merits of the performers we shall speak more at length hereafter.

An inventor in Philadelphia has constructed a portable machine weighing less than one hundred peunds by which a man of ordinary weight can lift a weight of eighteen tons, by the simple application of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his strength to the lever. It is the most efficient of his efficiency. Flowers and Ruches, a complete assertment of Embroideries, Children, Hosters, Gloves, Guantlets, Alexander A Tauven's Rid Gloves, Flowers, Children's Robe's, Chil Troupe. The opera of the "Barber of Seville" was, netwithstanding, produced with fine effect by the excellent company. Miss Rosalie Durand has lost none

a weight of eighteen tens, by the simple application of his strength to the lover. It is the most efficient lifting jack ever invented. The inventor claims to lifting jack ever invented. The inventor claims to lifting jack ever invented. The inventor claims to lifting jack ever invented in its invention, the lost power by lifting jack ever invented in its invention, the lost power by lifting jack ever invented in its invention, the lost power by lifting jack ever invented in its invention, the lost power by lifting jack ever invented in its invention, the lost power by lifting jack ever invented. which the ancients were enabled to move ponderous masses, such as no modern mechanics could stir.

At Payate City, Monopgahela and Indiana Faire, during the last week, the First Premiums for rapid Business and Ornamental Penmanship were awarded to the Iron City College of this city. The present patronage of this Institution is greater than that of any other four Commercial Colleges of the Union, and offers advantages superior to all others in every branch of Busicess Education, as well as in Penman-chip, for which it is so proseminently distinguished

Recovering .- Mrs. Wolz, who was the object of such a desperate attack by her busband on Tuesday, is now much better, and will likely recover. Wolz is still in fail. We learn that he was at one time con-nned in the insane department of the Western Penn-

Lecture.—By an advertisement in another column it will be seen that R. C. M'Cormick, Esq., Secretary of the Young Men's Christian Association of New York will deliver a lecture at the Central Presbyteman church this evening. DES SITCH & SYKES would state that their treatmen Ocusamption is based upon the fact that the disease exicts n the blood and system at large, both before and during its octopment in the lungs, and they therefore employ Mechan cal, Hygienic and Medical remedies to purify the blood and rengthen the system. With these, they use MEDICAL IN-HALATIONS, which they value highly, but only as ! es, (having no Curative effects when used alone,) and 1: valids are earnestly cautioned against wasting the precious time of curability on any treatment based upon the plausible, but false idea that the "seat of the disease can be regolded n a direct manner by Inhalation," for, as before stated, the seat of the disease is in the blood and its effects only in the

THE ARTIFICIAL LIGHTNING TOAT FLASHES through the Atlantic Cable, boars less resemblance o the lightning of heaven, than Chistadoro's Hair Dye bears to the natural coloring matter of black and brown hair. Quick as a flash it darkens the grey, red or sandy fibres of the head, the lips, and the chin to an ebony hue while it lends a healthy lustre to them. It contains no caustic, and ten minutes, once in six or eight weeks, is all the time required for its application. Sold everywhere, and appiled by all hair dressers. ORISTADORO, No. 6 Astor House, New York. G H. KEYSER.

DR. R. A. WILSON'S Tonic, Cathartic, and Anti-Dyspeptic PILLS.

The best cure for worms, either in children or adults, ever offered to the public, is undoubtedly the Vermifuge, prepared by B. L. Fahnestock. Thirty years experience in this class of medicine has given a sure guarantee that this is an article every way worthy of condidence. As a cure for worms it claims to be unequalled, and as a merchantable article it is prepared and sold as B. L. Fahnestock's and no other, as the proprietors do not wish to have it confounded with any other article of Vermifuge n.w in the market. WILSON'S PILLS have had a mere local existence for over twenty years, unsupported by advertising of any kind, and held at dcuble the price of what they are now sold at, yet with all these disadvantages, wherever used they have in no instance failed to render the utmost satisfaction in performing all the requirements of a valuable family medicine, and as such are recommended by some of the most worthy and responsible clitzens of the land. Hear for instance what Col. Wm. Hopkins, of Washington, Pa., says:

Washington, January your pills as a safe and highly valuable medicine.

Vones re pectfully. WM. HOPKINS. Yours re pectfully,
Will am Elcubaum, Esq., City Treasurer, rays:
Pittsburgh, February 8, 1858. Messrs, B. L. Pahmestock & Co.: MESSES. B. L. FAHNESTOCK & Co.:

Gentlemen:—In my opinion of the merits of Dr. R. A
Witcon's Tonic, Cathartic and Anti-Dyspeptic Pills, I will
briefly state that for many years past they have been a
standing medicine in my famity. A box of these pills is
always left within the reach of any one who may feel the
necessity of taking a dose, say one to three.

Whether it is owing to the efficacy of these fills or not. I
do not pretend to say; but I can safely assert that since we
have used them, my family has enjoyed uninterrupted good
health, and I cheerfully recommend them to all who duly
appreciate this inestimable blossing.

Respectfolly yours,

P. CULVERWELL'S RADICAL RE-GENERATOR, the sovereign remedy for so-rmator-rhoes or seminal weakness, sexual debility, impotency, inty and catrimony.

IMPORTANT TO THE PUBLIC. A new Family Sewing Mathine, combining the latest im

The prices of all our standard Machines have been greatly reduced. SINGER'S SETING MACHINES, it is well known, though decrema price, have alw yabore cheeper, it ct, considering what ther will do the sary other. The prices are now reduced to that all must be satisfied. Call wide synthesis have a local transit that is written at GROVER & BAKER'S

FIRST PREMIUM SEWING MACHINES WERE AWARDED THE FIRST PRE-This Premium was not bought,

As the Wheeler & Wilson Silver Medal Was. The undersigned hereby challenges a trial of PEWING MACHINES, before somptiont judges, to be selected by exhibitors or by the audience, in UITY HALL, or elsowhere at any time.

On and after this date the price of our Machines will be hine, plain finish table...... And other sizes in preportion.

The first place in public estimation is now justly accorded to the GROVER & BAICER MACHINE, for family Sewing, of the following reasons:

1st. It is MORE SIMPLE and RASILY MEPT IN ORDER than any other machine. 2d. It makes a seam which will NOT RIP or BAVEL, At the makes a seam which with though every third etitch is cat.

8d. It sews from two ordnery species, and thus all trouble of winding thread is avoided, white the same Machine can be adapted, at pleasure, by a mere change of species, to all varieties of work.

4th. The same Machine runs silk, timen thread and species. otton, with equal facility;

6th. The same Machine runs silk, then thread and specific to the theorem is as electic as the most clastic fabric, so that it is tree from all LIABILITY to BIYAK, in WASH-ING, IROMING, or otherwise.

6th. The stitch made by this Machine is more BEAUTI-YUL then any other mode, either by hand or machine.

THE CHEMICAL OLIVE ERASIVE THE CHEMICAL OLIVE ERASIVE
A SOAP, manufactured by B. C. & J. II. Eawyer, receives the preference offer all other kinds over offered for family use.

Its advantages over other goaps are:—lst. It is cheaped to use, one pound being equal to three of common rosin goap. 2d. Half the time need only be occupied in washing when this Boap is used in place of other goaps. Ed. Labor in washing can be nearly dispensed with, as the clothes will fequire little if any rabbing, thus avoiding their wear on the wash-board. 4th. Foiling the clothes is unnecessary when this Boap is used and hard or calt water asswers equally as well as not. 5th. Printers, Machinists, Painters, and others, and it for superior to other fleaps. It speedily removes grease, tar, paint, printers' ink and dirt from the hands, leaving the skin soft, and free from chapping.

To avoid the labor of rubbing the clothes and the use of the wash-board, the following directions should be followed.

For the washing of cight or ten of a family, take one pound of floap, cut it into clothes into a tub containing gallon of hot water; put the clothes into a tub containing gallon of hot water; put the clothes into a tub containing about ten gallons of warm water; pour in the dissolved floap, and stir thoroughly. Let them soak twenty to thirty minutes, wring out, and rinse in warm water ones, cold water twice. A very ditry wrist-band, or seam, or grease spots, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing or boiling. Cold water may be used in piace of hot, requiring about double time in eaching.

Are Observe our name on each bar.
