THE KNOW NOTHINGS.

The powerful political organization, so well known by the above singular title, is an American nationalizing order. Its mission is one of reform, in every sense of the word; and only those who are personally interested in perpetuating the present corruptions in politics, are its opponents and defamers. The order has extended itself over the whole Union; and, although its age may be numbered rather by months than years, we may pronounce it to be the country. The patriotic order of Know Nothings, is America, and as it knows no North, at the corner of 3d & Race, Philadelphia, ro- no South, no East, no West, it may truly be said, that its members know nothing but their country; and as their country will never be butchered into quarters by them, "the Union" is their motto.

We say to every American, join the Know Norminos; and we also say, that every man who denounces American principles is worse than a foreigner, and should be branded upon his brow with the name of JUDAS ISCARIOT. The line of demarcation is drawn, and men you, Sir," said the colonel, "I will spot you in who are afraid to say to the world, "I am an my next volume." When Sidney Webster American in principle," should be marked as enemies to the cause of their country.
