

THE JOURNAL.

We call the attention of our readers to the card of KOONS HEILMAN & Co., no 197 North Third Street, in another column. They are clever and accommodating gentlemen, and those who buy from them may rely upon being well treated. We advise our merchants when they visit the city to give them a call.

The attention of our citizens is called to the card of THOMAS ROBBINS, in another column, who has on hand a large stock of new and interesting books.

Those indebted to JACOB DETRICK, of Curwensville, are respectfully requested to call and settle their accounts. Jacob's bound to have the money, or bust his suspenders.

Our citizens and merchants who desire to purchase jewelry and silver ware, should not fail to embrace the earliest opportunity to visit AVISE's cheap watch and jewelry store opposite the Mount Vernon House, Philadelphia. They will find him a gentleman in every particular, and so have their wants supplied at a lower price than at any other establishment. We can confidently recommend him to our readers.

We call the attention of our readers to the card of J. B. WINE, Esq., in another column. Mr. Wine has had a great deal of experience in timber land, and is possessed of much reliable information in regard to our country. Those having business in his line, cannot entrust it to better hands.

Clearfield county is without a Drug Store, or might as well be, and our country merchants who wish to purchase such articles, are compelled to go or send to Philadelphia. We call the attention of our readers to the advertisement in another column of Mr. SAMUEL BARNES, who has opened a large and splendid establishment at Tyrone. When you go over there give him a call.

The general complaint about hard times should induce us to be cautious, and endeavor to purchase cheap and substantial goods. Those merchants who have this object in view, when laying in their stock will do well to call at PAUL & TAYLOR'S Wholesale Boot, Shoe and Straw Goods Warehouse, No. 255 Market St., Phila.

Those desiring to go into the Daguerreotype business, can purchase a first rate apparatus by applying to D. S. MOORE. See card.

Watermen, and others who find it necessary to stop in Philadelphia, will see by reference to a card in another column, that G. REZ, of the "Philadelphia Exchange," is prepared to accommodate them. Give him a call.

Those wanting to sell lumber, or purchase merchandise on good terms, are recommended to call at the store of HON. A. K. WATSON, on Second street. See card.

Those of our readers who so frequently have occasion to visit Tyrone, will find it profitable to call and purchase goods from F. M. BENT.

In passing through Philadelphia, some time ago, we had occasion to stop with DAVID JOHNSON, who keeps the "Philadelphia Hotel," and we must say, we never sat down to a better table, or met with a more gentlemanly, accommodating landlord. We advise all our friends who are fond of good accommodations to stop with "Squire" Johnson. See notice.

These of our merchant friends who desire to lay in a first rate stock of Drugs and Chemicals, and to buy from a first rate firm, should call 138 Market St., or their next visit to the City, at HESSELL & SCOTT'S.

It frequently happens that when our people are returning from the East they find the stage full, and are compelled to walk or to over at Tyrone. These difficulties will now be obviated since JAMES CROWTHER has opened his new Livery Stable, where horses and buggies may be had at all times on reasonable terms.

What Clearfield merchant is not acquainted with JIM. DAGUERRE, and where will you find a better fellow? He may always be found at the corner of 3d & Race, Philadelphia, ready to supply his friends with a first rate article of Tobacco and Cigars. See card.

Merchants and others desiring to purchase Tin and Sheet Iron ware, will find excellent terms afforded by LYMAN GILBERT, at his Wholesale Factory, No. 15, Market street, Harrisburg, Penna. Prices lists furnished on application, post-paid. See advertisement.

It is said the "Nix-Weiser" were about New Washington at the late Election. We do not know how that may be, but we do know that D. S. FLETCHER keeps one of the best Temperance Hotels in the three counties. Give him a call. See card in another column.

The best natured, clearest pair of fellows in the "Wild Cat District,"—FLEMING & FORSTER, have opened a Livery Stable in Curwensville, and are prepared to accommodate the public with all sorts of Vehicles, &c., on reasonable terms. For a Good Intent.

The construction of the Railroad to Tyrone, would enable our citizens to make their purchases at the "Tyrone City Drug Store," with greater facility. But as this consummation so devoutly to be wished has not yet come to pass, our friend Sam'l Bernis has very properly taken the difficulties of access into consideration, and reduced the profits on his goods. It is now emphatically the best and cheapest Drug Store in the country. Call and see.

By a card in another column the numerous friends of E. L. BARRETT, will observe that he has changed his House, and may now be found at 73 Market street, Phila. Enoch is a clever fellow, has a large number of friends in Clearfield County, and ought to do well. We wish him abundant success, and are glad to hear he is with a good firm. Go and see him.

FROM HAVANA. The Calhoun, at New Orleans, brings the following letter to the Picaque:— HAVANA, May 1, 1855.—Com. McCauley, Capt. Eagle, of the Princeton; Capt. Strickland, of the San Jacinto; and Mr. Strickling, Comodore's Secretary, died with Cholera one afternoon last week; Capt. Dobie, of the British war steamer Bazzard, the Spanish Admiral and the Captain of the Port, were also present. Military bands performed in the Palace yard during the afternoon, and the dinner is understood to have been a very recherche affair.

The Spaniards now cover over the citizens of the United States here, saying a dinner and bottle of champagne, given to the officers who may be sent here from the United States, will be considered as ample atonement for any insult offered to the United States flag, or injury to their citizens.

The Princeton has since proceeded to sea, and I have heard the remark more than once made by Spaniards that Capt. Eagle had written a long line for a dinner and now that he had got it he was off, although I understand the Princeton is expected to return here within a fortnight.

We are all at a loss to know the object of the visit of San Jacinto. Com. McCauley has certainly not made any demand for redress upon this government, and I am enabled to add upon the best authority that had he made any none would have been given. I write this advisedly, knowing such to have been determined upon by the Government of this Island.

I have heard it stated that a royal decree is about to be issued, by which no person will be permitted to observe any of the numerous fast days kept in this island, Sunday, Good Friday, etc., of course excepted. I am inclined to think, however, the report is not likely to be confirmed.

The volunteers, I understand, are to commence ball practice this week, and also that they are to have a new uniform, and that colors are to be presented to each regiment, to fight under which to the death each man will have to swear. Thus the Crooles who have enlisted with the view of despoiling upon the appearance of an enemy are outwitted.

PROPOSED NEW STATE. The Legislature of Michigan, at its last session passed an act providing for the formation of the new State or Territory of Superior. This new Territory embraces all the vast extent of territory on the south shore of Lake Superior and north of Lake Michigan and Wisconsin which now compose a part of Michigan. It is entirely separated from it by Lake Huron and Michigan, and has no natural connection with the rest of that State. It is the seat of the great mineral wealth of the nation. Its mines of copper and iron are unsurpassed by any in the world. It has been the desire of the inhabitants to sever their political connection with Michigan, as their interests were diverse, and they were so far distant from the seat of Michigan's government.

Michigan has heretofore refused to grant their request, but it seems a sober second thought has brought an assent. Two years ago Wisconsin passed an act granting the northern part of its territory to the proposed State of Superior. The proposed northern boundary of Wisconsin and southern line of Superior extends from the Mississippi, at the mouth of the Chippewa river, up this last named river until it strikes the United States correction line between towns 30 and 31, and then following that line east to Green Bay, which it intersects near the mouth of Beule river of Green Bay. This would throw all the country on the St. Croix into the proposed new State—a fine agricultural region, which would find its outlet in being connected politically with Superior.

This territory from Wisconsin and from Michigan will form the future State of Superior. It will extend from the western point of Lake Superior, embracing all the south shore thereof, to the St. Mary's river and the northern portions of Lakes Huron and Michigan. The "St. Croix" will be on its eastern border, and the great Mines of copper and iron will be on its northern line. Its western boundary will be to St. Croix river. It is destined to be one of the most interesting, wealthy, and important portions of the Union. The State of Michigan and Wisconsin being agreed to this arrangement, Congress, by virtue of the power vested in it by the third section of the fourth article of the Constitution, has authority to erect it into a Territory, or to admit it at once as a State.—Rochester Dem.

POLITICAL INFLUENCE OF ALIENS.—Our large cities are crowded with a large foreign born vote. New York, Boston, Philadelphia, Cincinnati, Baltimore, St. Louis, New Orleans, and other large cities, often decide the political contests in the several States in which they are located—often hold the balance of political power. The following statistics will serve to illustrate these remarks:—

Table with 3 columns: City, Native, Foreigners. Rows include Boston, Chicago, Cincinnati, New Orleans, New York, Albany, Detroit, Milwaukee, Louisville, Philadelphia, St. Louis, Newark, N.J., Mobile.

AMENDMENTS TO THE CONSTITUTION OF MASSACHUSETTS.—The people of Massachusetts are to vote on certain material amendments to the constitution of their State. One of these is to substitute the plurality system for the majority rule, now applied to elections.—Another, is the choice of Councilors by the people. Another, the election of Secretary of State, Auditor, Treasurer, and Attorney General, by popular election, instead of legislative or gubernatorial appointment. Another, to raise the money raised by taxation for public schools, and appropriated by the State for this object shall never be appropriated to any religious sect for the maintenance exclusively of its own schools. The vote is announced for the 23d inst.

HON. HENRY MARSHALL.—We learn with pleasure that the Americans of the Louisville Congressional District, Kentucky, have nominated this gentleman as their candidate for Congress. He is an able man, and we hope, will be triumphantly elected. Col. Marshall commanded a regiment of Kentucky volunteers during the Mexican war, and greatly distinguished himself at the battle of Buena Vista. He subsequently represented the Louisville District in Congress, where he distinguished himself as a sound and logical debater, and during his time of service there was appointed Minister to China by President Fillmore, from which mission he only returned about a year since.—Daily News.

AN EXTENSIVE FARMER.—Michael L. Sullivan, an Illinois farmer, it is said, about to plant 10,000 acres of land in corn. He was formerly one of the largest farmers in the State of Ohio for many years, and, according to a contemporary, he could ride in a direct course fifteen miles through his own fields.

EX-PRESIDENT FILLMORE.—A correspondent of the Buffalo Democracy (a Whig paper), asserts that Ex-President Fillmore was initiated into the Order of Know Nothings, at his residence, in that city, in January last, by a committee appointed for the purpose, whose names he gives. The Albany Journal, in commenting upon this statement, remarks that Mr. FILLMORE was formerly an ardent anti-masonic politician, and was originally elected to office by that party. We cannot, however, see any point in the comment. A consistent anti-mason may be a good Know Nothing—that is if there ever was any consistency in anti-masonry.—Sun.

MEMORIES OF CHILDHOOD.—The memories of childhood, the long, far away days of boyhood, the mother's love and prayer, the ancient church and school-house, in all the green and hallowed associations, come upon the dark hour of sin and sorrow, as well as in the joyous time like the passage of a pleasantly remembered dream, and cast a ray of their own purity and sweetness over it.

"People may say what they will about country air being so good for 'em," said Mrs. Partington, and how they fit upon it, for my part I shall always think it is owing to the village. Air may do for canaries and other reptiles that live on it, but I know that men must have something more substantial.

THE MAIN LAW IN NEW YORK CITY.—Mayor Wood has issued a proclamation to the effect that he considers it his duty, and that therefore it is his intention, to enforce the Main Law to the full extent of his power.

Our Legislature has passed the bill regulating the fees of physicians and surgeons for post-mortem examinations. The charge now allowed by the law is ten dollars for the performance of this disagreeable duty.

Rev. Dr. Brockbridge, formerly of Baltimore, publishes a letter in the Kentucky papers in favor of the Know Nothings.
