of their friends, and THOMAS NICHOLSON. of Beaver county, nominated as the Union candidate of the parties opposed to the National Administration. Peter Martin, Esq. was there, and gave his cordial assent to the arrangement; and by his course created a most favorable impression upon gentlemen from all parts of the State ; an impression that will secure for him higher honors than that of Canal Commissioner.

Mr. Todd, shows the cheerfulness with which he vielded his claims to promote a union of all opposed to the Pierce Administration.

Harrisburg, Thursday, Sept. 27, '55. HON. SAMUEL TODD.

Chairman American Committee.

DEAR SIR :- With the view and for the purpase of enabling your committee on behalf of the American Party, to agree upon a candidate who will unite all the elements opposed to the Pierce policy and Administration, I give my declination into your hands, and am | and A verican Institutions should not be fostered willing to abide by your decision. From my personal and familiar knowledge of the principles of Gen. O, yes,' it will be answered, "very true ! but there is a necessity for this. We have to take care of our parties, to form plans for the people to carry out. And if we did not make platforms for them, they would not know how to vote upon important subjects." This explains much of the opposition to the present movement of the people. The action of the

In many of the counties the opposition to the Locofocoparty is divided into the support of two or three different tickets, thus indirectly contributing to the election of Locofocos by a minority vote. This should not be. In every county in which more than one opposition ticket has been formed a union should be effected. It is worse than folly, yes, absolute madaess. for the Whigs, Republicans and Americans to fritter away their strength, and aid Locofoerism. A LAST STRONG EFFORT .- On Tuesday we fight the battle that gives us a glorious victodemagogues shall rule. . We have no fear of the result, brother Americans, but it is a duty you owe to your country and your party that every exertion should be made. Watch the ballot box-guard it-it is the Ark of your liberty. Keep it pure and let it speak the verdict of the people. Let America and Americans be your watchword. Remember the wiles and intrigues of Popery-the blasting effects of Foreign

int succeed, as it must if our liberties are to be preserved, many good easy souls who feel seated in power, will have to yield that power, which has been used in directing the people to carry out their edicts, prepared in caucus and proclaimed by conventions. The cry of a olition has been raised by the anti-American party in the South, for no other purpose than to alarm their fears, and strangle the American feeling. Have not the two parties for years past charged each other with being idendified with Abolitionists, as it suited party interests? The American Order have given their platform to the world. I perceive, by the intelligence of the day that one of the oldest Democratic statesmen, the standard-bearer of the party, General Cass, has approved the platform of the American Crder, as proclaimed to the world by the Convention at Philadelphia.

UNITE AND CONQUER .- The movement made at Harrishurg last week, by which it was agreed to withdraw the several candidates placed in nomination by the Whig, the Republican and the American parties, has met with a very general response of approval and it is required only that the same spirit should govern in the action of the people at the polls. to secure the signal defeat and overthrow of Locofocoism at the coming election. A correspondent of the Daily News, writing from West Chester, under date of the 28th ult. gives utterance to the following sound and sensible suggestions:

"I perceive that the Old Line Whigs, in patriotic spirit, have agreed to support the Assembly ticket formed by the American party. That is right. . In union there is strength." As long as the North is divided into factions. the Slave-holding Democracy North will triumph. Let us have Union-a Union of all opposed to the infamous repeal of the Missoni Compromise.

We here hope to see the Republicans of the City drop their ticket and fall into the support of the American. It is Anti-Nebraska, and that is enough for the times. If honest councils prevail, the Republicans of your city will not run their ticket. If they do, and thereby elect the Locofoco ticket, a load of odium will rest upon the selfish leaders, which will spot

them forever. A spirit of self-sacrifice and magnanimous fusion against the Slave-breeding and Unionsaving Democracy is what is needed and necessary. The Pierce Democracy can be overthrown triumphantly if its opponents will only

While we do. this we are irresistable, and victory is sure to crown our efforts. First of all, let us see to it that America is ruled by Americons! After this primary object is secured, we can advantageously settle other and subordinate matters-At present we must avoid side issues, and light only for the great principles of our organization-principles dear to every patriotic American heart, and which when rightly understood, will be sure to triamph!

W. defended himself and denied that men were persecuted on account of their religion by K. N's. If any one, he said owned an allegiance or obedience to the Pope which was paramount to the allogiance or ohe dience which he owed to the laws of the United States, he thought the Americans right in holding him unfit to be supported for any office, under the constitution. His friends hooted at the idea that any one should be supposed to owe any such obedience to the Pope, and asked if he supposed that such men as G . H., J.,-naming American Catholics-owed such
