THE RAFTSMAN'S JOURNAL.

Arette expedition in search of Sir John Frank-for the first, and twenty-five cents for each addilin show a larger range of discovery than had been anticipated from the preliminary report. Many have been exhibited to the Secretary of the Navy, and subjected to the National Watt. vatory and Coast Survey. Dr Kane has evidentisy material in reserve. The area of the open sea, by a careful revision of the work, has more than one thousand in excess of the original estimate. This large body was absolutely and entirely free from ice. The scientific materials of the expedition will be published under the direct charge of Dr Kane, who has been detailed for that duty by the Navy De-partment. The Smithsonian Institution and Coast Survey have both volunteered their aid in furtherance of this object .- Wash. Union-
