

THE JOURNAL.

GENERAL NEWS.

THE LAST KANSAS TROUBLES.—The Parkville Democrat of December 20th, furnishes us with the following information:—“We understand that Gov. Shannon has determined to give up the gubernatorial chair in Kansas Territory. His reasons for doing so we have not learned.”

THE JAPAN TREATY DIFFICULTIES.—According to a Calcutta correspondent of the London Times a Dutch official, selected especially from the Hague, was sent to Japan, to make such suggestions to the Japanese as would be acceptable to them, in their negotiations with the United States Embassy, under Commodore Perry.

DISMISSAL OF MR. CRAMPTON AND THE BRITISH CONSULS.—The correspondent of the N. Y. Tribune, writing from Washington City under date of the 9th Jan., says:—“A decisive step has been taken relative to British enlistments. The long correspondence on this subject between the two Governments has been closed by an elaborate and conclusive dispatch to Mr. Buchanan, sent last Saturday, requiring the British Government to recall Mr. Crampton, or leaving the alternative of the Administration giving him his passports here.”

IMPUDENT AND MURDER.—An old woman, named Wakeman, who is now better known as “the Prophetess,” not long since professed that she had been raised from the dead, and had a very important mission to perform in the world.

INDIANA, PA.—On last Thursday night week, in G. Christy, convicted of burglary at the term of the Court, made his escape from prison. In the same cell with him was another young man who had been imprisoned for coasts, to whom Christy confessed the guilt of the crime of which he was convicted, and said he had concealed the money obtained, in a coal bank near Blairsville, where he expected to get it when he had effected his escape.

door and left. A reward of \$50 for his apprehension is offered by the Sheriff. The young man confined for coasts could not resist the temptation of a free exit, and left with Christy, but only to return to his home.

BLAIR COUNTY.—On the 26th ult. the corpses of two children were found in an emigrant car at Altoona. After the train had reached Gallatin, information was received by telegraph, that the parents, (who were Germans,) had discovered themselves. The children belonged to different families. The little girl had died from teething the day before, while the boy had died of fever between Huntingdon and Altoona. Another child that died had been left at Huntingdon for burial.

INDS FOR THE MAIN LINE.—Harrisburg, Jan. 9.—The Harrisburg and Lancaster Railroad Company propose to give four millions of dollars for the Columbia Railroad, payable in eight annual payments after January 1st, 1856, with interest at 5 per cent., conditioned for the repeal of the tonnage tax.

Gov. SHANNON, it seems, has changed his course completely in regard to the people of Lawrence, who were denounced in his proclamation as a lawless set, and to overthrow whom he asked President Pierce to send him U. S. troops, as will be seen by the following document, given by the Kansas correspondent of the New York Times:—

“To C. ROBINSON, Commander of the enrolled citizens of Lawrence:—You are hereby authorized and directed to take such measures and use the enrolled force under your command in such manner, for the preservation of the place and the persons of the people of Lawrence and vicinity, as in your judgment shall best secure that end.”

AN ALLIED FLEET FOR SAN JUAN.—Our last advices from Havana stated that a number of English and French vessels of war would shortly rendezvous at the port of San Juan. A private letter from Havana contains the surprise that important news may soon arise from that quarter. It can hardly be that either England or France contemplates a hostile occupation of San Juan and the adjoining territory, but it is not improbable that an effort may be made to prevent the influx of emigrants from the United States to Nicaragua.

MASSACHUSETTS.—Gov. Gardner's message was delivered to the Legislature on the 3d Jan. He recommends twenty-one years' residence of foreign born citizens, and ability to read and write before they are allowed to vote;—deprecates the passage of the personal liberty act by the last Legislature, and urges its speedy repeal;—suggests a reduction of the number of members of the popular branch of the Legislature, and denounces lobbying legislation. The message is strongly Native American in its tone.

HEAVY ROBBERY.—On Tuesday evening, the 1st inst., Mr. S. J. Swanczy, a gentleman from the interior of Pennsylvania, was robbed of a port-manteau, at the Walnut-street theatre, Philadelphia, containing \$175 in notes and gold, certificates for 1667 shares of stock in the Erie and Susquehanna Coal Company, and promissory notes amounting to nearly \$10,000, besides other valuable documents. At the time of the robbery Mr. Swanczy was standing in the entrance passage way, waiting to get in the theatre.

THE LARGEST MILL IN THE WORLD.—The largest and most comprehensive mill in the world is the Pacific at Lawrence, Mass. The floor surface of this immense structure is 16 acres; the largest mill in England is 1 1/4 acres.—There are now in operation 40,000 cotton spindles and 10,000 worsted spindles; and these are to be increased to 80,000 and 20,000 respectively. There are 1,200 looms in operation, to be increased to 2,400. These, with 2,000 persons, produce 800,000 pieces of cloth per annum—one-half delaines. The weekly consumption of cotton is 20,000 pounds, or 1,400,000 pounds per annum, and 500,000 pounds of wool. Once a month the two thousand persons assembled at the cashier's office where he pays out \$50,000 to them for wages, appropriating to each one the exact amount she has earned.

PARKER H. FRECKIN.—This Nicaraguan hero is a small, thin man, with but one arm, evidently in ill health, and, like Walker, about twenty-nine years of age. His demeanor is modest and conciliatory, but there is a certain air inseparable it is presumed from the hazardous life he has led, which would mark him as “one of the boys.” While the former government was in power in Nicaragua, he acted there as the agent and forerunner of Walker, displaying no little tact and bravery in carrying out his secret designs.

HEIRS WANTED FOR \$1,500,000.—A gentleman of Washington City, says the Star of a late date, received a letter from Portlown, county of Armagh, Ireland, making inquiries in relation to the heirs of John White, who emigrated from the said county, somewhere about the year 1814 or '15, and who is believed to have left two sons, Abner and William. There is about a million and a half of money for the lucky Whites who can “prove property,” &c.

TRAGEDY AND ROMANCE.—An account has been given of the attempt of a man named Williams, from New York, to commit suicide on New Year's night, because a young woman in Hoboken, whom he expected to marry, had changed her purpose. In view of this evidence of love and devotion on his part, the lady relented, and has since been united to him in marriage. He feels better.

FASHIONABLE FANS IN PARIS.—A writer alluding to the perfect mania in extravagance which appears to exist in Paris the present year, mentions that even the fans now in use are marked by elaborateness of workmanship, and cost as high as \$2000 each. \$20 or \$30 is considered the merest trifle for one of those highly decorated, carved and enriched articles.

MAYOR OF PITTSBURGH.—At the municipal election held in Pittsburgh on last Tuesday, the 8th inst., Bingham, the American candidate, was elected Mayor. The vote stood—Bingham, Amer., 1493, Volz, regular Dem., 1030, Irwin, seceding Dem., 1115.

In Allegheny City, Adams, volunteer, was elected Mayor on the same day.

STRAY HORSE.—Came to the residence of the undersigned, living in Decatur township, a day horse. The owner is hereby notified to come forward, prove property, pay charges, and take him away, otherwise he will be disposed of according to law. ABRAHAM J. GOSS.

Clearfield, Jan. 9, 1855. H. BUCHER-SWOOPE.

D. 1855. They therefore pray the Court to grant them a license for the above purpose; and they will pray, &c. BENJAMIN HARTSHORN & THOMAS McCRACKEN.

IMPORTANT TO HOUSEKEEPERS AND FRUIT GROWERS.—ARTHUR'S PATENT AIR-TIGHT SELF-SEALING CANS AND JARS, for Preserving Fresh Fruits, &c.—This invention for which a patent has been obtained, commends itself to the attention of Housekeepers and others, inasmuch as it is so simple, and the effectual manner in which it accomplished, a very desirable and useful object.

The cans and jars are constructed with a channel around the mouth, near the top, into which the cover fits loosely. This channel is filled with a very adhesive cement, prepared for the purpose and allowed to harden. In order to seal the vessel hermetically, it is only necessary to heat the cover slightly, and press it into place. It may be opened with as much ease as it is closed, by slightly warming the top. The ordinary tin cans, used for the same purpose, for which this is intended, cannot be closed, as is well known without the aid of a tinner; are difficult to open, and are generally so much injured in opening as to be useless for future service.

By this simple contrivance, the process of hermetical sealing is placed conveniently within the reach of every individual; and fruit, vegetables and butter (if properly prepared) may be kept, by their natural flavor unimpaired, for an indefinite length of time. For sale by MERRELL & CARTER, Clearfield, Sept. 19, 1855 4t.

MICHAEL CONLEY begs leave to inform the citizens of Clearfield and vicinity that he has just dug out the mine of Robert Owen, half a mile east of town, where he will have on hand, all winter, a lot of first rate coal, which he will sell at the low rate of FOUR CENTS PER BUSHEL.

GIVE THEM A TRIAL!—SILVER'S PLASTIC PAINTS—CHEAP, DURABLE AND PROTECTIVE. WEATHER & FIRE-PROOF. These Paints will stand any climate, without crack or blister, and harden by exposure; thus making in time an enamel of Stone, protecting Wood from decay, and Iron and other metals from rust and corrosion. They differ essentially from the so-called Metallic Paints of the day, which are principally Oxbres, and Clays, and are entirely worthless. SILVER'S Plastic Paints are purely METALLIC, containing no lead or other dangerous ingredients. They are so prepared, that they will mix readily with Linseed Oil, (without the trouble of grinding), and flow under the brush as freely as the best White Lead, and excel all others in body or covering properties, one pound of every kind will cover as much surface as two pounds of White Lead, reducing the cost two-thirds. There are six distinct colors, viz: Olive, Light Brown, Light Chocolate, Black, Dark Do., Deep Do.

All equally valuable as a preservative, and particularly adapted to painting the outside of BUILDINGS, FENCES, STEAMBOATS, CARRIAGES, TIN AND IRON WORKS. REMEMBER! Exposure hardens and increases the durability of these PAINTS. DIRECTIONS—Mix with pure Linseed Oil, as thickly as possible, as the Paint is the best and most profitable body, and the oil simply the medium, or agent in spreading it. GENERAL WHOLESALE AGENTS, N. W. corner Tenth and Market Streets, PHILADELPHIA.

For sale, Wholesale and Retail, Dry and Ground in Oil, by SAM'L BERLIN, Tyrone City, Pa. Dealer in Drugs, Medicines, Paints, Oils, Brushes, Window Glass, &c. [Aug. 15, '55.]
