EASTER DAY .- It is stated that the Council of Nice, in the year 325, laid down the rule, that Easter Sunday should be the first Sunday after full moon, which happens upon, or next after the 21st of March. "Then the Fast of Sunday, and the first of those days is called led Ash Wednesday, from a custom of sprinkling ashes on that day. Shrove or Shrive Tuesday is the day preceeding, on which the their immediate attention. folks shrive or confess to the priest, and are allowed to make merry afterwards, from whence came the custom of cock-fighting, &c., on that day. Shrove Tuesday is the next Tuesday af-tar the first change of the moon in February. On the 8th inst., at the residence of Mr. G. The earliest day on which Easter can fall is Darr, by John F. Lee, Esq., Mr. John Kime to the 22d of March, and the latest the 25th of April. Suppose the full moon to occur on the 24th of March, the first full moon after the both of Clearfield county, Pa. 21st of March would not occur until the 18th of April. In 1859, Easter will fall on the 24th of April. In 1845, it fell on the 28d of March, the same as this year. In 1818, it fell on the earliest possible day, the 22d of March."

Exhibition of the Clearfield Institute came off at the Town Hall in this borough, on last Friday evening. for the first, and twenty-five cents for each addi-At an early hour, the house was crowded to overflowing, and it was with much difficulty that all the ladies, present could be seated .-The Hall was well lighted, and beautifully decorated with evergreens. We were much pleased with the performances. Good taste was displayed in the manner of their arrangement, all rmounts unpaid for Subscription, Advertising, and the performers, male and female, acquitted themselves in a manner highly creditable to themselves, and flattering to the principal of the institution. It was cause of gratification to see the interest that is taken in educational affairs, as was evinced in the large crowd of spectators present; and it must have been encouraging to both teacher and pupils to witness such a manifestation of interest. The Clearfield Brass Band was in attendance and enlivened the performances with a number of He is about 5 feet 10 inches high, has dark hair spirited and well-played tunes.

THIN SHOES are great promoters of consumption and like fashionable ailings in human beings. It is surprising that ladies, possessing the good sense which all must accede to them, should permit themselves to indulge in the use of thin-soled, cloth shoes, in weather such as | we have now. Hardly a day passes that we do not observe females walking along our streets in shoes that cannot possibly protect their feet from the moisture. It is little wonder, therefore, that so many of our American ladies are such delicate creatures. A couple years since, s very estimable English lady, in a conversa-

FIRE IN BECCARIA .- On Monday the 10th instant, at about 12 o'clock M., the large dwelling and store house of Mr. John Swan, on Muddy run, in Beccaria township, was consumed by fire, together with his entire stock of goods, furniture and whatsoever the building contained. The family, we understand, were taking their dinner in an apartment at one end of the house, when the fire broke out at the other, and before it was discovered had got under such headway that nothing could be rescued from the devouring element. It is supposed that the fire originated at the place where the stove-pipe passed through the second story floor, which was laid with loose boards. The loss of Mr. Swan will doubtlessly be from \$3,000 to \$5,000.

THE ALGERINE LAW .- On the 13th inst, Mr. Souther presented a petition to the Senate for the repeal of the following section of the Act

"Sec. 1. That if the parties are unable to agree upon the amount to be paid, the lumber, logs, shingles, bolts or timber, shall be delivered to the owner, but in such case the owner or owners of the said lumber, or his or their agent having charge of the same, shall be liable to arrest on a capias ad respondedum, from have just learned that a bill has been reported for | which he shall not be discharged until he or the incorporation of a similar company to creet a they shall give bail absolute before the justice who shall is ue such capias, to pay to the person or persons taking up such lumber, logs, shingles, bolts or timber, the judgment that may be recovered, with costs of suit :"
