AFFAIRS AT HOME.

For the Journal.

SCHOOL EXHIBITION, held Wednesday, March 12th, 1856, and also in the evening, at the old meeting house on the premises of John Goss. Decatur township, by Messrs. Hooper, Gill and others uniting several schools in one. Altho' the day was extremely cold and windy, the teachers and pupils met at an early hour, to tell what they had learned and review their studies, in Arithmetic, Geography, Grammar, &c., after which an excellent address on education was delivered by the Rev. C. Jeffries to a large audience. The House was crowded with old and young, and all seemed by their enthusiasm to be very much interested. Adjourned 3 o'clock p. m. for dinner, and again met at 5, when an address was given by A. T. Schryver, County Superintendent, on the rise and progress of education, and the benefits resulting therefrom. The evening exercises consisted of above 40 pieces, viz. speeches, orations and amusing dialogues, in which both male and female pupils took part, all performing their parts in a manner creditable to themselves and flattering to the teachers. The scene was enlivened at intervals with instrumental music of national airs, marches, &c. It was a source of much gratification to see the interest taken in education by the citizens of Decatur, who say their schools are much better than formerly and improving under the present school system. A SPECTATOR. Clearfield Co., Pa.

No FLOOD YET .- The snow is gradually wearing away in this county, by the rays of the sun. The earth being dry, swallows up all the water and is becoming well soaked for spring. The ice in the streams is growing less, but has not yet broken up. Our lumbermen are watching with great impatience for a freshet and the removal of the ice to raft their lumber and timber. Money matters are like the river, decidedly "tight," and will remain so till the rafts find their way down and their equivalent in the mighty dollar finds its way up the river.

A FAITHFUL Dog .- A dog followed his owner to meeting at a school house in this county, the other night. Meeting being dismissed, the gentleman passed out and went home, without the dog noticing him. Next morning the faithful animal was seen sitting hard up against the school house, shivering with cold, having waited there all night for his master to come out.

FRACAS .- A correspondent, in Morris towna fracas took place in a School house in his district, in which the President and Solicitor of the Pilgrim's Progress Mutual Building and Loan Association was knocked down, and some

FIRE IN BURNSIDE .- We learn that on Sunday the 24th March, the house of David F. by fire, with all its centents. The loss of Mr. Smith is estimated at not less than \$2,000 .-The fire originated by means of the stove-pipe.

Etropean News .- The steamship Emen arrived at Boston on the 26th, with four days later intelligence from Europe. The Peace congress is in daily session at Paris, but nothing of its doings transpire. Advices from the Crimea state that matters remain unchanged. There was a review of 50,000 British troops at Balaklava, on the 5th of March. The White Works were blown up at Sebastopol on the 28th Feb. There has been nothing heard of the Pacific at Liverpool. Flour had advanced 1s, wheat Sa5d, and corn 1s.

By the arrival of the Canada at Halifax on the 28th, three days' later news has come to Miss Margarer Monrgomery, of Chest townhand. Mr. Dallas, the American Minister, has | ship, this county. arrived in England. The peace negotiations are progressing, and peace is considered certain. An armistice has been agreed upon by the Russian and Allied Generals. Breadstuffs have advanced in England. Turkey is "hard up" for money.

FROM CHINA .- The ship Sea Serpent, from Hong Kong January 3d, arrived at New York on Saturday, but brings no news of more than ordinary interest from Cantou. The steady progress of the revolutionary party is an undoubted fact, though their discomfiture in the vicinity of Canton has for a while caused them to disappear from that quarter. They now hold the most fertile provinces in the interior, and have powerful fleets on the coast ready to take advantage of an opportunity to re-enter the river. They are not to be confounded with the pirates, who have been almost as troublesome as usual on the coast. This is established by the testimony of Mr. Eli M. Boggs, an American, who was compelled to remain among the pirates from June last, until he escaped in November. He says the pirates are much more afraid of the rebels than of the Mandarins. The former attack them and capture their guns and ammunition. The latter always keep at Soup Beans. - A lot of excellent Soup Beans for sale by MERRELL & CARTER.

a distance from them.

KANSAS AFFAIRS.

They have now two Governors in Kansas-Wilson Shannon, appointed by the Federal Government at Washington; and another, C. Robinson, who derives his gubernatorial powers from the Free State Convention, which assembled at Topeka. This is the same body that selected Messrs. Reeder and Lane as U. S. Senators. Shannon bears among the Free Soilers the appellation of "Border Ruffian Governor;" and Robinson is stigmatized by Douglass as a traitor, who ought to be hanged. On the 5th of March, the members of the Free State Legislature met and were sworn into office. Gov. Robinson's message is lengthy, occupying over eight columns of the Herald of Freedom. We subjoin a few passages :-

"It will be remembered that a skeleton of a government still exists in our midst under the Territorial form, and, although this was but the foreshadowing of a new and better covenant, collision with it should be carefully guarded against. A Territorial Government is transient in its nature, only waiting the action of the people to form a Government of their own. This action has been taken by the people of Kansas, and it only remains for the General Government to suspend its Territorial appropriations, recall its officers, and admit Kansas into the Union as a sovereign State."

Amongst the reasons given why the Territorial Government should be suspended are, that it is not a Government of the people, and that it is still an in strument of oppression and tvranny. It is alleged that every election has been carried by armed invaders from an adjoining State. The message proceeds:

"Not only is the Territorial Government the instrument of oppression and subjugation of the people, but under it there is no hope of relief. The organic act permits the Legislature to prescribe the qualification of voters, and the socalled Legislature has provided that no man shall vote in any election who will not bow the knee to the dark image of slavery, and appointed officers for the term of four years to see that this provision is carried out. Thus nine-tenths of the citizens are disfranchised and debarred from acting under the Territorial Government if they would."

The settlers of Kansas have suffered severe losses and injury from repeated invasions from a neighboring State, and it is highly proper that Congress be memorialized upon this subject. Especially should the General Government repair the injury it has inflicted. All the invasions have been permitted by the officers of the Government, without any opposition, while at least one was invited by them. It is the duty of the Federal Government to protect infant Territories in their rights, but Kansas has not only not been protected, but it has ship writes that on the night of the 24th inst., been actually oppressed by those whose duty it was to defend it.

It is unjust to any community to send among them officers, with government patronage, whose political sentiments are opposed to other disorderly proceedings transpired; for- the sentiments of the people, particularly tunately the audience escaped with their lives. when those officers mount the stump and shoulder the rifle, for the purpose of crushing out all who differ from them. Some of the federal officers of Kansas are charged with undigni-Smith, of Burnside township, was destroyed fled conduct, and one of them, at least, with high crimes, and it is the duty of the Legislature to memorialize the President, that our citizens may be protected in their lives and inalienable rights, and from unwarrantable interference of officials in the management of their internal affairs. It is manifestly improper for the federal officers to dictate into or out of Kansas an institution over which Congress professed to have no authority.

> It is understood that the Deputy Marshal has private instruction to arrest the members of the Legislature and the State officers, for treason, as soon as this address is received by you. In such an event, of course, no resistance will be offered to the officer. Men who are ready to defend their own and their country's honor with their lives, can never object to a legal investigation into their action, nor to suffer any punishment their conduct may merit. We should be unworthy the constituency we represent, did we shrink from martyrdom on the scaffold or at the stake, should duty require it. Should the blood of Collins and Dow, of Barber and Brown, be insufficient to quench the thirst of the President and his accomplices, in the hollow mockery of "Squatter Sovereignty" they are practising upon the people of Kansas, then more victims must be furnished. Let what will come, not a finger should be raised against the federal authority until there shall be no hope of relief but in revolution.
