IMPORTANT TO HOUSEKEEPERS AND FRUIT GROWERS. -- ARTHUR'S PAT-ent Air-Tight Self-Sealing Cans and Jars, for Preserving Fresh Fruits, &c.—This invention for which a patent has been obtained, commends itself to the attention of Housekeepers and others. on account of its great simplicity, and the effectual manner in which it accomplished a very desirable and useful object

The cans and jars are constructed with a chan nel around the mouth, nerr the top, into which the cover fits loosely. This channel is filled with a very adhesive cement, prepared for the purpose and allowed to harden. In order to seal the vessel hermetically, it is only necessary to heat the cover slightly, and press it into place. It may be opened with as much ease as it is closed, by slightly warming the top. The ordinary tin cans, used for the same purpose for which this is intended, cannot be closed, as is well known without the aid of a tinner; are difficult to open, and are generally so much injured in opening as to be useless for

future service.

By this simple contrivance, the process of herrectical scaling is placed conveniently within the reach of every individual; and fruit, vegetables and butter (if properly prepared) may be kept, with their natural flavor unimpaired, for an in definite length of time. For sale by

1. L. BARRETT,

THE NEW-YORK TRIBUNE, 1855-6,-The Tribune is now in the middle of its ff-teenth year, Vol. XV. of its weekly issue commen-ced on the 1st of September last. The American public need not now be made acquainted with character or claims to consideration. With but a subordinate regard for produces, policy and popularity, it has nimed to stand for Righeousness, anything but his bills of sale and notes-payable, who does not know and hate the TRIBUNE, there is not an extensive fabricator of grugged and poison-ons Liquers who does not consider it a very dangerous and immoral paper, and wonder whyite publication is tolurated in a commercial, cotton-buying City like New-York. The Newark Merca-cy once foreibly remarked that it had never known a hard, griping, screwing avaricious employer who was not hostile to the Tatauxe, nor one eminently generous and kindly who did notlike it! Prompt and plain-spoken in its denunciations of iniquity and abuses of power, whilst claiming no exemp-tion from human fallibility, it may have done temporary injustice to individuals, but it has never been unfaithful to Principle, nor deaf to the eries of the wronged and suffering. In its columns he advocates of novel and unpopular theories con-emplating the melioration of human woes, especially those of the voicoless and down-trodden, have ever found audience and hospitality; while t has already resisted, and will persistently comat, every attempt toproscribe and degrade any class because of diversities of Nativity, or Creed. In definace of calumnies the most atrocions, and of holtilities the most deadly and untrue, the Transung has grown steadily in public appreciation from the day of its origin. Its means of serving Instead of a single editor with one or two assistants, its organization now comprises a numerous body of writers—each fitted by special accomplishment and experience for the particular line of discussion to which his pen is devoted; the daily amount of reading matter given more than quadruples that of its earliest issues; a staff of valued correspondents encircles the globe, transmitting early and intelligent narrations of whatever is most worthy of attention; while Politics Legisle.

> Theology alone excepted—finds here the freest and most searching disscussion. Attached by profound conviction to the benificent policy of Industrial development and Internal Intercommunication whose most conspicuous champion through the last half-century was HES-RY CLAY-imbued, moreover, with the spirit of forbearance towards our weaker neighbors, and tow-ard the much wronged Aborigines of this Continent and of Peace with All which will ballow the name of Whig, the THEBUNE, while surrendering no jot of its proper independence co-operated ca nestly and ardently with the Whig party so long as its vitality was preserved. When in 1856-2 an attempt was made to interpolate slave-hunting into its creed, we steraly resisted that imposition; when at the close of the last Presidential canvass it was seen that a large portion of the Whigs preferred to defeat their own party rather than preferred to defeat their own party rather than allow its Anti-Slavery wing to share its triumph, even under a conservative Chief on a Pro-Slavery platform, we knew and proclaimed that the Whig party was no more. Subsequent events, including the rise and calumniation of the Know Nothing conspiracy, and the speedy absorption therein of the whole force of Pro-slavery Whigism, only con-firmed our undoubting anticipations. With no sickly lamentations, therefore, for the inevitably bygone, but with hope, and joy, and sympathy, and words of cheer, have we hailed the beginning and watched the progress of that mighty REPUB-LICAN movement which impelled by the perfidi-ous violation of the Missouri Compact, and stimulated by the astounding outrages whereof the rights of the Free Settlers of Kansas have been the victims—by repealed and utter vitiation of their elections by an armed mob collected by conspiracy and hurled sudd only upon them from the border counties of the neighboring Slave State, is destined to sweep away the landmarks of old party femis, and unite the true hearts and strong arms of the free-souled in one mighty effort to confine the scores and standal of our country within the the scourge and scandal of our country within the limits of the States which unwisely uphold it. To the success of this effort, the energies of the Tra-nunc will be sternly devoted; while the TEMPER-ANCE REFORM, including the entire suppression of the trafic in intexicating beverages, will find in it, as hitherto, an earnest and unflinching champion.
