AFFAIRS AT HOME.

CHURCH NOTICE .- On Sunday the 4th day of May next, the Rev. C. Diehl will preach his farewell sermon, at 11 o'clock in the morning, in the Lutheran Church in Clearfield Borough, and in the afternoon at 3 o'clock, at Kyler's Meeting house in Bradford township. N. B. In the morning, after service, an election for church officers will take place. April 28, 1856.

THE RIVER RAPTING &c .- The unusual quantity of water in the Susquebanna and its tributaries, has retarded rafting operations very much. A great number of rafts have passed this place last week but, we understand, had to the up between here and Lock Haven. The Lock Haven Walchman, of the 22d, says, that speculators, pilots, &c., are about in considerable numbers, but that nothing can yet be judged certainly as to the probable prices, though good square pine timber is held at eight, ten and twelve cents, and oak at fourteen; and that there is a good prospect that better prices will be obtained this year than last. The Middletown Gem, of the 23d, says, "the river is now too high for the landing of rafts. A number, however, landed last week at Portsmouth, and several passed through for the lower market.

The river is in good running condition now at this place. In fact, most, if not all, of the raits have passed down.

Gas Light .- One of our exchanges says :-"The New York gas company announce that after November 1st they will reduce the price of gas from \$3 to \$2,50 per 1,000 feet."

This reminds us of a proposition we heard speken of the other day to get up gas-works in Clearfield. It was said that a number of our citizens have already engaged, or agreed to have the light-giving air introduced into their houses. The Court House, Churches and Hotels will doubtless all have it; and if the works are got up without unnecessary expense for extravagant buildings, &c., doubtless it will make the stock of the company good, and add much to the conveniences of our town into the bargain.

BAD CONDITION OF BRIDGES. - Our supervisors of roads will find plenty to do in repairing the bridges over the small runs along the various reads through the county. We hear that many of the bridges are either entirely gone, or else in a situation to make it dangerous for horses to cross on them. The loss of a horse on such a bridge would make the supervisors or compsny owning the bridge liable for damages .-A hint, &c.

NEW OIL CLOTH .-- We observed the Odd Follows last week furnishing their Hall with a splendid oil-cloth carpet, which will add much to the neatness and comfort of the Lodge .-The goat will be kept in the ante-chamber hereafter.

For the "Raftsman's Journal." PLANTING TREES .- Mr. Editor :- I observed last week that a number of persons were ongaged in planting trees along the foot-walks, and was pleased to see them make choice of the sugar-tree. In my humble opinion, however, fruit trees would be more preferable .-Just for a moment imagine yourself standing, on a May day, at the head of Market street, looking down towards the river, and all along on both sides, hundreds of apple and peach trees, in full bloom, spreading their fragrance on the valley's air, and beautifying the town, and tell us it your opinion then don't coincide with mine. But further on in the year, let those trees be found bearing loads of delicious truit, and the charm will be still greater .-Strict borough laws could be enacted to protect the trees from the depredations of such aswould feel disposed to destroy them, and the may and moverary within with the convalue of property would be much enhanced by

TOMY PRIENDS IN CLEARFIELD COUNTY. With much reluctance I have to bid you adien. My sojourn with you, as a Missionary for upwards of three months, has endeared you to my heart, and I had fondly hoped to be buft to stay in this county the year out; buf it has been ordered otherwise. I have been called back to Harrisburg, to assist in editing and publishing our church organ, the Church Advocate." I endeavored to preach the truth aprougst you, and did so without money and without price," while the extreme personal kindness received at the hands of many of you was an abundant compensation. May the Lord bless you all. I shall endeavor to have another preacher sent in my place, as soon as one can be found who can be spared. Very affectionately yours, &c. J. F. J. A. ERODDIS, hog; Dear Sir—As I nock your slicing to self on consignment, no cure no pay." I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have re-

W S Conktin told me - I had taken nine bot-tles of Christic s Ague Balsan, and continually run down while using it until my lungs and liver were Congested to that degree that blood discharged rom my mouth and bowels so that all thought it appossible for me to live through another chill The doctors too did all they could for me, but the I must die. Nothing did me any good until I got Rhode's Pever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a

ermanent cure in a short time. H. M. Conklin says: "I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifies without any good result, from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of Rhodes Fever and Aguse Cure, which effected a permanent cure by using two-thirds of a bottle."

ing two-thirds of a bottle."
S. M. Conklin was not here, but both the other brothers say his case was the same as H. M's. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity,

cure was as speedy from the same small quantity, and I might so specify. Yours with respect.

A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me. One thing more, last year I had occasion to caution the public in these words:—'I notice one firm who have taken one of my general circulars, substituted the manse of their nostrone for my medistituted the name of their nostram for my medi-eine; and then with brazen impudence end their pamphlet with the exclamation. Let the proprietor of any other medicine say as much if he dares be Now I take pleasure in saying that the caution referred to the same "Dr Christie's Ague Balsam"

that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Anti-dote to Malaria, except the cartificates of cures, and the certificate of the celebrated Chemist, Dr. James R. Chilton of N. Y., in favor of its perfectly hormless character, which is attached to every bottle. These will always serve to distinguish my medicine from imitations JAS A RHODES, apr23 58-3m Proprietor, Providence, R. I.
