APPAIRS AT HOME.

TYRONE & CLEARFIELD RAILROAD .- A meetdent, John T. Mathias, David J. Pruner, A. G. Curtin, C. R. Foster, J. C. Williams, J. B. Graham, Jon. Boynton, G. L. Reed, John Patton, J. T. Leonard, L. J. Crans, and Edward Perks, Directors; Josiah W. Smith, Treasurer; James E. Montgomery, Engineer; and William Bagshaw appointed Secretary of the Board. By a reference to an advertisement in to-day's Journal, it will be seen that the engineer is to proceed to the immediate location of the road, and that five dollars on each share is to be paid to the Treasurer within thirty days. This looks like going to work with the right kind of spirit, and no doubt can any longer exist that this railroad will be pushed forward to a speedy completion. Of this we are the more fully convinced when we take into consideration the fact that the individuals who now have the control of it, are men of undoubted business capacity, indomitable energy and unfaltering perseverance.

ATTENTION is directed to the various new advertisements which appear in to-day's Journal. Dr. M. Wood offers his professional services to the citizens of this place and neighborhood. D. O. Crouch, physician, has located himself in Curwensville. Milo Hoyt offers his farm, a mile and a half from this town, for sale. A notice relative to the estate of Philip Davis, dec'd, as well as several other notices, will also be found among the new advertisements.

SPECIAL NOTICE .- There are quite a number of accounts standing open for the first year's subscription to the Journal. We would respectfully suggest that these be settled during the ensuing Court week. Payment is to be made to the present proprietor. A considerable number of our patrons have paid us for the present volume, for which we tender them our thanks; and we would be pleased if as many as possible would during next week come and "do likewise." Roll in gentlemen-don't be afraid-glad to see you.

HANDSOME BOQUET .- We were, a few evenings since, the recipient of a handseme boquet from some fair incognita. We tender her our warmest thanks, and can assure her that our heart was in a state of great commotion for some hours after its arrival. Who wouldn't be an editor, when boquets, wedding cakes, | Stephen Gran the smiles of beauty, and all that sort of thing, are showered upon him?

THE FRUIT PROSPECTS, in this section of country, are very poor so far as relates to peaches and plums. The peach trees were nearly all killed by the severe cold of the past | George W. Long, winter, and many of the plum trees met with a similar fate. The apple trees, we believe, are not injured, and will probably produce their usual quantity of fruit.

New Goods .- W. F. Irwin has received an extensive stock of Seasonable Goods, which he offers to the public on the most reasonable terms. Those in need of articles in his line would do well to call zoon, as they are passing off rapidly. See advertisement.

the Washingtonian Temperance Society, has requested us to state, that a Quarterly meeting will be held at the Court House on Monday evening, May 19th. A general attendance is requested. Addresses will be delivered.

ACCIDENT .- A small son of Mr. Hisey, of Lawrence township, fell from a hay-loft, on last Sunday a week, broke his collar-bone and dislocated his shoulder. It is feared that the fractures are so severe as to place them beyond successful surgical treatment.

MAT PARTIES .- Notwithstanding that "winter lingering, chills the lap of May," the young folks of this place have resolved to indulge in the pleasures that are peculiar to "the merry month." Several parties, we understand, are to come off during the present week.

THE ROADS, which have been in a very bad condition for some weeks, are improving a little under the influence of sunshine and wind. They are, however, yet far from being pleas-

Hotloway's Ointment and Pills the best Remedies for the cure of female complaints .- The extraordinary effect these Pills have upon all complaints incident to females, would appear incredible, if it were not confirmed daily by the wonderful cures they effect. It is an unquestionable fact, that there is no remedy equal to themfor exterminating suffering from the softer sex; particularly young girls entering womanhood, are requested to give them a trial.

Nothing did me any good until I got Rhode's Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a

The above speaks for itself. Good proof as it is it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me. One thing more.
