AFFAIRS AT HOME.

VALUATION OF REAL AND PERSONAL PROPER-TY IN CLEARFIELD COUNTY .- By a reference to a statement of the Commissioners, published in to-day's Journa!, it will be seen that the total amount of real and personal property in this county is valued at \$1,508,476. Of this, \$782,616 is scated property, and \$490,433 unscated. The value of horses, cows, &c., is put down at \$147,926; carriages, buggies, &c., at \$8,656; money at interest \$25,228; watches \$2,793; and trades and occupations at \$60,-864. The total number of taxables in the county is 3,971. The table is an interesting and valuable one, and undoubtedly required a great deal of time and labor to prepare, and the clerk deserves praise for the manner in which it is got up.

May Parry.-The pupils of the Clearfield Institute, under the superintendance of Mr. and Mrs. Campbell, went a May-ing on last Thursday. One of the young ladies, chosen by her companions, was crowned as queen and seated upon a rustic throne erected amidst a cluster of beautiful pines. During the course of the afternoon, ample justice was done by scholars and guests to a sumptuous repast prepared for the occasion. Youth, beauty, and some farther advanced in years, met together, and altogether it was an enlivening scene, and calculated to raise grateful emotions in the heart of the beholder. Everything passed off pleasantly, though the party were compelled to disperse early in consequence of a shower of rain. We tender our thanks for the delicious cake which was sent us.

MANUAL OF ARTS AND OCCUPATIONS .- Got up and prepared with great care and expense by C. JEFFRIES, M. D .- We have been favored by the author with a copy of this work. It is a compilation of valuable, practicable recipes, designed for general use. The book has been prepared at a heavy expense, the manuscript copy alone having cost over \$700. It gives directions for imitating the grain of wood, marble, &c., how to prepare paints, cements, to make inks, cleansing compounds, syrups, &c., &c. Price \$1. The book can be procured by remitting the price to C. Jeffries, M. D., Jeffries P. O., Clearfield Co., Pa.

Mossor has just received an abundance of new goods, for spring and summer wear. His stock is extensive, and selected with an especial view to the wants of this community. Persons wishing to purchase seasonable goods at low prices, should give him a call. He has also an extensive assortment of Ready-made Clothing, which he will sell very cheap.

Cook's PREMIUM COMMERCIAL INK .- The lovers of good writing ink, will find this an excellent article. It flows freely, and after being on the paper a few moments assumes an extremely dark east. We are using some of ft now, and find it to be a prime article. It can be procured of Mr. John S. Hoyt, of Lawrence township.

THE RAZOR POWDER MAN, is in town, haranguing, telling stories, singing songs, and selling any quantity of his powder, liniment, &c. He is a genius in his own peculiar way. His paste and pain extractor can be procured at C. D. Watson's Drug Store. Attention is directed to his advertisement in another column of to-day's Journal.

Robbins has received a stock of new books of various kinds at his Literary Depot, opposite the Journal office. Give him a call.

California .- The steamer George Law arrived at New York on the 16th with San Francisco mails of the 21st April. Heavy rains had fallen throughout California, which had given mining operations a new start. The grain crops promise a most abundant harvest. Business at San Francisco was dull. Flour was selling at \$11, being a decline of \$2.50 a barrel. Other leading articles had also declined. A large fire had occurred at Placerville on the 16th-loss \$50,000. A dreadful accident occurred on the Panama Railroad, by which over thirty persons were killed and fifty wounded. The train that was wrecked consisted of nine cars, containing 900 passengers. No further riot difficulties had taken place at Panama.

A HUMAN LIFE SAVED! Dowagiac, Mich., March 11, 1856. J. A. RHODES, Esq : Dear Sir-As I took your medicine to sell on consignment, "no cure no pay,"
I take pleasure in stating its effects as reported to
me by three brothers who live in this place, and their testimony is a fair specimen of all I have re-

W. S. Conklin told me-I had taken nine botties of Christie's Ague Balsam, and continually run down while using it until my lungs and liver were Congested to that degree that blood discharged from my mouth and bowels, so that all thought it mpossible for me to live through another chill .-The doctors too did all they could for me, but the't I must die. Nothing did me any good until I get Rhode's Fever and Ague Cure, which at once reved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permunent cure in a short time.

H. M. Conklin says : "I had been taking medi-ine of as good a doctor as we have in our county and taken any quantity of quinine and specific without any good result, from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of Rhodes' Fever and Ague Cure, which effected a permanent cure by using two-thirds of a bottle. S. M. Conklin was not here, but both the other prothers say his case was the same as II. M's. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify. Yours with res

A HUNTINGTON.
The above speaks for itself. Good proof as it is. is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.
One thing more. Last year I had occasion to caution the public in these words:—"Instice one firm the have taken one of my general circulars, subtituted the name of their nostrum for my medi-ine, and then with brazen impudence end their mamphlet with the exclamation, Let the proprietor any other medicine say as much if he dares 'Ac Now I take pleasure in saying that the caution referred to the same "Dr.Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the certificates of cures. and the certificate of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its perfectly harmless character, which is attached to every bottle. These will always serve to distinguish my medicine from imitations. JAS. A.
